Gilmourton Primary School Handbook January 2022

Contents

1. **Introduction**
2. **Covid 19**
3. **About our School**
4. **Parental Involvement**
5. **School Ethos**
6. **The Curriculum**
7. **Assessment and Tracking Progress**
8. **Reporting**
9. **Transitions (Change of school / Placing requests)**
10. **Support for Pupils (Additional Support Needs)**
 - **Getting it Right for every child**
 - **Enquire**
 - **Attachment Strategy**
11. **School Improvement**
 - **Pupil Equity Funding**
12. **School Policies and Practical Information**
 - **Free meals**
 - **Uniform/dress code**
 - **Clothing Grant**
 - **Transport**

If you need this information in another language or format, please contact us to discuss how we can best meet your needs.

Phone: 0303 123 1023 Email: education@southlanarkshire.gov.uk.

1) Introduction by the Head Teacher

Dear Parent/Carer,

Welcome to Gilmourton Primary School Handbook which I hope you find informative.

At Gilmourton we want the best for all our pupils.

We aim to ensure that your child is happy and successful during their time here and we have high expectations of our pupils - in attainment and achievement. To this end, we hope to work in partnership with you in developing your child to his/her full potential.

I am sure you will find us to be open and approachable and encourage you to make contact with us at any time with comments or concerns.

The information in the handbook should provide an overall picture of Gilmourton Primary. However, if you have further questions please do not hesitate to contact me.

Yours sincerely,

Ellen Jack
Head Teacher

South Lanarkshire Council is the fifth largest authority in Scotland. It covers the following main areas; Clydesdale in the south which features extensive rural areas, Cambuslang, Rutherglen, Blantyre and Uddingston to the north as well as the towns of East Kilbride and Hamilton.

The Council's Plan Connect sets out the Council's vision which is, "to improve the quality of life for all within South Lanarkshire".

For Education Resources this means delivering services of the highest quality as well as striving to narrow the gap. It is about continually improving the services for everyone at the same time as giving priority to children, young people, families and communities in most need. The priorities for schools and services are set out in the Education Resources Plan which confirms the commitment to provide better learning opportunities and outcomes for children and young people.

2) COVID-19 – Keeping children, young people, and staff safe

At the time of writing this guidance for the Handbook the Scottish Government and Public Health guidance still applies to schools and educational settings until further notice.

On the 19 October 2021 the Scottish Government announced that the existing COVID-19 safety mitigations in schools and educational settings are to remain for now, following the advice from senior clinicians. It is worth noting that whilst for the general public a number of areas have changed in light of the roll-out of the vaccination programme, there continues to be restrictions in place for schools and educational settings. The public health message is that the safety of children and young people and all education staff, remains the overriding priority. Secondary aged pupils are expected to wear face-coverings and to undertake twice weekly lateral flow tests.

Our main focus remains on learning, teaching and the health and well-being of all learners. Schools/nurseries are adapting their ways of working and outdoor events can now take place without the restrictions that apply indoor. The infection control procedures in our schools such as, hand sanitisation when you arrive and leave, and by washing hands regularly has helped to mitigate against the spread of the virus as has the NHS roll-out of the vaccine to those who are eligible.

If there is a positive case involving a child and/or member of staff at the school then we will let you know by providing you with letter from NHSL Public Health which lets you know what you need to do.

So it is worth noting: -

There are still restrictions on who can visit schools, including parents/carers. In effect, parents/carers are not able to attend events that take place during the day in a school/nursery.

Where virtual arrangements for parental meetings are already in place and working well, then these should continue to be used.

Assemblies and large gatherings are still not permissible under the current guidance. Schools are therefore asked to consider group sizes as bringing large groups together in educational settings is not advisable.

Community Lets are allowed out with the school day in line with COVID-19 guidance. If there is an intention to organise events in the evening by a parent group, they are required to make any booking through the community letting procedures as normal. A risk assessment must be undertaken in advance. This is to take account of the mitigations that require to be taken in what will be a confined space, the need for clear access and egress routes, the wearing of face coverings and infection controls, like hand sanitisation.

If a parent group is planning to host an activity then they are asked to be mindful that current restrictions at present still do not enable parents/carers to meet in a large gathering on school premises during the day.

COVID-related mitigations remain under regular review, and the Advisory Sub-Group on Education and Children's Issues and the COVID-19 Education Recovery Group (CERG) continue to work with Ministers to ensure mitigations in schools and educational settings are proportionate and appropriate.

3) About out school

Address:	Gilmourton Primary Drumclog Strathaven South Lanarkshire ML10 6QF
Phone number	01357 440331
Email	gw14gilmourtonoffice@glow.sch.uk gw14gilmourtonht@glow.sch.uk
Parent Council Email	gilmourtonpc@yahoo.com
Staffing	
Head Teacher	Ms. Ellen Jack
P1-3	Mrs. Jane Houston
P1-3	Ms. Sophie Kean
P4-7	Mrs. Caroline Loughran {Principal Teacher}
Support Staff	Mrs. Jacquie Cringan
Support Staff	Mrs. Tracy Swan
Cook in Charge	Mrs. Linda Weir
Caretaker/Cleaner	Mr. Tom Clark
Non-class Contact	Primary teachers have non-contact time every week when they are

not with their class. Other teachers cover aspects of the curriculum and are responsible for the class at that time. This session, our classes are covered by Ms. Kean.

- Educational Psychologist Mrs. Julie Kiddie
- Area Network Support Mrs. Louise McConville
- Music tuition Mr. Tam Reilly
- Active Schools Coordinator Mrs Emma Strachan

Gilmourton Primary is situated approximately 5 miles from Strathaven. The school serves the rural district of Upper Avondale. It is non-denominational, co-educational and covers stages from Primary 1 to Primary 7.

Gilmourton Primary is used for meetings of the Parent Council. The school accommodation is available for use outwith school hours by the community

The present roll of the school is 32.

We currently have 2 classes and 3 members of teaching staff. The Head Teacher is a Shared Head.

Learning Community

Gilmourton Primary is part of the Strathaven Learning Community. A Learning Community is made up of schools and education establishments from the area including the secondary school, primary schools, early years establishments, early years partners and schools and bases which provide specialist additional support services. It is about working together to plan better outcomes for children and young people.

The Learning Community develops ways of working between establishments and with other agencies and organizations to ensure services are responsive, accessible and are delivered as effectively as possible.

Strathaven Learning Community values are: **RESPONSIBLE, RESPECTFUL** and **RESILIENT**.
Our aspirational vision statement for the Strathaven Learning Community is:
'TOGETHER WE THRIVE'.

Each Learning Community is managed by a Head of Education (Area).

The Lead Officer for Strathaven Learning Community is Kathleen McCormick.

