

# Primary 1 Snow Day Activities

## Maths

### Length!

Use random objects from around the house to measure different parts of the body. First estimate then measure... For example, how many shoes long is my leg?

How long am I in spoons?

## Phonics

### I spy...

Play I spy using the beginning sounds. For example, "I spy with my little eye something beginning with s".

### Sound hunt

Choose a sound, how many things can you find in the house or outside that start with that sound.

## Handwriting

Practice writing numbers, letters and words in the snow. Can you write the big and small?

Or if its too cold practice writing them in floury surface indoors!

## Writing

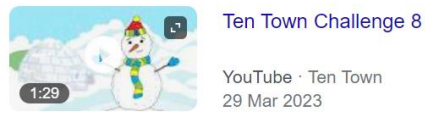

Draw a picture of your favourite thing you have done during the snow days! Write a sentence or a couple of words to go with your picture!

## Science

### Eric 8 is Melting!

Youtube : Ten Town Challenge 8

Make two snowballs, place them in two separate bowls. Put one bowl in a cold place and the other in a warm place. Time which one melts the quickest!

## Outdoor fun!

### Eric 8 is lonely!

Make a new snow friend for Eric 8!

Take a photo to share with the class next week!

## Reading

Choose a story to read at home with an adult.

Is there any rhymes in the story?

Can you make up some rhymes to match some of the words?

Is there tricky words? (I, the, no, go)

## Guided Drawing

Youtube: Draw with Rob

Choose a picture to draw. Listen carefully to the instructions!
