

Reading

You will be given a new reading book every Monday. Some groups may get a second book on a Thursday.

The book should be brought back into school each day so we can do reading in class.

You can decide how best to spread the pages out over the week but please ensure that reading is practised regularly.

Spelling

Your weekly spelling words and suggested activities can be found on Teams. I will also put a paper copy of the lists for the term into homework folders this week.

Teams – Assignments

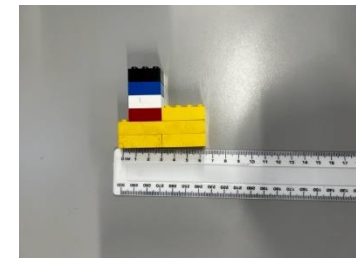

Please write out your spelling words twice and choose an activity from the spelling activity grid to help you learn your words. Spelling words will be checked in class every Friday, so please ask an adult to help you practise the words throughout the week. You can also make up a different way of learning your spelling words if you have any ideas of your own.

Numeracy

This week we are going to explore measurement within our maths.

At home, use a ruler to measure different objects. Talk to your parents about how long the item is, which numbers does it reach on the ruler?
Can you have a go at writing the different measurements down?

*Please let Mr Summers know if you need to borrow a school ruler to complete the task.
