Standards and Quality Report 2024 & School Improvement Plan 2024-2025

This report covers the session 2023-2024. It is produced as part of the process of school self-evaluation. It will also contribute to the overall authority and national perspective on standards and quality.

Introduction

Shetland Islands Council is committed to delivering the best possible outcomes for children and young people so that they have the best start in life and are ready to succeed by following the principles of Curriculum for Excellence, the National Improvement Framework, Getting it Right for Every Child (GIRFEC), and Developing the Young Workforce.

We want to know how well we are doing this and how we can improve. We are continuously evaluating what we do and how it makes a difference to our learners. We have been asking ourselves – staff, pupils, parents/carers, and other partners – the questions contained in this Standards and Quality Report. Our self-evaluation – involving staff, pupils, parents/carers, and other partners – is in the pages that follow, along with our main improvement priorities for session 2023/24. This report is based on the quality indicators in *How Good is Our School?* 4th Edition (2015) and *How Good is our Early Learning and Childcare?* (2016) and on the priorities and drivers of the National Improvement Framework.

The current National Improvement Priorities are:

- Placing the human rights and needs of every child and young person at the centre of education
- Improvement in children and young people's health and wellbeing
- Closing the attainment gap between the most and least disadvantaged children and young people
- Improvement in skills and sustained, positive school-leaver destinations for all young people
- Improvement in attainment, particularly in literacy and numeracy.

The National Improvement Drivers are:

Context of the

school

Whiteness Primary School is approximately 10 miles west of Lerwick, the main town in Shetland, and serves the districts of Whiteness, Weisdale and surrounding areas. It is a non-denominational Primary School, open to boys and girls between 3 and 12 years old. We provide Early Years provision in our Early Learning and Child Care setting and Primary provision in our three composite primary classrooms. The school roll is presently 61 with a further 18 children in Early Years provision. On completing their primary education pupils move to the Anderson High School in Lerwick to access their secondary education.

The school building was originally built in 1977 and extended in 1999. The school comprises of our Early Learning and Child Care (ELC) setting complete with a lovely outdoor courtyard attached to the room and with partial cover. At the front end of the building Whiteness Early Years, the School Office, Head Teacher's Office, ASN Office, Staff Room, and Kitchen can all be accessed through the main front entrance to the school. The pupil access is to the far end of the building and from here the primary classrooms can be accessed as well as the music room, library, computer suite, art room, general purpose area and hall / canteen / gym. The school is served by an Additional Support Needs teacher and peripatetic teachers in Art, Music and PE. There are visiting instructors for pupils taking piano, brass, woodwind and guitar.

Members of the local community are mainly involved in crofting, farming, fishing, aquaculture, construction, haulage and retail. The school is close to many local businesses including two shops, a post office and petrol pumps; Shetland Jewelry; Bonhoga Gallery and many local businesses. The local Kirk is about 2 miles away. The school is situated next to the Public Hall and opposite the Strom football pitch and clubhouse.

Whiteness Primary School is part of the central cluster of schools feeding into the Anderson High School.

The school operates an “open door” policy where parents / carers can speak at the start or end of the school day. More formal appointments are also arranged by contacting the school office. Parents / carers meet with teachers twice a year, once in November and once in March for reporting on progress purposes. For several years prior to COVID-19 we ran one formal and one child led learning event a year to report on progress. When consulted in 2022, 70% of parents / carers requested a return to two formal parents’ evenings a year. We value children having the opportunity to share and engage in learning with parents / carers and do this through a coffee morning in October and an open afternoon in May. Through 2022/2023 we introduced Grandparent afternoons, with all feedback showing this was valued and welcomed either once or twice a year moving forward.

School vision, values and aims.

Our school vision is “**Love Learning Love Life.**” We are passionate about giving our pupils the best possible chance to succeed. We strongly encourage our pupils to develop as positive citizens and frequently visit the Health and Wellbeing outcomes of SHANARRI to achieve this. We strive for a school atmosphere that is welcoming, accepting, inclusive and equitable. We are lucky to have a healthy, committed staff and we use our staffing time effectively in times of short supply. Our school values: Kindness; Respect; Inclusion; Determination and Perseverance underpin our actions and our school rules: we are safe; we are ready to learn; we are respectful, enable us to add meaning to any behaviour breach and subsequent discussion.

How has the school engaged pupils in decisions about improving its work?

We gather pupil voice through a range of methods. We collect almost all-quantitative data for self-evaluation during assembly- with Teams and Jamboards used for this purpose. The whole school has come together to make decision and evaluate our improvement work and next steps.

The order to priorities our improvement priorities, based on the importance pupils place on them, was decided first.

