

Reading	Numeracy
<p>You will be given a new reading book every Monday. Some groups may get a second book on a Thursday.</p> <p>The book should be brought back into school each day so we can do reading in class.</p>  <p>You can decide how best to spread the pages out over the week but please ensure that reading is practised regularly.</p>	<p>Have a go at this measurement game, see if you can find out how many cm each item is. Measuring in Centimetres (topmarks.co.uk)</p> <p>Can you find some similar items to measure in your house? Remember to use the correct side of the rulers when measuring.</p> 
Spelling	Number Notion Packs
<p>Your weekly spelling words and suggested activities can be found on Teams. I will also put a paper copy of the lists for the term into homework folders this week.</p> <p>Teams – Assignments</p> <p>Please write out your spelling words twice and choose an activity from the spelling activity grid to help you learn your words. Spelling words will be checked in class every Friday, so please ask an adult to help you practise the words throughout the week. You can also make up a different way of learning your spelling words if you have any ideas of your own.</p> 	<p>We will be using the Number Notion packs again this term. Work your way through the grid of activities. Please look after the pack at home and we will ask for them to be handed back to school at the end of term.</p> <p>We suggest at least one activity a week.</p> <p>You can write on the sheet and tick off the activities that have been completed.</p> 

If you have any queries about your child's home learning, please contact the class teacher via their GLOW email accounts: gw22summersrichard@glow.sch.uk
