

This is about . . .

You! . . .

*The National
Improvement Framework*

We all need to work together . .

***Be everything
you can be***

To make sure that you
get the chance to be
everything you can be

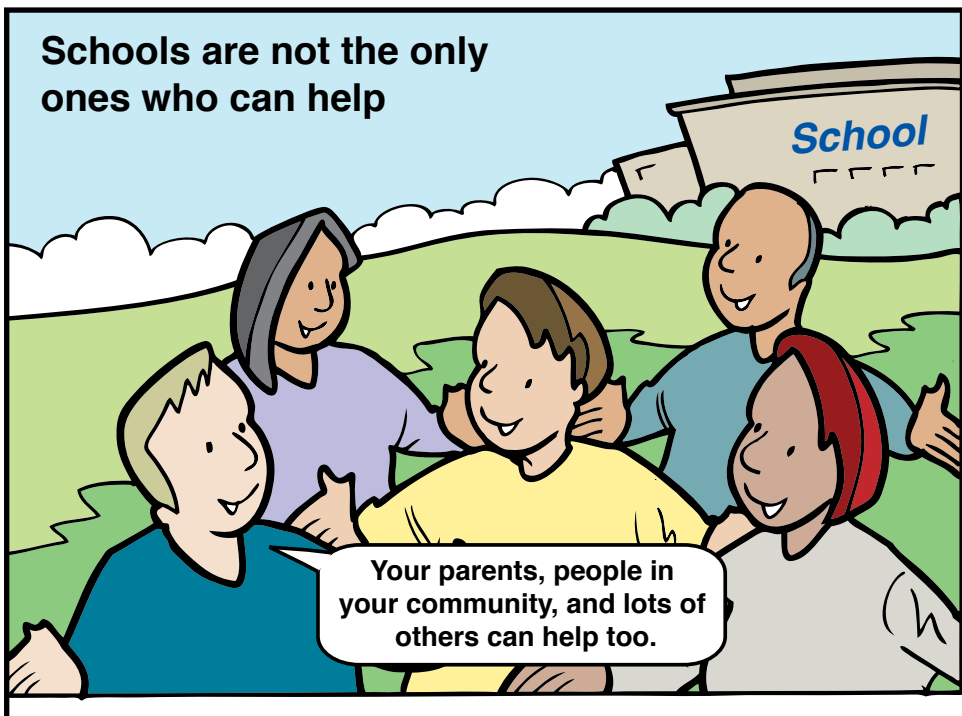

Me!

Schools are not the only
ones who can help

School

Your parents, people in
your community, and lots of
others can help too.

