

Whiteness Primary School Improvement Plan 2016 / 2017

Monitoring and Tracking in Reading.

To increase pupil awareness of success criteria they need to achieve in order to improve their reading.

Developing teaching strategies to support mental maths agility.

To develop teacher confidence in using mental maths strategies in order to improve pupils' mental maths agility.

Working with parents to develop Relationship, Sexual Health and Parenthood (RSHP) education.

To make sure pupils receive relevant and timely information about RSHP education. For school and parents to work in partnership to design and deliver RSHP education.

Assessing progress in reading - involving learners more effectively.

To enable pupils to share what they have achieved in Reading. For them to know their next steps and for families to understand how they can support reading at home.
