Good morning,

This term I will be running two 45 minute **nurture** sessions on a Monday which will run as an 8 week intervention.

Please can you let me know if there is anyone in your class who would benefit from this. I'm aware that you are just getting to know your class so if there is anyone from your previous class that comes to mind please pass this information on to their current class teacher.

In order to make the most impact for these children the groups will be limited to those children who will benefit the most. These children will then be required to have a Boxall Profile completed to highlight their areas of focus for the term.

Please can you send me the names by Monday 25<sup>th</sup> August.

Kind regards,

Amanda
