## The Secret door

It was a nice school night  
when the last pupil left the school.  
when they stepped one foot out of the school  
they heard some music coming from  
the library. so he quickly tiptoed over  
there when he picked up a book  
and a yellow banana door opened up!  
When he opened the door curiously  
but a bit nervous.  
when he opened it up he saw a  
spine yellow banana monster! dancing!  
There were <sup>crazy</sup> colorful beautiful lights!  
And the walls had bananas all over!  
And he ran up and danced with it.  
it said you will come back soon  
And the monster showed him a banana  
cave.

05.09.25 Deep in the forest

LI- to write an introduction that hooks the reader in

Footsteps...

Running...

The shadows stretched across the whole woodland and the trees whispered in the furious wind. Lily ran as fast as she could from them and didn't know where she was going. She saw a glowing light ahead of her so she sprinted towards it. Pausing for a minute she glanced behind her. They lost her. Lily marched forward to a wooden brown gate. She carefully opened the gate and it was like a beautiful fairytale!

Lily entered through the door to find a little village! There was colourful fairy lights that made Lily's blue diamond eyes sparkle in the light, tiny sparks in the air that is like Lily's personality and her long luscious blonde hair that was as bright as the sun. While the birds sang, butterflies danced in the sky surrounding a tiny cottage that looked like a home for a fairy! Lily could smell freshly grown flowers and feel the swaying grass tickled her ankles. She walked to one of the cottages and chapped the small narrow door. No answer...

Lily went to explore the forest so went wherever her feet took her. She heard footsteps behind her. Suddenly the air grew colder. She turned the other way but nothing was there. Lily continued to walk but then heard cries of a fairy and saw footprints that couldn't possibly be a humans. When she got closer and closer the cries got louder. Lily saw a fairy all tied up in rope and next to her was a...

DEER! A deer with big red bulging eyes and big sharp teeth. She thought if she ran then she'd be safe but a sweet innocent life could be spared if she fought the deer. So that is what she did. The deer looked hungry but that didn't stop her! He roared with power on his hind legs. He started to chase her then she stopped to think what she could do. But before she could think a swarm of cultists came towards her. She quickly ran over to the fairy and used her wand to break her free. Lily used the wand on the cultists to get them away. Then the deer slowly approached them without any hesitation. That's when Lily realised he was misunderstood all along...