Attendance at School

It is important for the school to work with parents in encouraging all children to attend school. All absences from school are required by law to be recorded. Absences will normally fall under two categories – authorised or unauthorised absence. In cases where your child is unable to attend school parents are asked to comply with the following:

- if you know in advance of any reason why your child is likely to be absent from school, please tell someone at the school, telephone us or let us know in writing. Please also give your child a note on his/her return to school, outlining the reason for absence.
- please notify the school first thing in the morning when your child is going to be absent. Let the school know the likely date of return and keep us informed if the date changes.
- requests for your child to be absent from school to make an extended visit to relatives must be made in writing to the Head Teacher, detailing the reason, destination, duration of absence and arrangements for his/her continuing education.
- as we may need to contact you during the school day, please inform the school of any changes to your home telephone number, mobile telephone number, address and emergency contact details.

Visitors to Our School

Should you wish to visit the school, please contact the school to arrange a suitable time. Parents/visitors are requested to make their way to the Main Entrance and report to the School Office and not go directly to classes. This is to ensure that the school provides a safe and secure environment for all those within it. We appreciate your support and assistance in carrying through these measures.

Due to current guidance, visits are restricted and expected to be made outwith the school day; 9.00am-3.00pm. We will do our best to accommodate visitor requests whilst ensuring we adhere to guidance.

ParentPay

Gilmourton Primary School uses a web based application called ParentPay which allows parents to pay on-line for school meals and other school activities. ParentPay offers the convenience of being able to make payments 24 hours a day, 7 days a week and avoids the need for your child to carry cash to school.

School App for Parents

The school app is a convenient and efficient method of keeping up to date with diary dates, school news, updates and instant notifications/messages on your phone or electronic devices.

Parent/Carer Contact

We are keen to promote a positive relationship with all our parents/carers. If you have a concern about your child, or anything you wish to discuss, please do not hesitate to contact the school. Your child's class teacher may be able to help in the first instance.

You may wish to make an appointment to speak to/meet with the Head Teacher. Please contact the school office by telephone to speak with class teachers, the Headteacher or to make an appointment.

Should you have a complaint about any aspect of your child's educational experience, please let us know. In the first instance, please contact a member of staff. However, if your complaint is more serious, please contact the Head Teacher.

Complaints will be treated seriously and will be dealt with speedily and sensitively. In most cases complaints will be dealt with immediately, but certainly within 3 working days. Should a complaint require further detailed investigation, the process may take longer.

We are hopeful that, working together, any issues will be resolved. However, if necessary, formal complaints may be made in writing or by telephone to South Lanarkshire Headquarters in Hamilton:

South Lanarkshire Council
Almada Street
Hamilton
ML3 0AE

Telephone: 0303 123 1015

4) Parental involvement

South Lanarkshire Council recognises the importance of parents as partners in the education of their child and has published a strategy entitled, 'Making a difference – working together to support children's learning'. This is available from the Council's website:

www.southlanarkshire.gov.uk/downloads/file/13457/parents_as_partners_-_strategy_2019

Parents, carers and family members are by far the most important influences on children's lives. Children between the ages of 5 and 16 children spend only 15% of their time in school! Research shows that when parents are involved in their child's learning, children do better at school and throughout life. Parental involvement can take different forms but we hope you share the same aims and agree that by working together we can be partners in supporting children's learning.

As parents/carers we want you to be:

- Welcomed and given an opportunity to be involved in the life of the school;
- Fully informed about your child's learning;
- Encouraged to make an active contribution to your child's learning;
- Able to support learning at home;
- Encouraged to express your views and involved in forums and discussions on education related issues.

To find out more on how to be a parent helper, or a member of the Parent Council and/or the Parent Teacher Association just contact the school or visit our website.

Some useful information contacts for parents to find out more on education are as follows:-

- Parentzone – www.parentzonescotland.gov.uk
- Engage Parent Forum – www.engageforeducation.org
- National Parent Forum for Scotland – www.educationscotland.gov.uk/parentzone
- South Lanarkshire Council – www.southlanarkshire.gov.uk

5) School Ethos

Gilmourton Primary School promotes positive relationships within the school and fosters an ethos which encourages all pupils to respect themselves and others. We work in partnership with parents/carers, families and outside agencies to support us in this.

We aim to provide all learners with an education for life, providing breadth, balance and progression within a safe and stimulating environment. We work in partnership with parents, other establishments, specialist services and outside agencies to enable our pupils to develop as successful learners, confident individuals, effective contributors and responsible citizens.

At Gilmourton Primary School everyone is valued for their individuality and encouraged to develop their full potential in a stimulating and safe environment.

Our pupils will have success for today, and be prepared for tomorrow.

