

Appendix 5

Attachment leads and ambassadors have been chosen within Kirklandpark. This consists of members of SLT, class teachers and nursery staff. Our ambassadors meet once a month to look at how we drive change forward in our school. We look to engage our parents and possibly have a representative from the wider school community. We regularly link in with another committee called the 'KP Kind Kids' who work to develop kindness, empathy and caring attitudes. Our ambassadors recently presented at an assembly about 'Friendship February'. A working party has also been created to drive this forward within our establishment with members from Early, First and Second level to ensure consistency.
