We are *committed* to our learning & *committed* to our school community. We come to school prepared to learn & ready to work hard in order to fulfil our *ambitions*. We work creatively and we strive to perform to the very best of our ability. We develop *resilience* so that we can face all that life has to throw at us. We are *committed* to *equity*, social justice & kindness. In doing all this we fulfil the high standards promised in our school motto, Virtute.

Be Prepared, Be Engaged, Be Respectful