We believe it is our responsibility to ensure all pupils

Grow

Invent

Learn

Motivate and be motivated

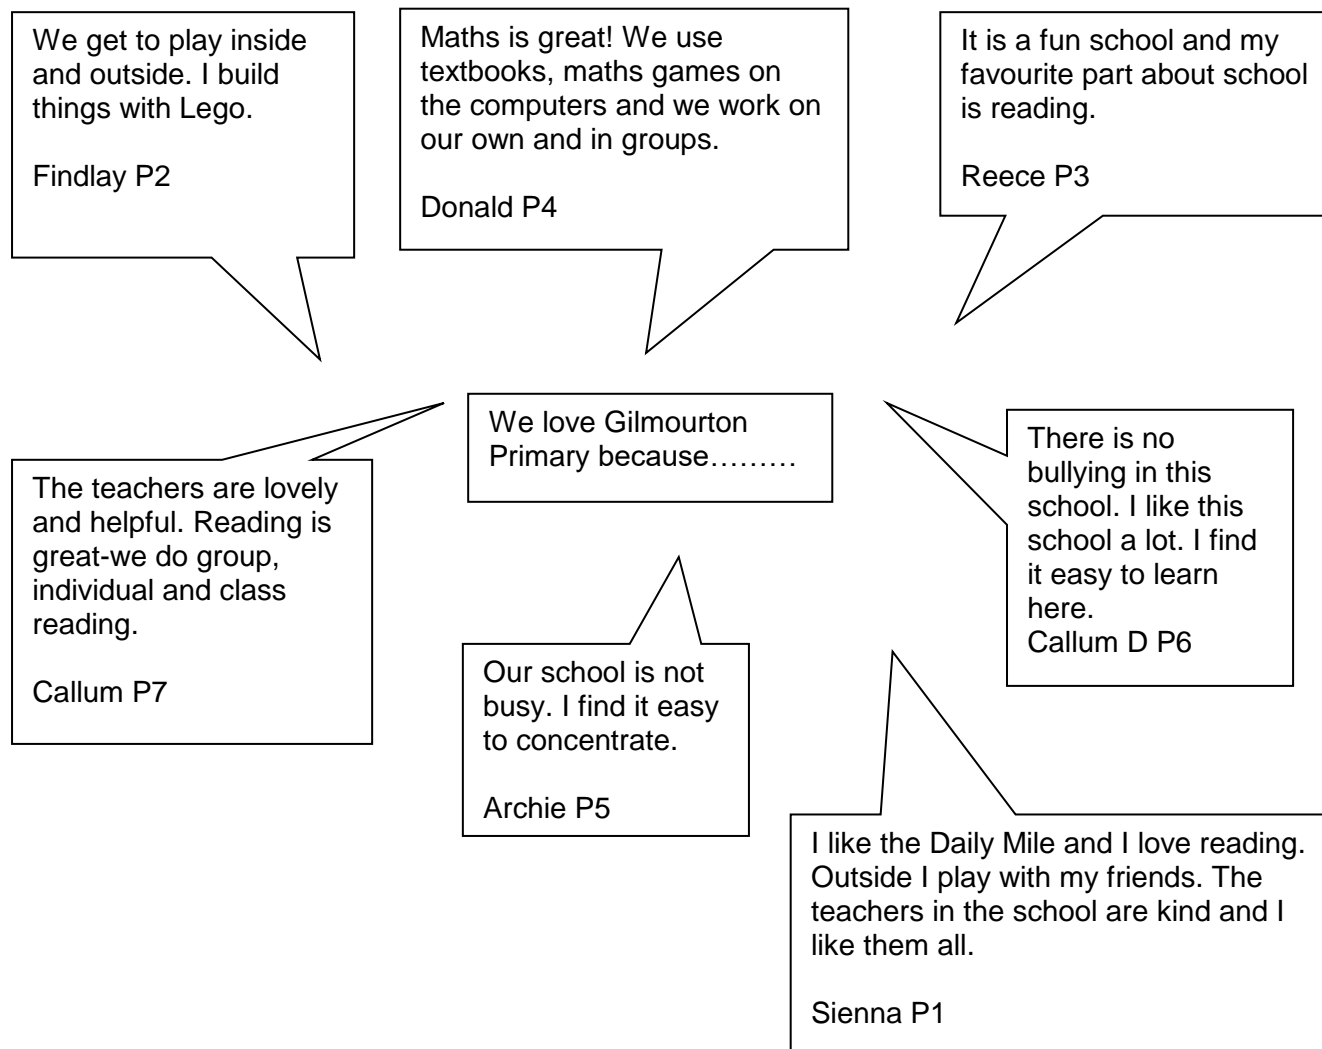

Have **O**pportunities

Are **U**nited

Resilient

Experience Teamwork and
Are Open, honest and
Nurtured.

What do our pupils say about Gilmourton?

Celebrating Achievements

Children's achievements are celebrated in class and at our weekly assemblies. Our notice board displays pupil achievements. (Parents/carers and pupils are encouraged to let us know about achievements out of school, too, so that these can also be celebrated.)

Children are recognised for positive behaviour, good work and citizenship through our Achievement Awards. Pupils can receive awards under the following headings: Growing, Learning, Motivation, Teamwork, Understanding, Opportunities, Open and Honest and Resilience.

Pupils will be nominated for **Achievement Awards** on a weekly basis by the adults working with them.

Achievement Awards will relate to work- effort, progress, and attitude and also to effort, attitude and relationships with others.

- 4 achievement awards = Bronze Star
- 8 achievement awards = Silver Star
- 12 achievement awards = Gold Star

Promoting Positive Behaviour

Gilmourton Primary School's aim is to ensure that all of our children, parents, staff and members of the wider community feel valued and respected and that each person is treated fairly.

Positive behaviour will be encouraged and recognised by all staff either verbally or by a sample of the following positive rewards.

- badges
- pencils
- stickers
- positive notes home

All classes use a variety of positive rewards to encourage outstanding **behaviour within the class and also the playground**

Pupils may also be put in our **Achievement Book** for work, effort, attitude and behaviour. We use the **Rainbow Book** to recognise pupils who have demonstrated they are responsible citizens and effective contributors.

School rules are in the interests of health and safety and respect for all and any breaches of these rules will be dealt with, in the first instance, by the class teacher and then by the Head Teacher, should it be a more serious or repeated misdemeanour.

Parents will be notified either by a telephone call or a request for a meeting if the incident is serious or persistent.

Each class creates and signs their own class charter with regards to expected standards. These are based on Article 28 of the United Nations Convention on the Rights of the Child, UNCRC: 'Every child has the right to an education.'

Our Playground Charter is based on Article 31 of the United Nations Convention on the Rights of the Child-UNCRC. Article 31 says all children have the right to relax and play.

In Gilmourton, to protect this right we will:

- be respectful to each other-even if we don't agree with the other person
- try to sort out disagreements ourselves by talking and asking for help if we can't sort it out
- be kind to each other and make sure everyone who wants to be is included in games
- play safely and notice other people around us
- stay in our allowed area/space in the playground
- share toys fairly and look after them

School/Class/Playground Charters are based on self-respect and respect for others.

Community Links

We have a positive relationship with other schools and education establishments within our Learning Community and actively seek out ways in which we can work collaboratively with one another to enhance the learning experience that we offer our children.

We also work closely with members of our wider school community, including our school chaplain, our Active Schools Co-ordinator

(Emma Strachan), the Public Health Nurse and representatives from Strathaven Round Table, Strathaven Rotary Club and Strathaven Fairtrade Group.

6) The Curriculum

Curriculum for Excellence is the name given to the curriculum in Scotland for all children and young people aged 3-18. It is a forward looking, coherent, more flexible and enriched curriculum that provides young people with opportunities to engage with the knowledge, skills and attributes they will need to flourish in life, learning and work, now and in the future.

The curriculum includes all of the experiences that are planned for children and young people to support the development of their skills, wherever they are being educated, for example in the family and community, pre-school centre, nursery and school. This broad, general education will allow them to become successful learners, confident individuals, responsible citizens and effective contributors to life in the 21st century.

In taking this forward our school will work closely with South Lanarkshire Education Resources and other services to enrich the curriculum, to provide the best possible education for all children and young people. We wish you to feel confident that your child is encouraged and supported to develop their literacy, numeracy and other skills whilst they attend our school. The curricular areas are as follows:

- Expressive arts
- Languages and literacy
- Health and wellbeing
- Mathematics and numeracy
- Religious and moral education
- Science
- Social studies
- Technologies

If you want to know more about Curriculum for Excellence, please visit these websites: <http://www.educationscotland.gov.uk/thecurriculum/> or www.parentzonescotland.gov.uk.

Our learning and teaching activities are based on the outcomes and experiences in the guidelines that all schools have for Curriculum for Excellence.

Level	Stage
Early	The pre-school years and Primary 1 or later for some.
First	To the end of Primary 4, but earlier or later for some.
Second	To the end of Primary 7, but earlier or later for some.

Expressive Arts

This heading encompasses art and design, dance, drama and music.

Here we will be encouraging our children to develop skills and enjoyment in all these areas.

Learning in, through and about the expressive arts enables children and young people to:

- be creative and express themselves in different ways
- experience enjoyment and contribute to other people's enjoyment through creative and expressive performance and presentation
- develop important skills, both those specific to the expressive arts and those which are transferable
- develop an appreciation of aesthetic and cultural values, identities and ideas
- prepare for advanced learning and future careers by building foundations for excellence in the expressive arts

Music Tuition

Instrumental music lessons are offered to children in a number of primary schools across South Lanarkshire Council through our Instrumental Music Service (IMS). Tuition is offered (based on capacity) on a variety of musical instruments, for example brass, strings, percussion, guitar or voice.

