2024 - 2025 Improvement Plan Review

What do you think we have done well during this last year?

Your answer

What do you think that we could have done better during this past year?

Your answer

Please list any areas of the children's learning that you feel have deteriorated over recent years and therefore need to be worked on. These will be identified within our Standards & Quality report. This can go beyond the curriculum eg. learning styles, motivation, stamina etc.

Your answer

What has impacted most on learning progress within your classroom during this academic year (in a positive way)?

Your answer

What resources do you think need to be replaced or replenished for August? (You don't need to include everyday items as these will be purchased as a matter of course. This question focuses on big, more costly items.

Your answer

Please identify any CLPL / training needs that should be a focus for us as a staff group during this coming session.

Your answer

In Kirklandpark we are used to being together and working as a community on a regular basis. This year our School Show was a huge success. Please list any ideas for whole school collaborative activities / projects / curricular work that we could undertake next session.

Your answer

Thank you for your help. It is much appreciated!
