

For Pupils

Careers Support from Skills Development Scotland

Careers support is available to all pupils at the Anderson High School.

Our Careers Advisers are in school every day and work with pupils to help them explore their strengths, interests and future opportunities. Support is available whether you already have a career idea in mind or are just beginning to think about your next steps.

You can get help with:

- Exploring careers, courses and pathways
- Subject choices and future planning
- CVs, applications and personal statements
- College, university, apprenticeship and employment options
- Interview preparation
- Finding information about jobs and training opportunities

Need careers support?

You can request a careers appointment at any time using the online appointment form: [Book your careers appointment](#). You can also arrange an appointment through the school office or Pupil Support.

Parents and carers are welcome to attend appointments if you would like them to.

For Parents

Careers Information for Parents and Carers

Anderson High School works with careers advisers from Skills Development Scotland (SDS) to provide careers information, advice and guidance for secondary pupils, with an adviser visiting the school on a regular basis.

The Careers Adviser supports young people to develop the skills, knowledge and confidence needed to make informed decisions about learning, training and employment. Support is available to all pupils and is tailored to their individual needs and aspirations. Careers activities take place throughout the school year, including group sessions, careers events and one-to-one appointments.

Parents and carers play an important role in career planning and are welcome to attend careers appointments with their child. If your child would benefit from careers support, they can request an appointment using the online form: [Book your careers appointment](#). Appointments can also be arranged through the school office or Pupil Support.

Careers guidance can help young people to:

- Understand their strengths, skills and interests
- Explore the range of opportunities available to them
- Make informed subject and pathway choices
- Plan their next steps after school
- Develop confidence in managing their future career journey

For further information about careers services and resources, please contact the school or the Careers Adviser.