Participation in a programme of instrumental music study can help children develop as successful learners, confident individuals, responsible citizens and effective contributors. Children who participate in instrumental music through tuition are often offered opportunities to further develop their playing by participating in extra-curricular activities through bands, orchestras and other ensembles.

Parents/Carers who wish their child to receive instrumental music tuition are required to make an annual contribution which is currently based on a minimum of 30 lessons per academic year.

Following a musical aptitude/suitability assessment, pupils entering P5 may be offered the opportunity to study a musical instrument. Through Youth Music Initiative funding, these pupils are exempt from paying the annual contribution detailed above for one academic session. Thereafter the annual contribution will apply for each consecutive year.

Languages and Literacy

Within the Literacy and English framework the main headings are:

- listening and talking
- reading
- writing

Pupils will experience an environment which is rich in language and which sets high expectations for literacy and the use of language. Children and young people will spend time with stories, literature and other texts which will enrich their learning, develop their language skills and enable them to find enjoyment.

Spoken language has particular importance in the early years. Teachers balance play-based learning with more systematic development and learning of skills and techniques for reading, including phonics.

Listening and Talking

Listening and talking are developed through every aspect of the curriculum. Pupils are encouraged to listen to the sounds of language, to ask questions, engage with others, develop informed views, share information, etc. All these skills are interdisciplinary and teachers will use a skilful mix of teaching approaches to ensure that contexts are based on pupils' own experiences, are motivational and appropriate to the needs of the individual.

Teachers encourage pupils to give prepared talks to their peers on book reviews, a curricular area, a personal subject of their choice, etc.

Reading

We use a wide variety of resources to support and encourage all pupils. Pupils in P1-3 make use of Active Literacy and Literacy Planet reading books to build their reading skills and in P4-7 we use a wide range of non-fiction and novels. When appropriate, all pupils develop their reading skills through interdisciplinary topics, too.

It is important that children have the opportunity to read daily, whether it is their school reading book, or a book they are reading for pleasure. Reading aloud aids fluency, intonation, and increases self-esteem.

We make regular use of a paired reading programme to encourage the children to work collaboratively with one another as part of their learning.

Writing

Written language requires a great deal of training including learning to spell correctly, and in acquiring the knowledge of language itself; nouns, verbs, punctuation, etc. All aspects of writing (functional, personal and imaginative) are developed across all stages of the school and, where possible, staff aim to create a meaningful context for the children's learning.

Writing skills are taught from Early level onwards and we emphasise the importance of having neat, legible work.

Modern Languages

Children are taught French from P1-P7. Every school within the Strathaven Learning Community follows a similar programme so that the children can develop their skills in French once they transfer to secondary education. We are currently introducing the Spanish language to pupils in Primary 4-7.

Health and wellbeing

In this area of the curriculum we aim to provide all pupils with opportunities to:

- develop their self-awareness, self-worth and respect for others
- meet challenges, manage change and build relationships
- experience personal achievement and build resilience and confidence
- understand and develop physical, mental and spiritual wellbeing and social skills
- understand how what they eat, how active they are and how decisions they make about their behaviour and relationships, affect their physical and mental wellbeing
- participate in a wide range of activities which promote a healthy lifestyle
- understand that adults in the school community have a responsibility to look after them, listen to their concerns and involve others where necessary
- learn about where to find help and resources to inform choices
- assess and manage risk and understand the impact of risk-taking behaviour

- reflect on their strengths and skills to help them make informed choices when planning their next steps
- acknowledge diversity and understand that it is everyone's responsibility to challenge discrimination

Mathematics and Numeracy

The main areas in maths and numeracy are:

Number, money and measure

- Estimation and rounding
- Number and number processes
- Multiples, factors and primes
- Powers and roots
- Fractions, decimal fractions and percentages
- Money
- Time
- Measurement
- Mathematics – its impact on the world, past, present and future
- Patterns and relationships
- Expressions and equations

Shape, position and movement

- Properties of 2D shapes and 3D objects
- Angle, symmetry and transformation

Information handling

- Data and analysis
- Ideas of chance and uncertainty

We use a wide range of teaching strategies and resources to develop and support skills in these areas.

Religious and Moral Education-(RME)

We have a structured programme of study in RME in place, which allows the children to study Christianity, other World Religions of Judaism and Islam, relationships and moral values.

In Gilmourton Primary we aim to increase our pupils' knowledge and understanding of themselves, others and the world in which they live. Through a whole school, cross- curricular and themed approach we help pupils to become responsible citizens, confident individuals and effective contributors.

The pupils have a voice in Gilmourton Primary. They are - where appropriate - given opportunities to have a say in the issues which directly affect them and their local community. The Pupil Council, Green Team and Making Rights Real Committee provide excellent forums for this type of discussion and decision-making.

Sciences

Through the study of Sciences pupils will cover the following:

- Planet Earth
- Forces, Electricity and Waves
- Biological Systems
- Materials
- Topical Science

Social Studies

Through social studies, children and young people develop their understanding of the world by learning about other people and their values, in different times, places and circumstances; they also develop their understanding of their environment and of how it has been shaped. As they mature, children and young people's experiences will be broadened using Scottish, British, European and wider contexts for learning, while maintaining a focus on the historical, social, geographic, economic and political changes that have shaped Scotland. Children and young people learn about human achievements and about how to make sense of changes in society, of conflicts and of environmental issues. With greater understanding, comes the opportunity and ability to influence events by exercising informed and responsible citizenship.

Many of the topics that the children study are interdisciplinary in nature, which means that they will focus on more than one area of the curriculum. Staff are keen to listen to the children's ideas and plan their topics based on what the children already know, what they would like to know and how they would like to develop their knowledge and skills. This is known as responsive planning.

Technologies

Learning in the technologies enables children and young people to be informed, skilled, thoughtful, adaptable and enterprising citizens, and to:

- develop understanding of the role and impact of technologies in changing and influencing societies
- contribute to building a better world by taking responsible ethical actions to improve their lives, the lives of others and the environment
- gain the skills and confidence to embrace and use technologies now and in the future, at home, at work and in the wider community
- become informed consumers and producers who have an appreciation of the merits and impacts of products and services
- be capable of making reasoned choices relating to the environment, to sustainable development and to ethical, economic and cultural issues
- broaden their understanding of the role that information and communications technology (ICT) has in Scotland and in the global community
- broaden their understanding of the applications and concepts behind technological thinking, including the nature of engineering and the links between the technologies and the sciences
- experience work-related learning, establish firm foundations for lifelong learning and, for some, for specialised study and a diverse range of careers

As children and young people play and learn they will develop an interest, confidence and enjoyment in ICT skills that can be transferred and applied in different learning contexts.

Homework

Pupils are set homework from the early stages. Our aims are to reinforce processes and skills taught in school, and to establish the habit of learning at home which will stand pupils in good stead in further education and in later adult life.