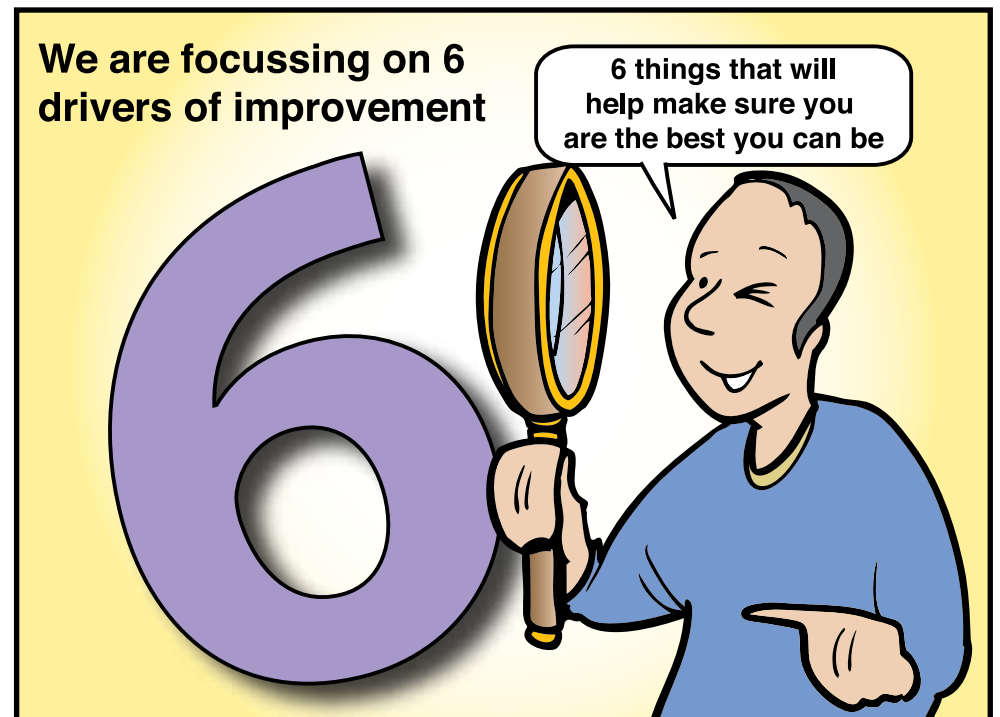

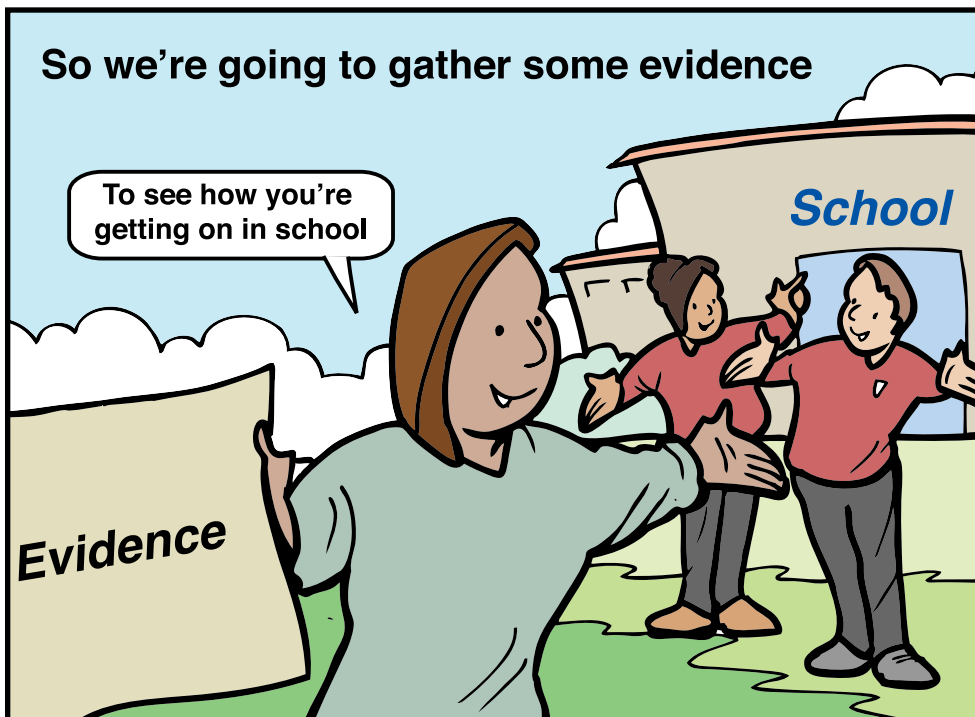

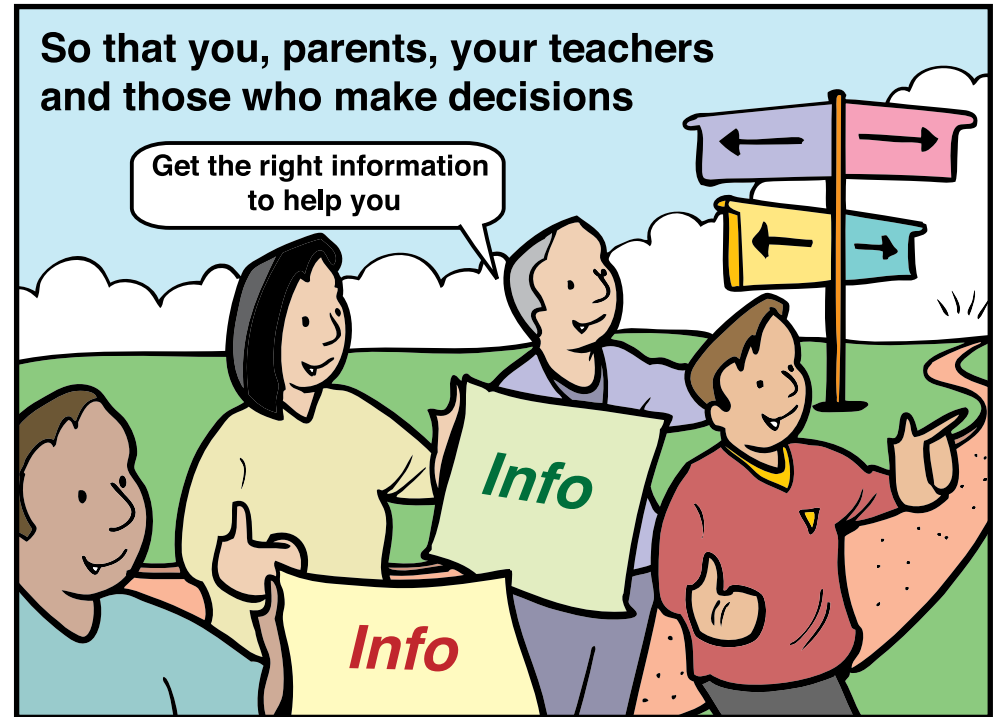

But we need a better way of finding out
what we need to know . .

