

😁 Music Reporters Assignment 😁

This week, your task is to phone a family member or friend who doesn't live with you and ask them about the first song they ever bought.

Step 1

Choose a person to interview, give them a ring and ask them about the first song or album they remember buying. Write down your answer on the next page, or ask an adult to help you write it down.

Step 2

Listen to the song and think about how it makes you feel. Draw some expressions on the face on the next page to show how it makes you feel e.g happy or sad.

Alternatively, you could record yourself talking about your answers if you prefer.

Good luck reporters!