Homework can take many forms. Homework is not always formal and does not always require written work. It can be about parents/carers and children talking, discovering and sharing new experiences. We appreciate homework sits in what can be a very busy time-frame for some families.

Spiritual, social, moral and cultural values (religious observance)

Scottish Government Ministers consider that religious observance complements religious education and is an important contribution to pupils' development. (National guidance issued by the Scottish Government on 21 February 2011 and the Education (Scotland) Act 1980.)

It should also have a role in promoting the ethos of a school by bringing pupils together and creating a sense of community.

There is a statutory provision for parents to withdraw children from participation in religious observance. This right of parents' wishes will be respected.

Where a child is withdrawn from religious observance, the school will make suitable arrangements for the child to participate in an alternative activity.

Parents may request that their children be permitted to be absent in order to celebrate recognised religious events. Advance notice should be provided to the school when children will be absent. Appropriate requests will be granted and the pupil noted as an authorised absentee in the register.

7) Assessment and tracking progress

We want to share with you on how your child's learning is progressing. We do this through:

- an interim report
- samples of work sent home for parent/carer and pupil discussion
- parents' consultations
- a full report
- review meetings or telephone calls if required
- an opportunity to attend a class Showcase where pupils share their learning with parents/carers

What do we do when assessing?

- our pupils and staff work together to set learning goals
- our pupils and staff practise self and peer assessment
- our pupils and staff identify and reflect on their own evidence of learning
- staff use a range of evidence from day-to-day activities to check on pupils' progress
- staff talk and work together to share standards in and across schools
- our pupils and staff are clear about what is to be learned and what success would be like
- our pupils and staff are given timely feedback about the quality of their work and how to make it better

Assessment is a central part of everyday learning and teaching for every child and young person. Teachers gather evidence on an ongoing and informal basis through asking questions, observing children working together and making comments on their work. Children may assess their own work or that of their classmates.

As a school, we use Scottish National Standardised Assessment at P1, P4 and P7. However, ongoing and informal assessment is, and will continue to be, a central part of everyday learning and teaching. Teachers will continue to draw on all of the assessment information available to them, when considering children's progress and planning the next steps in their learning.

(ASSESSING CHILDREN'S PROGRESS: A GUIDE FOR PARENTS AND CARERS. Education Scotland)

8) Reporting

We will provide parents/carers with reports so that you can see what your child is doing and how they are progressing. In addition, there will be parents' consultations which offer you the opportunity to discuss your child's progress. The school will offer you an appointment where you can discuss your child's education with the class teacher.

Our learner reports will help you to get to know more about the curriculum which each child follows and will describe their strengths, achievements and areas for development so you know what encouragement and support you can give.

We welcome any comments or additional information from parents to help us provide the best possible education for your child.

9) Transitions

Pupils normally transfer from primary to secondary school between the ages of 11½ and 12½, so that they will have the opportunity to complete at least 4 years of secondary education. Arrangements are made by the school to transfer children to the associated secondary school as determined by their home address. Parents of P7 children will be informed of the transfer arrangements made for their child to attend secondary school.

We will also provide you with information at this time on events designed to support P7 children before they move on to secondary school.

Change of School/Placing Request

Normally children attend the school in their catchment area. However, there are times when parents may wish their children to go to other schools. If you wish your child to go to another school then you may make what is known as a 'placing request'. If you live in South Lanarkshire and decide to submit a 'placing request', we are unable to reserve a place in your catchment school until the Council have made a decision on the 'placing request'. Please note if your 'placing request' application is unsuccessful and all places at your catchment school are filled you will be offered a place at the next nearest appropriate South Lanarkshire School.

Please note that if an application for a 'placing request' is successful then school transport is not provided.

If you move outwith your catchment primary school a 'request to remain form' must be completed. If you move outwith your catchment primary, this may affect your right to transfer to the associated Secondary School. Please note the secondary school is determined by the pupil's permanent home address and chosen denomination. If you require further information, please contact Education Support Services on edsupportserv.helpline@southlanarkshire.gov.uk or **0303 123 1023**.

10) Support for Pupils

Getting it right for every child.

Getting it right for every child (GIRFEC) supports families by making sure children and young people can receive the right help, at the right time, from the right people. The aim is to help them to grow up feeling loved, safe and respected so that they can realise their full potential.

Most children and young people get all the help and support they need from their parent(s), wider family and community but sometimes, perhaps unexpectedly, they may need a bit of extra help.

GIRFEC is a way for families to work in partnership with people who can support them, such as teachers.

If you have any concerns about your child's wellbeing, you can speak to the named person who will work with you to provide support and decide how to move forward. Your school will let you know who this is. It is likely to be the Head Teacher in a primary school and a principal teacher (pupil support) in Secondary. In Gilmourton Primary it is the Head Teacher.

More information can be found on:
www.scotland.gov.uk/gettingitright

Support for All (Additional Support Needs)

There are occasions when some children, for whatever reason, require additional support, long term or short term in order to help them make the most their school education. Teachers are sensitive to the range of influences that can affect a child's ability to learn and put in place strategies to enable the child to cope. The class teacher can identify children with additional support needs. Parents are encouraged to arrange a visit to the school to discuss any issues or concerns they may have. Appropriate support will be given by school staff, with the involvement of outside agencies such as Psychological Services, Speech and Language Therapy, Occupational Therapy or a visiting Visual/Hearing Impairment member of staff as appropriate.

At present, Gilmourton Primary School has an allocated time of half a day per fortnight for a teacher from Specialist Support Services. Mrs. Louise McConville is our Specialist Support Teacher and currently visits the school every second Friday (morning only).

Mrs. McConville can work with groups of children or individuals in a direct teaching role. She is also able to supply or to suggest resources and support material suitable for children. In addition, she can be consulted by staff requiring specialist advice and can carry out specific assessments of individual children. If further analysis is needed Psychological Services, with whom we have a close working relationship, are consulted.

South Lanarkshire Education Resources have published a series of leaflets available which cover information for parents and carers about the Additional Support for Learning Acts.

Enquire is funded by the Scottish Government to provide information on the framework for supporting children who require additional support for learning and to encourage positive partnerships between families, schools and local authorities to ensure children get the right support.

Enquire – the Scottish advice service for additional support for learning

Enquire offers independent, confidential advice and information on additional support for learning through:

Phone Helpline: 0345 123 2303

Address : Enquire
 Children in Scotland
 Rosebery House
 9 Haymarket Terrace
 Edinburgh

Attachment Strategy for Education Resources

Attachment – what we do to support children and young people

South Lanarkshire Council Education Resources is committed to improving outcomes for children and young people by creating emotionally supportive learning experiences in our nurseries and schools.

The Education Resources Attachment Strategy supports the action in the 'Getting it Right for Every Child in South Lanarkshire's Children Services Plan 2021-23', following the launch of the Attachment Strategy in 2020, to provide staff training in Attachment and Trauma based practice.

What does it set out to do?

