# Social Studies - The 90s

As this year is the school's 30 years anniversary, we will be looking back at the 1990s.

We will be learning about:

- The major events of the decade and how they affected Scotland and the world.
- what life was like for young people in the 90s. We will look at the similarities and differences between life now and then.
- how to use the internet to find information, using different sources.
- how to use a search engine on the internet to find the correct information.
- Organising  $30^{th}$  anniversary party for the community. Curriculum links: SOC 2-04a, SOC 2-06a, TCH 2-01a, TCH 2-02a

# Numeracy and Mathematics

#### Length

P5 - Metres (m), centimetres (cm) and millimetres (mm)

We will use a variety of tools,
e.g. ruler, metre stick, measuring tape,
to help us measure different lengths:

P6 - Millimetres (mm), metres (m), centimetres (cm) and kilometres (km)

- We will use the common units of measure to convert between related units of the metric system
- We will estimate different lengths

P7 - Millimetres (mm), metres (m), centimetres (cm) and kilometres (km)

- We will use the common units of measure to convert between related units of the metric system
- We will estimate different lengths
- We will solve different real-life problems in length

### 2D Shape

- We will learn how to identify, name and draw different 2D shapes
- We will look at, where we can find different shapes in the world around us.

(We will do this at different levels.) Curriculum links: MTH 2 - 16a, MTH 2 - 16b, MTH 2 -16c
