

## TASK 6: THE POSTCODE SONG

**Take a listen to our practice 999 call.** It isn't real but it is important to have an understanding of what you might hear if you ever did need to call for help.

Can you answer the call takers question? **Have a go!**

### THE POSTCODE SONG!

Did you hear the questions the lady asked?

One of them was "Where are you"?

Could you answer her and tell her where you are? Let's learn a special song called the postcode song to help answer her question. A postcode is part of your address and it let's the ambulance know where to find you.

Have a **listen to the postcode song** with words and then **try it with your own postcode and house number.**

Have fun, stay safe and we will be back next week.

Love

**Tumbles and Grumbles**