The aim of the strategy is to promote better experiences of attachment for South Lanarkshire's children and young people and to ensure that all education practitioners understand the importance of attachment theory and its application and how positive relationships can make a difference to outcomes.

How can I find out more?

South Lanarkshire Council Education Resources have published a series of leaflets and posters for establishments and for parents/carers which aim to share information on attachment theory and on how this informs the ways in which we support children and young people.

These are available in schools and on the SLC Staff Learning Centre Sway accessible by teachers and staff.

11) School Improvement

Each school year we write a school improvement plan. This helps us to continue to move forward in a structured way. Our main priorities for this session **2021/2022** are:

- continuity of Learning: Talk for Writing, moderation and learner target setting
- promote the positive health and wellbeing of children & young people: framework for mental health, review and refresh health and wellbeing programme
- planning for Equity: tracking and monitoring of learner engagement and participation, revisit the Cost of the School Day statement

STANDARDS AND QUALITY REPORT 2020/21

This is a document which gives a context for the school, reflects on the past year and evaluates our progress on priorities from the previous session's Improvement Plan. It also reflects our self-

evaluation: what we are doing to move forward and improve our outcomes for all pupils.

Key Successes/Challenges Session 2020/2021

One of the major success of this year has been the enthusiasm and resilience of learners, staff and parents. The return to school in August 2020 saw learners and staff embrace the new routines and restrictions and adapt quickly and confidently to school life. Staff were empowered through digital CLPL to deliver live and recorded lessons using Google Classroom and Google Meet. We successfully ran a three-model service delivery with remote learning, Hub learning and P1-3 learners in school.

12) School policies and practical information

Nursery

All children attending a local authority nursery will be provided with a free lunch. In addition, if your child attends long mornings or afternoons e.g., over 4 hours 30 minutes they will be provided with a 'brunch' or 'afternoon tea'.

Nursery lunches and snacks are based on nutritional requirements from the NHS "Setting the Table" guidance.

Nursery age children will also receive milk and a healthy snack free of charge under the Milk and Healthy Snack scheme 2021. This will be provided by the establishment.

Healthy eating is something that the school supports and a range of meals are available at lunchtime that meet the Nutritional Requirements for Food and Drink in Schools (Scotland) Regulations 2020

All primary aged pupils are also offered a free breakfast within their school. The selection available includes cereal, toast, fruit and milk.

For their lunch each day pupils have the option to choose from two hot meal options, a snack option plus a vegan / vegetarian option. These are all served with vegetables or side salad. All **meals** also come with fresh chilled drinking water, salad, seasonal fruit and-depending on the day-soup or a dessert.

Milk will be available for those pupils entitled to free school meals through the free school meal eligibility scheme at morning break or lunchtime.

Pupils in:

- Primary 1 - 4 receive a free school lunch.
- Primary 5 - 7 meal cost is £1.95

In January 2022 Primary 5 pupils will also receive a free lunch and by August 2022 all primary school pupils will be eligible for a free lunch.

School lunches and milk can be paid for through your Parentpay account or Paypoint facilities in local shops.

Free School Meals

Children of parents who receive the following benefits are entitled to a free lunchtime meal for their child

- Income Support, Universal Credit (where your take home pay is less than £610 per month), Job Seeker's Allowance (income based), Employment and Support Allowance (income related), Working Tax Credit and Child Tax Credit (where your gross annual income does not

exceed £7,330 as assessed by the HM Revenues and Customs), Child Tax Credit Only (where your gross annual income does not exceed £16,105 as assessed by the HM Revenues and Customs) or receive support under Part VI of the Immigration and Asylum Act 1999.

If you are in receipt of Housing Benefit and/or Council Tax Reduction from us there is no need for you to apply online, we will use the information we hold to automatically award free school meals (P4 to S6) and/or school clothing grants (P1 to S6) to eligible families.

We would encourage parents of children who are in receipt of any of the above benefits to take up this opportunity of having a meal provided for their child when they are at school. Arrangements are in place so that children who receive free meals are not singled out and we encourage all children to remain in school at lunch time.

South Lanarkshire Council also offers a free Breakfast service. In Gilmourton Primary the service runs from 8.15am to 8.45am each school day.

School uniform

We ask all parents/carers to support the school by encouraging your child(ren) to adhere to the agreed dress code and the wearing of our school uniform. The wearing of a school uniform helps promote the identity of the school in the local community and helps create an ethos of sharing and pride in the school.

In addition, the wearing of a uniform helps towards increasing the protection of all pupils. The wearing of a uniform helps staff and the pupils to distinguish between who belongs to the school and those who may be visitors. This enables staff to approach and identify visitors more readily and helps in trying to offer a safer environment for pupils and teachers alike.

Equality of opportunity is an important aspect of the life of the school. Any proposals on the dress code and on what constitutes the school uniform will be the subject of discussion with the Parent Council and where appropriate consultation with parents, pupils and staff.

There are forms of dress which are unacceptable in all schools such as:

- the wearing of football colours
- clothing with slogans that may cause offence (anti-religious, symbolism or political slogans)
- clothing which advertises alcohol, tobacco or drugs
- clothing which can be deemed unsuitable in terms of health and safety grounds such as shell suits, combat style clothing, dangling earrings, loose fitting clothes particularly in practical classes
- articles of clothing that could be deemed to inflict damage on other pupils or be used by others to do so
- footwear that may damage flooring.

Gilmourton Primary School Uniform

- a white polo shirt
- a white shirt with school tie
- purple sweatshirt, cardigan or jumper
- grey or black skirt, trousers or pinafore
- school shoes

Our current supplier of uniforms is Border Embroideries Ltd. Details of ordering can be found on their website at www.border-embroideries.co.uk Please contact the school office with any questions regarding the uniform. Parents do not need to purchase school uniform with logos. Plain polo shirts and sweatshirts/jumpers and cardigans can be purchased from any retail outlet.

Physical Education Kit

For reasons of hygiene and safety, pupils are asked to wear a gym kit. This should consist of a polo shirt or plain tee-shirt with jogging trousers, track-suit trousers or shorts. Training shoes that have been worn outside, are not acceptable for indoor/apparatus work. Pupils should not wear football strips for games or P.E.

The wearing of jewellery is discouraged at all times for safety reasons, this particularly applies to earrings. **On PE days it is preferable that jewellery is not worn.** However, if it is, all **jewellery** must be removed for P.E. Pupils with long hair must have this tied back for P.E. and need to bring their own bobbles to do this. A letter is sent in August to parents reminding them of these safety features and notifying you of your child's P.E. days so that children are always prepared for participating in gym.

Lost Property

Pupils often misplace or leave things behind at the end of the school day. It is important that items of clothing are clearly labelled in order to assist the school in returning lost property

Allergies

A significant number of children and young people in our schools will have allergies and it is important that parents keep the school fully informed on these matters.

Allergies can present in a variety of ways and can occur at any point in a person's life. Symptoms range from mild to severe. Children and young people known to have an allergy with moderate to severe symptoms will likely have a Health Care Plan drawn up by the NHS. This will detail symptoms and appropriate interventions.

