

Black Mount Primary School Standards and Quality Report

August 2026

A Year of Positive Progress

We are we are proud of the positive progress made this year. Our children continue to benefit from high-quality learning experiences in a nurturing, inclusive environment where every learner is encouraged to achieve their best.

Very Good Learning and Teaching

Children are engaged, motivated and increasingly confident in discussing their learning. High-quality teaching and consistent assessment practices help learners make good progress. Outdoor learning and expressive arts are now a regular and valued part of school life, supporting creativity, wellbeing and achievement

Very Good Wellbeing and Inclusion

Pupils report feeling safe, valued and included. Strong relationships and a supportive school ethos help children develop confidence and a sense of belonging. We continue to promote equality, respect and inclusion, ensuring every child is supported to succeed.

Growing Leadership Opportunities

Children are taking on more leadership roles across the school. Pupil voice is helping to shape school improvement and enrich the life of the school community. Learners are becoming more confident in sharing their views and contributing to decision-making.

Strong Partnerships with Families

We have strengthened our partnership with parents and carers this year. Family involvement continues to play an important role in supporting children's learning and wellbeing.

Attainment and Achievement

Most learners are making steady progress across the curriculum. Targeted support ensures that children who need additional help can access learning successfully. Our focus on outdoor learning, expressive arts and inclusive approaches has increased children's confidence, independence and engagement in learning.

Looking Ahead

During 2026-27 we will continue to:

- Build on our strong learning and teaching approaches.
- Further develop pupil leadership and learner ownership.
- Refine how we track progress and provide support at the earliest opportunity.
- Strengthen family engagement to ensure the best outcomes for all children.

Thank You

Black Mount Primary School continues to provide a caring, inclusive and ambitious environment where children are happy, engaged and supported to thrive. We thank our pupils, families, staff and wider community for their continued support. Together, we are helping every child to learn, grow and succeed.
