

## PRIMARY ONE HOME LEARNING GRID – 05.01.25

### Sound Hunt

We have learnt the following sounds:

**S, a, t, p, i, n**  
**C, k, e, r, m, h, d**  
**G, o, u, l, f, b**  
**Ai, j, oa**

Can you find something in your house that begins with these sounds?

### Number cards

Make number cards from 0-20. They don't have to be fancy – scrap paper will do! Can you make a number line? If an adult takes one away without you looking, can you tell them which one is missing? Can you identify the smallest and biggest number out of a selection of 5 cards?

### Snowball Toss

Draw a circle in the snow. Make lots of snowballs. Stand back and see if you can toss your snowball into the circle. You can also use some food colouring to make the circle a target and see if you can hit the colours.

### Find a Number

Click on the link below:

<https://www.topmarks.co.uk/learning-to-count/blast-off>

Play 'direct, 10 to 20'

We use this maths games website in class. Feel free to choose another game!

### Cosy book reading

Make a cosy reading nest, in your room or on the sofa. Pick your favourite book, get cosy and share it with an adult or older sibling.

Can you retell the story after you've read it, without looking at the pictures?

### Make a snowman!

Draw a plan for your snowman. Add as much detail as you can: How many buttons will it have? What kind of hat will it have?

Then wrap up warm and go make him!