It is vital that parents share this information with the school and continue to provide any updated information.

Where symptoms are mild and a Health Care Plan is not in place, parents should still continue to liaise regularly with the school on any new triggers, medications and actions required.

In all cases, our employees need to know your child's symptoms, treatments and any actions required to help prevent exposure to the allergen and minimise the risk of allergic reactions.

Employees in schools will receive training on allergies and will liaise with parents and NHS on any additional specialist training required.

In supporting children and young people with allergies, school employees will operate in accordance with South Lanarkshire Council's Safe Systems of Work / risk assessment and national guidance on the administration of medicines.

We are a nut-free school and-for health and safety reasons-we ask that pupils do not bring snacks/food items to school which contain nuts.

Support for parent/carers

Clothing grant

In certain circumstances the Council provides support to parents/carers for the purchase of school wear.

Applications can be made online at www.southlanarkshire.gov.uk. If you are required to submit evidence of your Tax Credit income it is important that a copy of this evidence is attached to your online application. Should you require further information or you are unable to submit an application online then please contact the helpline number **0303 123 1011** (option 5).

School hours/holiday dates

Monday – Friday

School day	09.00-15.00
Interval	10:30-10:45
Lunch	12.15-13.00

Holiday dates and school diary dates are available to parents/carers from August on the school app.

The school holiday dates and in-service dates are available from the local authority website, www.southlanarkshire.gov.uk. In-service dates are days when staff undertake development work related to the school and pupils should not attend.

Please see attached list showing school holiday dates.

Enrolment – how to register your child for school

To register your child for school you should complete our online registration form. This can be done using the South Lanarkshire website.

www.southlanarkshire.gov.uk/info/200186/primary_school_information/392/enrolling_your_child_for_school

If you have any difficulty in identifying your catchment school, please email

Edsuppserv.helpline@southlanarkshire.gov.uk

The online registration form will ask you to provide each child's full birth certificate and two pieces of recent official documentation both containing your permanent home address for example a utility bill, council tax statement, housing rent card, child benefit documentation.

Proof of where the child lives may also be needed.

If your child attends the nursery of your catchment school don't assume that they will be automatically transferred. You must register them as normal.

If your child is starting school for the first time you must enrol your child at their catchment school in January. If parents want their child to go to another school, they must enrol in the first instance with their catchment school and ask for an information leaflet that provides details on how to make a placing request. An online placing request form is available from the SLC website – www.southlanarkshire.gov.uk or by contacting edsuppserv.helpline@southlanarkshire.gov.uk or by phone-**0303 123 1023**.

Enrolment date for 2022 is week commencing 17 January 2022.

Transport

School transport

South Lanarkshire Council has a policy of providing school transport to primary pupils who live more than one mile by the recognised shortest walking route from their catchment school. This policy is more generous than the law requires. This means that the provision of transport could be reviewed at any time. Parents who consider they are eligible should complete a form online at www.southlanarkshire.gov.uk or contact **0303 123 1023**. These forms should be completed and returned before the end of March for those pupils starting the school in August to enable the appropriate arrangements to be made. Applications may be submitted at any time throughout the year and will be considered by Education Resources.

A privilege transport scheme is operated for mainstream school contracts where a pupil is not entitled to free school transport. Privilege transport will only be granted providing there is spare capacity on an existing school contract and will be from and to designated pick up and drop off points. Privilege transport will not be provided where a service bus is used on the school run. Any spare capacity will be allocated using agreed priorities. More information on school transport is available at

Pick-up points

Where school transport is provided it may be necessary for pupils to walk a certain distance to the vehicle pick-up point. Walking distance in total, including the distance from home to the pick-up point and from the drop-off point to the school in any one direction, will not exceed the authority's distance limit for school transport.

It should be noted that it is the parent's responsibility to ensure their child behaves in a safe and acceptable manner while travelling in and alighting from the vehicle. Misbehaviour can result in your child losing the right to school transport.

Parents are asked to note that South Lanarkshire Council does not provide transport for those pupils who attend school via a placing request.

Gilmourton's Safe Travel Guide

When travelling in a vehicle:

- please sit where you are asked to and try not to complain about it
- put your seat belt on immediately and keep it on
- use a quiet partner voice as the driver needs to concentrate
- be respectful of the vehicle you are travelling in

Insurance for schools – pupils' personal effects

South Lanarkshire Council is concerned at the level of claims being received for loss or damage to pupils' clothing or personal effects. Parents are asked to note the Council's position in terms of insurance for pupils' personal effects:

(i) Theft/loss of personal effects

The Council is not liable for the loss or theft of pupils' clothing or personal effects for example mobile phones, tablets etc. and any items are therefore brought into the school at the pupil/parents' own risk.

Parents can assist by ensuring that valuable items and unnecessarily expensive items of clothing are not brought to school.

Teachers and other staff have been advised not to accept custody of any such items.

The same principle applies to musical instruments and other equipment used for activities within the school, which belong to the pupil, but are brought into the school. Parents should be aware that if such equipment is left in school, it is done at the pupil/parents' own risk.

In the case of valuable items such as musical instruments, parents should ensure that these items are covered by their own household insurance.

(ii) Damage to clothing

The Council is only liable for damage caused to pupils' clothing where the damage has resulted from the negligence of the Council or one of its employees. Claims arising otherwise will not be accepted by the Council's insurers.

Family holidays during term time

Every effort should be made to ensure that your child attends school during term time. Please contact the school as soon as possible if your child is unable to attend school.

Family holidays should be avoided during term time as this both disrupts the child's education and reduces learning time. If holidays are taken during times when the school is open parents should inform the school in advance by letter.

If your child is taken on a family holiday during term time then in line with Scottish Government advice this will be classified as an unauthorised absence. However, in exceptional circumstances schools may register a family holiday during term time as an authorised absence when for example, parents are unable to obtain leave during the school holiday period.

Clearly, absence with no explanation from parents will mean that the absence will be recorded as unauthorised.

In our approach to raising attainment and achievement it is recognised that attendance at school is something that should be continuously encouraged. Parents/carers, children and the school all have a part to play in encouraging and stressing the importance of attendance at school.

The school holiday dates and in-service dates are available from the website www.southlanarkshire.gov.uk

Promoting positive behaviour

It is the responsibility of staff within the school to ensure that parent council members, parents and pupils are involved in the creation of a positive school ethos that encourages good behaviour. Equally, the school whilst trying to promote positive behaviour must support young people should incidents or bullying occur. Parents have a significant role to play in working with the school so that teachers, parents and pupils know what is expected of them in trying to change the behaviour and attitudes that contribute to bullying behaviour.

Our approach is to create an environment where better behaviour will encourage better learning. The school, along with the support of parents, can work together to create a learning environment which young people can enjoy and feel safe.

Incidents of bullying should be reported to the school immediately so that each alleged incident can be looked at. Together we can work towards creating a safer school for children and staff.

