

Minibeasts Treasure Hunt Game

Instructions

Cut out the pictures of the minibeasts and stick them onto small bottles.

Inside each bottle put a different colour of crayon.

Hide the bottles either inside the classroom or outside in the playground.

Children can work individually or in small groups to find the hidden minibeasts bottles.

When they find a bottle, the children will tick the matching minibeast picture on their activity sheet.

Each minibeast will have a different colour of crayon, so children need to find each bottle in order to complete the task.
