1. Chairperson Report

Alicia praised the strong turnout for the AGM and highlighted the need for full representation across all classes which was achieved tonight.

Fundraising events held throughout the year were a great success requiring very little outgoings to generate significant income. These events were a great benefit to the school and the local community as a whole.

Some damage occurred to equipment at the end of term bash but a resolution was reached and the parent council paid £20 in damages.

The news that Lesley will be continuing for another year was very positively received and more collaboration between the school and the parent council was said to be key for the coming year.

2. Treasurer Report