In addition, a guideline (Promoting Positive Relationships and Behaviour) has been produced to support all teaching and support staff and inform them of their roles and responsibilities in respect of dealing with the small number of children and young people who display challenging behaviour. Early identification is crucial so that intervention can be provided to support children and young people to help them address their issues and concerns. Staff training is provided to help develop the skills needed to respond to and manage challenging behaviour. A wide range of appropriate staff development opportunities has been developed for this purpose.

Child Protection

All staff in educational establishments in South Lanarkshire Council receive an annual Child Protection update and are required to follow the advice and guidance contained within relevant Education Operating Procedures. They must also complete a mandatory Learn on Line Course "Child Protection in Education".

South Lanarkshire's children's services partnership works together to support children, young people and their families so that children grow up in communities where they are safe, healthy, active, achieving, respected, responsible and included, and have the opportunity to achieve their full

potential. They are committed to continuously improve our services to ensure children, young people and their families get the right support at the right time.

Sometimes children and young people need additional help to make sure that they are *“cared for and protected from abuse and harm in a safe environment in which their rights are respected”* (CPC South Lanarkshire Child Protection shared vision). The Child Protection Committee has the overarching responsibility to ensure that agencies individually and collectively work to protect children and young people as effectively as possible.

All staff have a responsibility to report any suspicions that a child has been abused or is at risk of harm, abuse, or neglect. Robust procedures and guidance are in place to support education staff to: -

- be alert to signs that a child may be experiencing risks to their wellbeing,
- report concerns to the head of establishment or the child protection coordinator without delay.
- be actively engaged in support and protection and development of wellbeing.

If you would like more information, or have a concern of a child protection nature, please contact the head of the educational establishment which your child attends.

The Child Protection Committee's website has a range of useful information for parents/carers to help them keep their children safe. www.childprotectionsouthlanarkshire.org.uk

Information on emergencies

We make every effort to ensure the school remains open during term-time for pupils. However, on occasions circumstances may arise which can affect the school. Schools may be affected by, for example, severe weather, power failures or through any other circumstances that may impact on the school day. In such cases we shall do all we can to let you know if this happens. We shall keep you in touch by telephone, text, where appropriate, letters, web news and through local radio stations particularly if there are prolonged periods of severe weather. The Council's website www.southlanarkshire.gov.uk will be used to let you know if the school is closed and when it will re-open.

It is important for parents/carers to let the school know of any change to your mobile/home telephone number and change of address.

If for any reason, you are unsure if the school is open visit the website www.southlanarkshire.gov.uk or email education@southlanarkshire.gov.uk

Your commitments

We ask that you:

- support and encourage your child's learning
- respect and adhere to the schools policies and guidance
- let the school know if you change your mobile/telephone number and/or address
- enjoy and take part in school activities
- accept your responsibility to respect staff who work in the school and for the school to be proactive in taking forward it's commitment to care for and educate your child.

General Data Protection Regulation as supplemented by the Data Protection Act 2018 (GDPR)

Information on pupils, parents and guardians is held by the school to enable the teaching, registration and assessment of pupils as well as associated administrative duties. The information is stored and used as per the requirements of the GDPR, with South Lanarkshire Council defined as the data controller. The Council have established a data protection policy that applies to all of its school. Education Resources has also prepared a privacy notice (below) which sets out how we will deal with personal information as part of our statutory function as an education authority. For more information please contact the school.

Privacy Notice

Introduction

In line with the General Data Protection Regulation (GDPR) we have produced this privacy notice to inform you how we deal with personal information as part of our statutory function as an education authority.

The Council has a legal obligation to deliver effective education services to children, young people and adult learners in South Lanarkshire. In order to do this we need to collect personal information about children, young people and their families so that we can help them to learn and keep them safe.

Using your personal information

The Council is a “controller” of the personal information you provide when enrolling for a nursery or school, applying for an education service or participating in groups or activities provided by Education Resources.

Information we collect from you about you and your child at enrolment

When you enrol for a nursery or school, we ask for the following information:

- parent/carer contact details (name, address, phone, email);
- the child’s name, date of birth, gender and address;
- information about medical conditions, additional support needs, religion and ethnicity;
- any information you may wish to provide about family circumstances.

Information we collect at other times

We will also collect information at other times such as when you apply for a benefit, request a services or other support. We will provide an additional privacy notice at these times.

- If you apply for an education service or benefit, such as school transport, free school meals, clothing grant, placing request or EMA, we will also ask for personal information as set out above. We will also ask for information about your income for education benefits applications.
- If you make a request for additional support such as an educational psychologist or other support for learning we will ask for more detailed information to allow us to provide the most appropriate support for your family. This may include information about family circumstances or medical conditions.
- If there are concerns about your child’s wellbeing and/or your child has needs that may require additional support, we will wish to work with you to collect and consider information to enable us to help you get the right support at the right time in line with the Getting it right for every child approach.

We require this information to ensure that children and young people are educated appropriately, supported, and that we take account of their health and wellbeing. We will also ask you to update this information annually and to tell us when there are changes to your details.

Information that we collect from other sources

As an education authority and as part of our statutory function in accordance with our legal obligations, we receive information from other sources such as the SQA, the NHS or Social Work about you or your child, this includes:

- exam results and assessment information;
- information about health, wellbeing or child protection.

Why do we need this information?

We need this information so the Council can ensure it is delivering education services appropriately to all learners:

- for the education of children, young people and adult learners;
- for teaching, enrolment and assessment purposes and to monitor the educational progress of children, young people and adult learners ;
- to keep children and young people safe and provide guidance services in school;
- to identify where additional support is needed to help children, young people and adult learners with their learning;
- to maintain records of attendance, absence and behaviour of children and young people (including exclusions);
- to support children and young people moving on each year from nursery to primary, primary to secondary and when they move or leave school;
- to help us develop and improve education services provided for young people, adult learners or families
- In accordance with our legitimate interests as an education authority we will also use your information to create statistical reports.

We will share your information with:

As an education authority and as part of our statutory function in accordance with our legal obligations we will share information with other bodies or parts of the Council, including:

- The Scottish Government and bodies such as Education Scotland, Scottish Qualifications Authority, Skills Development Scotland and other organisations that support children and young people's learning;
- Other parts of the Council when required for services such as school meals, school transport, education benefits and with Social work in connection with any child protection concerns we become aware of;
- The NHS, to support health initiatives in accordance with the legal obligation on the Council in terms of section 39(3) of the National Health Service (Scotland Act 1978);
- South Lanarkshire Leisure and Culture Limited, where children and young people are participating in sports and leisure activities;
- Other schools/local authorities – if a child moves or transfers to another school the Council has an obligation to pass on information with regards to pupil records to the new school/local authority.

You have the right to access your personal information as well as the rights of rectification, erasure, restriction and the right to object. For information on these rights and how to exercise them or for information about how we manage your personal information, you can get a copy of our full privacy notice from our website:

(https://www.southlanarkshire.gov.uk/info/200235/meta/1730/general_privacy).

Our full privacy notice will also provide information on how to make a complaint or to request a paper copy of the privacy notice from the Data Protection Officer.
