<b>Topic</b>	<b>Houses and Homes</b> -We are starting a new topic learning about houses and homes, nearby and in far away places. -Look at the Powerpoint sent to your GLOW email address and find out the names of different types of homes and houses. Then go for a walk with a grown up near where you live and look at the houses you can see. -You could take some photos and email them to us or draw them in your topic books. Make sure you label them with the type of house they are, for example detached, terraced etc. You could also try and say what they are built of.

What does it feel like to breathe and move like three animals?</li><li>5. Now imagine all the animals disappear. You are still there invisible. What does that feel like? Where does your breath go when you are invisible?</li><li>6. When you are ready, open your eyes and notice your own body again.</li></ol>
