

# Whiteness Early Years Improvement Plan 2023 / 2024

## Monitoring and Tracking (M&T) Cycle

Ensure all staff use consistent approaches to the M&T cycle

- Parents, children and staff have a clear understanding of children's strengths and areas to develop.
- Improved staff confidence when making judgements.
- Parents and carers are confident the setting is meeting their child's needs.
- Parents and carers are partners in their children's learning.

## Environment

Ensuring high quality learning opportunities are provided throughout the ELC setting

- Children have access to a high quality environment that is thoughtfully arranged, accessible, has a balance of indoor and outdoor provision and creates opportunities.
- Staff refer to Realising the Ambition to support this development.
- Parent and carer's views are valued and acted upon.

## Family Learning.

Developing a culture of learning through purposeful play from Early Years to P7

- Improved social skills.
- Improved co-operation and teamwork.
- Using Magic Mirror tools.
- Experience enjoyment in learning.
- Acquisition of vocabulary and problem solving skills.
- Application of new skills acquired
- Leading learning, presenting evaluating, reviewing and adapting.
