#### Religious and Moral Education (RME)

#### Noah's Ark

Check your glow email for the Noah's Ark power point presentation and word mat. Use your RME jotter. Watch the power point with a grown up and talk about it.

Read the words on your word mat aloud. Write about how you think Noah would have felt when he was told he had to build an ark. Think about all the challenges Noah would have faced:

- finding building materials
- getting all the animals together
- looking after everyone on the ark
- being at sea for long time

Draw a picture of your own ark and remember to include the animals! Is there anything else you would include in your ark if you were making it today? Explain why this might have made life easier in the ark.
