School Laptop Guidance

Starting up and Connecting to the Internet
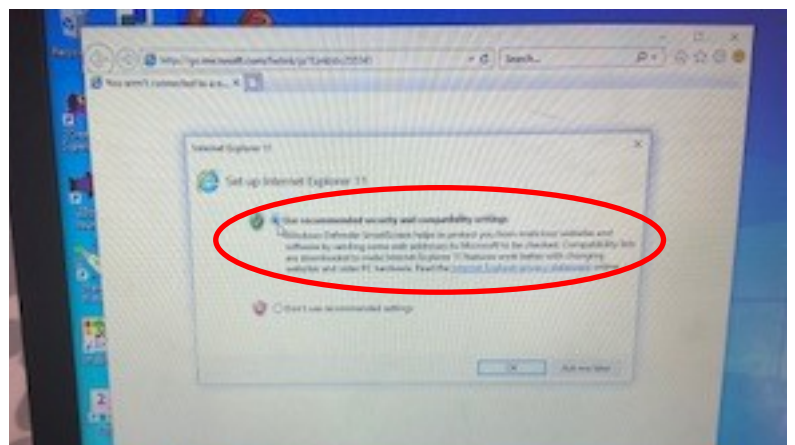

**Step 1 -** Turn on your laptop and you will see 'Please wait'

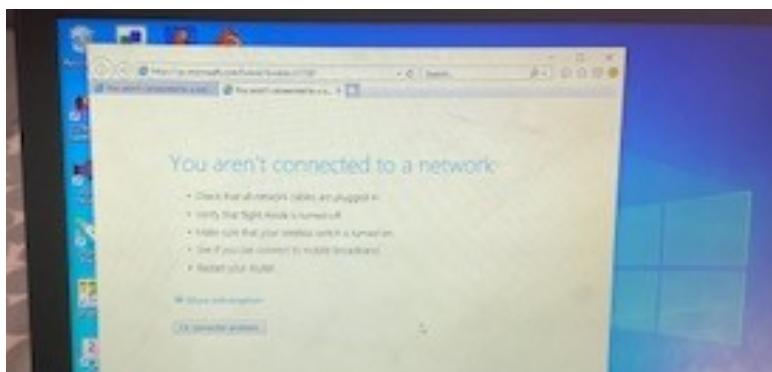

Step 2 - This is the desktop you will see.

Step 3 - This message will appear.

Click the green box - 'Use recommended security and compatibility settings'.
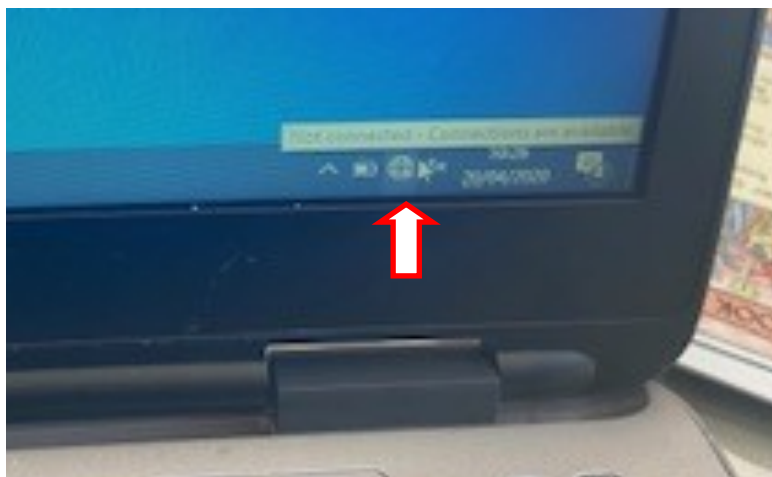

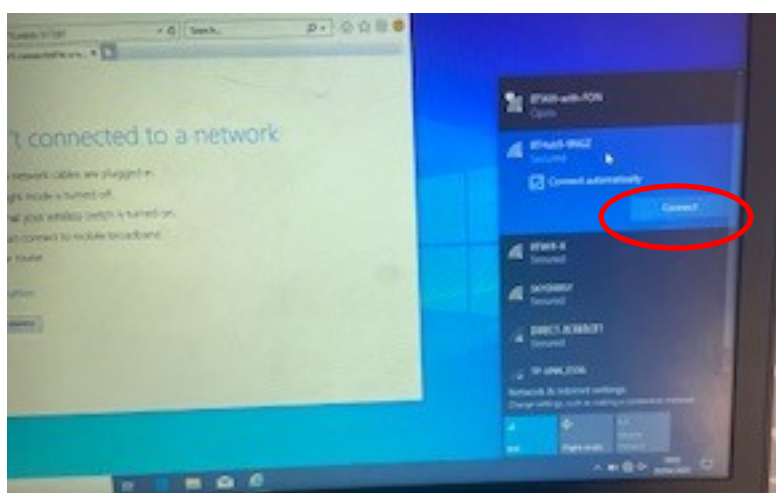

Step 4 - Click ok to move on.

Step 5 - This message will appear. 'You aren't connected to a network'.

Step 6 - Click on the circle at the bottom right of the screen next to the battery symbol.

Step 7 - Select your wifi from the list and connect.

You should now have internet access so your child can log in to Glow and use Microsoft Teams. Please contact us if you have any queries—email sound@shetland.gov.uk