Whitiness Primary School Improvement Plan 2023 / 2024

- Achievement**
 - Getting the right support
 - Our school community will continue to build positive relationships.
 - Our school community will follow the school rules- we are safe, we are respectful, we are ready to learn.
 - Our school community will show: kindness; respect; inclusion; determination and perseverance.
 - Pupils will get the support they need.
- Family Learning**
 - Developing a culture of learning through purposeful play from Early Years to P7
 - Improved social skills
 - Improved communication and teamwork
 - Using Magic Mirror tools
 - Experience engagement in learning
 - Acquisition of vocabulary and problem solving skills
 - Application of new skills received
 - Leading, sharing, presenting, modelling, reviewing and relating
- Metacognition**
 - Improving planning, monitoring and evaluating the thinking process when learning
 - Ability to reflect before, during and after learning
 - Planning, defining, thinking ahead, visualising, predict and activate prior knowledge
 - Monitoring (during, respond and refine, analyse strategies and outcomes, evaluate (after) reflect, look back, process and outcomes
 - Increased motivation and engagement
- Raising Attainment**
 - Improving reading and comprehension
 - Identify an up to date resource to support teacher judgement for attainment of a level
 - Have comprehension resources
 - Pupils able to share understanding of what they read
 - Pupils better equipped to talk about the texts they read
 - Pupils to know how well they are doing in their reading

Through self-evaluation in June 2023 it was identified that the current system of school committees, wasn't an effective model. Each individual committee evaluated their year and came up with suggestions on how to improve. In August 2023, during an assembly, pupils were asked to put forward suggestions on how to make committee representation more inclusive throughout school. Four ideas were put forward and pupils were given the opportunity to vote on their preferred option.

Inclusive committee results

- Each class has each of the 3 committees
- Each class blind votes for committee members
- Each class is a committee for a term and it rotates
- Have 3 people from each class in each committee

Committee rota

	Term 2	Term 3	Term 4
P1/2/3	Eco	Pupil Council	Health
P3/4/5	Health	Eco	Pupil Council
P5/6/7	Pupil Council	Health	Eco

New Inclusive Committee evaluations- March 2024

What do we think of the way we have structured our committees' this year?

- Fair for everyone
- More pupils to help each other
- More ideas
- Display boards are up to date

How could we make it better?

- Change it back- so the best people are voted for
- Within the class select who would like to be in the committee.
- Have different committees next year- we acted on this- the children decided on the types of committee they would like and then voted on their top three.

Over the year the **Pupil Council** has established playtime use of the Polycrubs- with quiet activities like drawing, reading and playing board games. To make the space more comfortable they decided to use the money raised during the coffee morning in October 2023 and the Christmas Concert in December 2023 to buy seating and solar powered fairy lights. They updated the School Rules to reflect their use in the outdoor polycrubs. In Term Three the P1/2 Pupil Council asked the school How Good Is OUR School- identifying what we do well and how we feel about our school. In Term Four the P345 Pupil Council evaluated the Inclusive Committees form this session and surveyed the children to find out ideas for new committees next session.

Over the year the **Eco Committee** ran a competition to reuse, reduce and recycle the old packed lunch bags from COVID-19 times.

They have run a competition to raise awareness of the problems of pollution and litter in the oceans – they ran a poster competition “Pollution Pops”. In the last part of the year, they invited the rest of the school to make a pledge- something they will do to help look after the environment.

Throughout 2023/2024, the **Health Committee** has run several competitions. In Term 2 the P345 class challenged the pupils to think about the safe use of medicines and other potentially harmful household products. In Term Three P456 ran a healthy snack week and in Term Four, P1/2 ran a fruit week- working in collaboration with Early Years to identify fruits and make up fruit pots for the whole school.

How has the school engaged parents and carers in decisions about improving its work?

The school gathers parent and carer opinions in a variety of ways including surveys and questionnaires, informal discussions during open school events and direct contact.

Following discussions at Parent Council meetings through 2021 to 2023, the school created a new tab on the school website, to signpost support available to parents / carers, [We are here to help | Whiteness Primary School \(glowscotland.org.uk\)](http://glowscotland.org.uk)

We give opportunity to parents / carers to feedback annually on, for example, the Early Years to Primary One transition and during open days in October and May. This feedback is used to shape improved programmes of events each year.

At our annual coffee morning in October 2023, we consulted with parents regarding **learning through play**.

We used an entrance question “what learning through play means” (we received 15 responses) and after visiting the classrooms we asked parents to choose a phrase they felt best described what they had seen in the classes during the morning (we received 9 responses).

Parent responses were valuable, thoughtful and aligned with the views of school staff. They, in general, showed a common theme- that learning through play gives children a broad and meaningful experience, where they learn while having fun.

By a margin the phrase “learning through play” was our parents’ preferred choice

Learning through play- a definition written by staff, children and parents of Whiteness Primary School and Early Years.

Learning through play develops creative, engaging and motivating interest in the world around us. Play is natural and when unhurried, it gives us the space and right pace in which to learn. As we play, we watch and learn, we copy and repeat, we practice and experience, we extend our imagination and begin to understand the meaning of what we are doing. Learning through play is fun, it allows us to be active, to make choices, to learn from mistakes and to problem solve and evaluate, all of which build our confidence, resilience and wellbeing. Without realising it we are developing our social, life and relationship skills, all of which are transferable and will serve us well as we grow and flourish through life.

