

## Homework Task: Amazing Animals!

**Topic:** Animals

**Due Date:** Week beginning 2<sup>nd</sup> March

---

### Your Task:

Choose an animal that interests you — this could be:

- A wild animal from anywhere in the world
- A local animal you might see nearby
- An endangered species
- A favourite pet or domestic animal

Your job is to *teach others all about this animal* in a creative and engaging way!

 **Presentations should be kept under 10 minutes.**

---

### You can choose how to present your work:

Pick one of the following (or suggest your own idea!):

-  Create a fact-filled newspaper page about your animal.
-  Write and perform (or script) a short report about your animal's life.
-  Design a poster or timeline showing important facts or stages of its life cycle.
-  Write a diary entry from the point of view of the animal.
-  Make a mini documentary or digital presentation (slides, video, or audio).
-  Make a TikTok-style video using slides, pictures, and information.

Be creative and think of fun ways to share your learning!

---

### Include in your project:

- What your animal looks like.
  - Where it lives (habitat).
  - What it eats (diet).
  - How it survives (adaptations/behaviours).
  - Why it is important or interesting.
  - Your personal reflection — What surprised you the most?
- 

### Success Criteria:

- ★ Clear understanding of your chosen animal.
- ★ Creative and engaging presentation.
- ★ Well-organised facts and information.
- ★ Effort and originality