?

How well
our schools
are doing

How well
our schools
are doing

Driver 1 is School improvement

It's all about making sure schools know what they need to do to be the best they can be for you

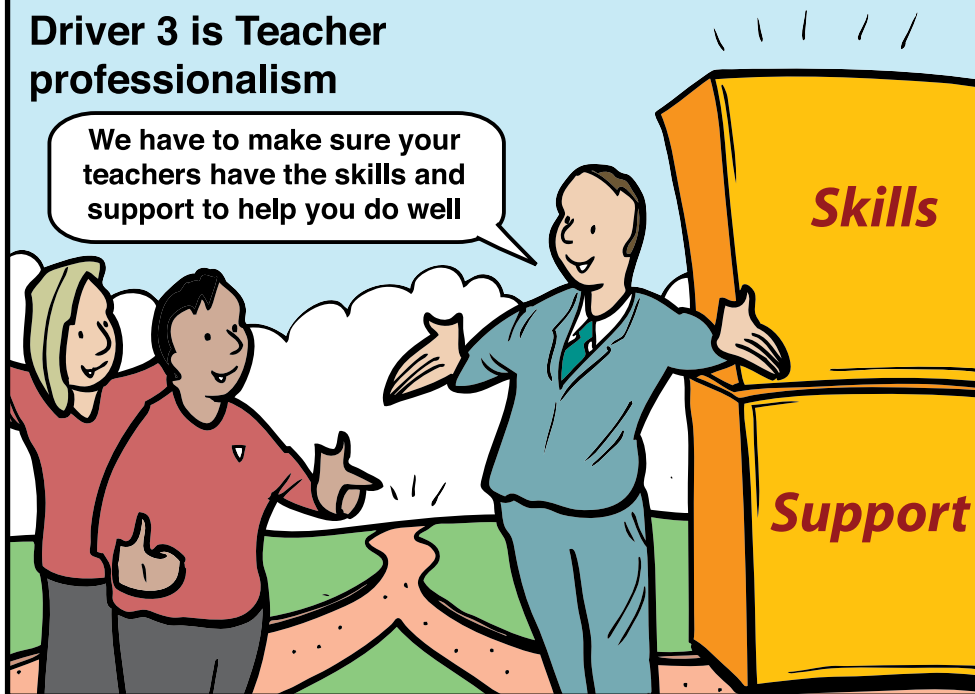

Driver 2 is School leadership

We have to make sure that everyone in your schools are leaders and make the right decisions to help you do well and help improve the school

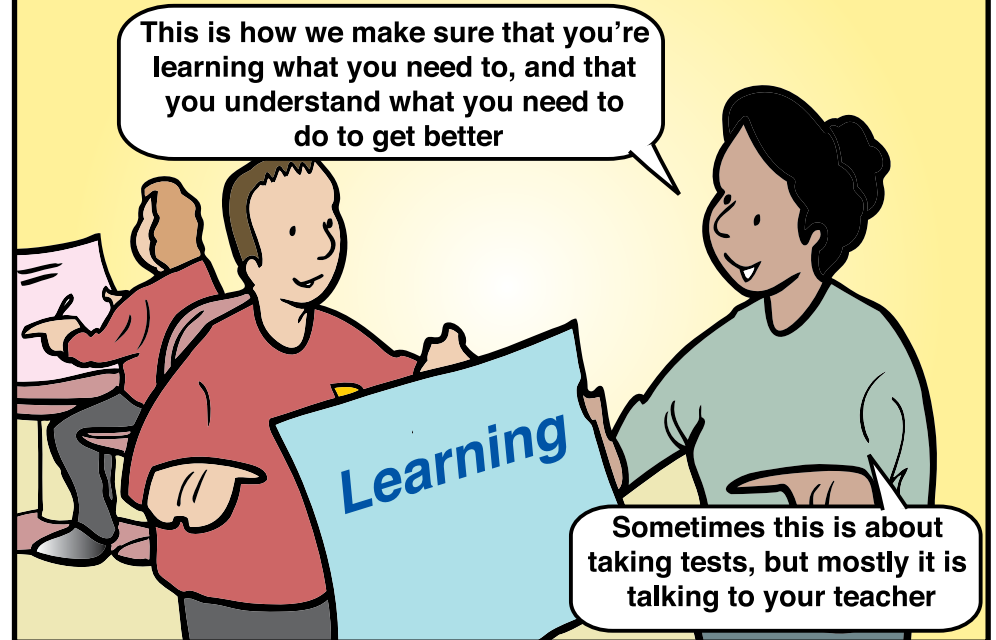

Driver 3 is Teacher professionalism

We have to make sure your teachers have the skills and support to help you do well

