Specialist Support Service

Working in partnership with
Parents/Carers and Professionals
to ensure young people are nurtured
in their learning and wellbeing

Why is there a Specialist Support Service?

Education Resources offers a Specialist Support Service in order to fulfil its statutory duties to provide inclusion and equality for all.

The Specialist Support Teacher is part of an Extended Community Team based in Burgh Business Centre, Rutherglen. Members of the Extended Community Team are :

- Specialist Support Teachers for Primary and Secondary
- Early Years Specialist Support Teachers
- English as Additional Language Specialist Support Teachers
- CUSTTAD & Nurture Specialist Teachers

Our highly trained staff have qualifications and experience in a wide range of additional support and learning needs.

How Teachers can access our Specialist Support Service

We try to ensure that each Primary school receives an allocation of time from the Specialist Support Teacher.

Following the Staged Intervention process within the school, in collaboration with the ASN Co-Ordinator, the Specialist Support Teacher will act in response to the identified needs of the pupils, families/carers and staff.

What does the Specialist Support Service offer?