During a Team Improvement visit in March 2024 and HMle visit in June 2024- views of parents were collected through focus groups and questionnaires.

The Head Teachers uses all occasions where parents are in school to gather their views. These have included- are our core values still relevant (100% Yes)? Do you receive the right amount of communication from school (100% Yes) and agreement over forward School and Early Years Improvement Planning?

School Improvement Planning:

If you were asked to describe Whiteness Primary School in three words. What would they be?

Creative Inclusive Positive
Whiteness Welcoming Small Brilliant Friendly Sun
Welcoming Hands-on Inclusive fun Hands on Pupils words friendly
School Friendly Supportive supportive school
Helpful Communicative Open Fair Organised Approachable

All parents agreed they would like the school to focus on Learning and Engagement and Assessment and Moderation in 2024/2025 priorities.

Early Years Improvement Planning

If you were asked to describe Whiteness Early Years in three words. What would they be?

Pleasant Flexible Unsure

Happy, safe, fun

Lovely, outdoorsy & educational

Enthusiastic Positive Inclusive

What are the main three skills you would like your child to develop while at Whiteness Early Years?

Practical Skills/Independence Problem Solving Social/Emotional Skills

Sharing, compromise, kindness

Writing, letter recognition and problem solving skills

Confidence Independence Willingness to learn

All parents agreed they would like the Early Years to focus on rhyme production in 2024/2025 priorities,

How has the school engaged its staff in decisions about improving its work?

The whole staff meet two/three times a year during In-Service days. At these whole staff meetings, an annual refresh visits areas such as relevant training and updates along with opportunity to make decisions about our School Improvement Plan moving forward. The school ethos is based on consistent approaches by all staff, these meetings give us opportunity to recalibrate where we are and familiarise new staff with “how we do it here”. Teaching staff and Early Years Practitioners meet regularly to plan, assess and evaluate the work of the school and Early Years. Our meetings have a clear agenda and consider our Working Time Agreement where *relevant*.

Microsoft Forms capture staff opinion and suggestions; we incorporated these into the work of the school. Using the HMiE pre-inspection questionnaire statements in May 2023, all teaching staff either agreed or strongly agreed with all 38 questions. Almost all Early Years staff either agreed or strongly agreed to almost all statements, with one staff member disagreeing they have opportunity to share practice with colleagues from other settings. All school support staff either agreed or strongly agreed with all statements.

During the whole staff meeting in August 2023 the direction of improvement for the session 2023/2024 was shared and discussed. Staff collaborated to identify possible barriers to the priority on learning through play (as this had been something the Parent Council had identified at the PC meeting in May 2023). It was agreed to model what learning through play looks like at the annual coffee morning at the end of Term One. Staff generated words and phrases to describe learning through play and also the skills that are developed. This input from all staff helped shape the definition the school went on to write.

Updates on progress within the Early Years Improvement Plan and the School Improvement Plan are shared with staff once a term. Staff are given the opportunity to comment and shape further improvements.

There is a School Improvement board in the staff room, where staff can also keep up to date with developments and add comments / suggestions for further improvement.

How has the school engaged community partners in decisions about improving its work?

Whiteness Primary School has an active and supportive Parent Council who meet once every term. Decisions around School Improvement Planning and resourcing are discussed and agreed by the group. During 2023/2024, the Parent Council have provided resources in each of the classrooms, Early Years room, school office and ASN room to support inclusion and equity. The Parent Council share parental views at the meetings and minutes are uploaded to the school website. Parent Council minutes can be found at: [Parent Council meeting minutes | Whiteness Primary School \(glowscotland.org.uk\)](https://glowscotland.org.uk).

The school work closely with partners to support children's progress. Over the session 46 partners have worked in some capacity with the school- either through Education Outreach, Active Schools, Catering and Cleaning, Mind Your Head, School nursing, NHS dental, Education Psychology and Shetland Community Connections.

The school encourages community working and support. We engage with the toddler group, Rainbows, Brownies and Guides as well as local businesses and shops.

During our Team Improvement Visit and HMiE inspection partners shared support for the school and highlighted the positive impact our working together has on pupil progress and achievement. HMiE has recognised some of our work as highly effective practice.

With three bookmarks per curriculum level. Our Literacy Lead for the authority has worked with us- creating bespoke training sessions and working on the bookmarks and quick fire questions LSW have concluded their training and all resources are made and ready to use. Impact will be measured through 24/25 session- class teachers will monitor and track progress through the new book marks- to measure attainment in learners. Confidence so far shows.... 	<p>What are the next steps and how do you plan to evidence the impact of further actions required?</p> <ul style="list-style-type: none"> Class teachers will direct LSW as to the targets worked on in reading groups- LSW will lead this and use their expertise with the quick fire questions to add value, increase motivation and check for understanding.