Driver 4 is assessment of children's Progress

This is how we make sure that you're learning what you need to, and that you understand what you need to do to get better

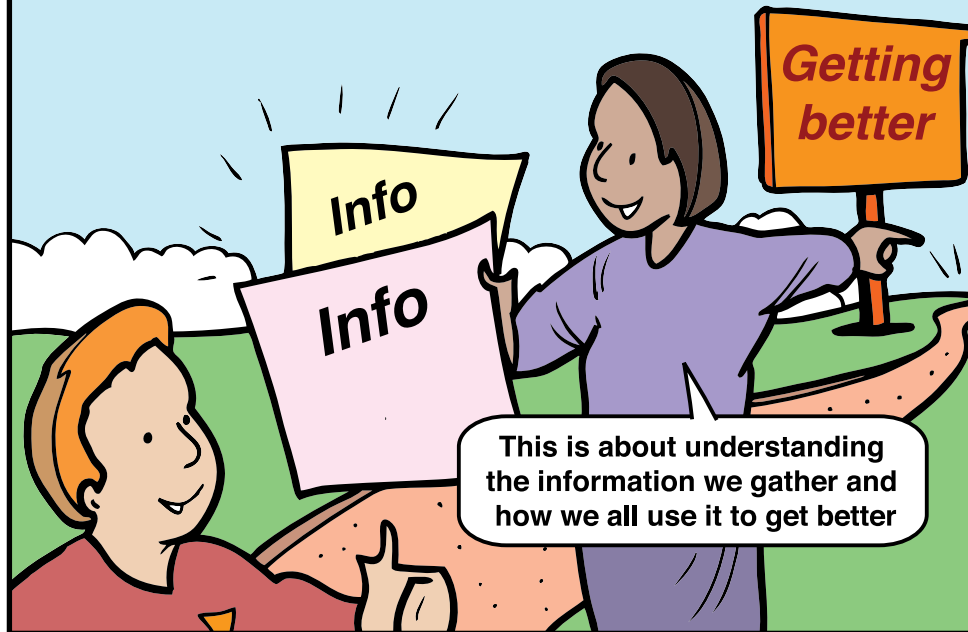

Sometimes this is about taking tests, but mostly it is talking to your teacher

Driver 5 is Parental engagement

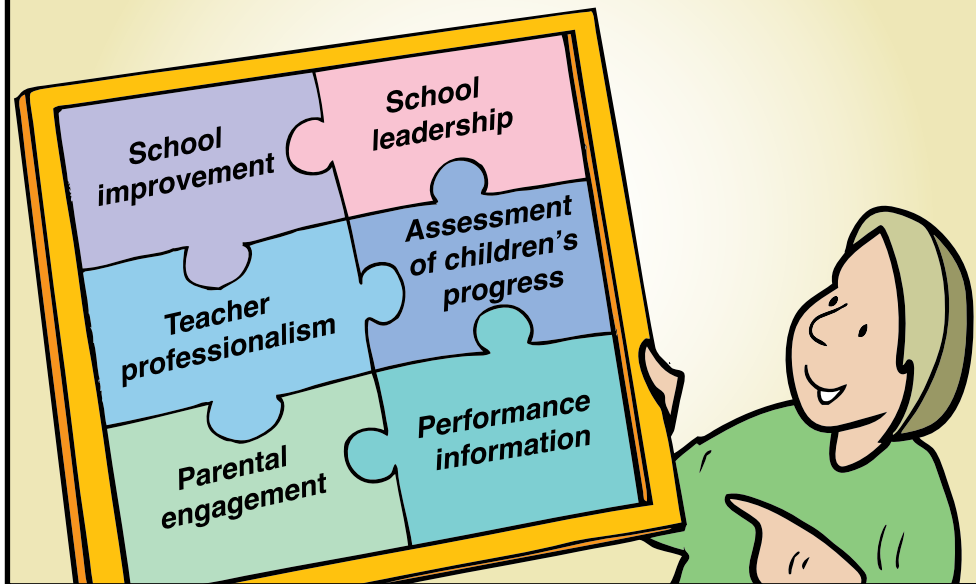

We want your parents to know how you are getting on in school so they can support you as much as possible

Driver 6 is Performance information

All of these things are part of the National Improvement Framework...

...which is all about you
