

Priority 1

Numeracy and Mathematics - Embark on Improving Our Numeracy to continue to ensure high attainment in Numeracy and support the wider application of Mathematical skills across the school.

Priority 2

Inclusion and Wellbeing -

All staff actively engage in Circle Framework across the school to inform and support the engagement and achievement of all learners, embedding UNCRC. Look at Antiracism and Antibullying policies.

Priority 3

Inquiry Based Learning - IDL

Develop Inquiry Based Learning across the school using the Inquiry Cycle to guide Interdisciplinary Learning, also Play Based Learning approaches.

*Our School Improvement
Priorities
in Session 2026-2027*

Our Improvement Journey

This session, we will use a variety of approaches to achieve our improvements:

- Using Building Thinking Classrooms research and approaches.
- Utilising the Improving Our Numeracy professional learning developments.
- Analysing data - pre, during and post interventions.
- Building "Sprints" into our planning and time for discussion and analysis.
- Developing more consistency with the CIRCLE Framework for Inclusion for all.
- Building on the positive attachment understanding and developing consistency across all staff and learners.
- Ensuring all the school community is aware of the Relationships, Antibullying and Antiracism approaches we adopt in school.
- Raising the profile of UNCRC and developing through our learning and teaching.
- Developing policies for Inquiry Based Learning and Play Based Learning in our school.
