

# Drama

This is Burravoe School in drama. They are doing buzzy bees, buzzy bees is when you have to look like a shape beginning with the letter that someone shouts out like for an example if someone shouts out the letter B you would have to make a shape beginning with B like balloon or Bradley. They are waiting for the letter to be said while they are waiting for the letter to be said they buzz around like bees.

They did other warm ups like being a monkey. They had to walk into a space and if you see someone then they have to go in to a different direction.

On a Tuesday they did drama and the whole school joined in. First they all warmed up and to warm up they all stretched and dropped our wrists and then our elbows and then our arms and then our head then our upper back then our lower back and then they made monkey noises and movements. They came up slowly and our heads up last. That's what they do every week when Sian is here. The second week of drama they sat in a big circle and they all told a story on an old man that lives on a mountain. He had a rabbit. One day he lost his rabbit. He is sad that he can not find his rabbit. He is happy that he found his rabbit the old man gives the rabbit his toy. He is happy with his toy.

This is a picture of a group. One person is a rabbit and one is the shop keeper. All of them did freeze frames. Every body had to guess what seen the group did about the story. They did did the bit when the old man and the rabbit went to the shop.

At the end of drama they all got certificates. This is everyone getting certificates from Sian. This is them getting there certificate.
