

Kirklandpark Primary School

The majority of our day to day communication and information regarding all the classes, school calendar and other news items can be found on our School App, which is available to download to all mobile devices through the App Store/Google Play. Once you have downloaded the app, search for Kirklandpark Primary School and you will gain access immediately.

Please ensure you have selected 'whole school' in the settings section of 'messages' – this will ensure you receive every notification attached to every message sent out.

Paper based information will only be sent out on the rare occasion, all communication will be sent through the school app. Please ensure you have this downloaded so you so not miss important updates or your child misses out on activities or events e.g. extra-curricular transition clubs.
