

Identify....

Please label all garments. Name tags are available from My Clothing @ £4.80 or initials on the label of garments can help us identify whose is whose.

There are various other items available on the MyClothing website including PE bags and school bags.

Swap Shop

The school keeps a supply of items which children have outgrown. These are put out on Parents Evenings and different events to encourage parents to swap items. This should help keep the cost down for parents.

We hope to see everyone wearing school uniform when possible and most particularly when going on outings and when having class photos taken.

The school receives a 5% donation on all purchases

Lunnasting Primary School

uniforms are available from:

<https://myclothing.com/>

Lunnasting has a uniform of navy sweatshirt and white or light blue polo shirt with school name and logo. These, school jackets and bags, are available from 'My Clothing'. Details and prices, as at May 2023, are included overleaf. You may find polo shirts without the school logo cheaper elsewhere and these are acceptable.

This should be worn with plain, dark trousers or skirt. Any sensible non-marking footwear may be worn.

We would encourage all children to come to school wearing uniform. We believe that a uniform has several advantages – it gives pupils a sense of identity with the school, it makes everyone equal as far as dress is concerned, saves parents the "what can I wear?" argument in the morning, it looks smart, contributes to a positive ethos, helps discipline and makes it easier to identify pupils on a school trip.
