

What can we do for you?

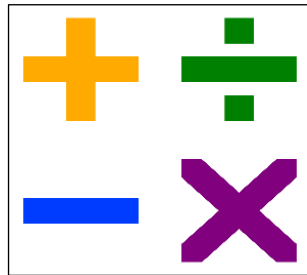

We can work with you and your Class Teachers to help with your learning and your wellbeing.

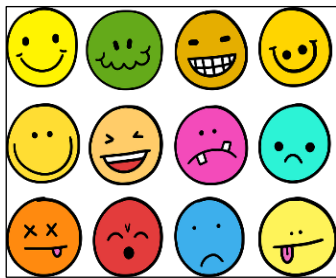

We can work with you, or in a small group, for extra support in :

Literacy

Numeracy

Wellbeing

Talk to us

If you want help talk to your Class Teacher, or Support Assistant, and they will get in touch with us.

We can then speak to your parent/carer and the school to decide on the best way to help you.

This may involve us working with your Teacher, instead of you directly, or suggesting someone, or something else, that can help you. It could also involve the use of technology.
