Hello,

Do you feel your classroom is becoming cluttered? (I do!) Have you got resources you would like to exchange for different ones? Well, I have the perfect solution for you! A 'staff Sustainability Swap Shop' where you can exchange your used resources for more useful ones. This is ideal if you have moved to a new stage or are just starting your teaching career and need to build up your resources.

The swap shop will be located outside the staff room, in front of the maths resource cupboards. I feel the staff room maybe too busy. The type of resources that might be useful for others are class library books, topic resources, storage items, maths and literacy games, golden time games, teaching books for a particular stage perhaps or even photocopiable resources that you have used in the past (not Twinkl). Any other items that you feel would be useful to others can also be added. For this to work I would encourage you to leave a resource when taking one. This would mean that there is always a bundle of resources to choose from.

I think this will be a good way for us to share our resources and have a clear out (I know that I am in desperate need of this!). Obviously do not part with any resources that are precious to you. Let's run this up until Christmas and see how it goes. We can then decide if it is worth doing next year. I am planning to start the swap shop on Monday 25th August. So start looking resources out!

I thought this would be another way of us becoming a more sustainable school.

If you have any questions, please just ask.

Lisa Purse x

P.S. Pupils are not allowed to be exchanged in the Staff Sustainability Swap Shop! LOL 😄
