

As you all know the purpose of the groups is to ensure that we involve the children's voices in the decisions that we make as a school and to move forward with the many initiatives we embrace collectively.

Please can you complete the poster to identify which group you would like to lead on. I am aware that some **committees** may have run their course, and you may want to change or add to them.

Can you also think about a small blurb that describes your group. I would like to collate and issue them back to you collectively as you present the groups to the children. Please can the blurbs be returned to me by Tuesday 2nd September. A few lines are all that is expected. No lengthy novels 😊
I will then reissue this before the 8th September.

Please then support the children to complete the application forms (to come) to be issued on week beginning 8th returned 15th September. Please leave completed applications in the grey tray that will be outside the DHT office.

The groups will run 1:30-2:30pm on a Wednesday. The first being on the 24th of September. I will issue the group names before that date.

During the first meeting please identify with the children the target(s) and complete the form (see attached). Again, please return after the first meeting to me and display on your board by 30th September.
