Long term absences in Maths have closed. We have a long-term absence in Chemistry. Interviews for supply cover in Science are scheduled for Wednesday. Long-term absences in our Library staffing and in our School Support Assistant team (classroom, IST) continue. Cover has been requested. A vacancy in our office team has still to be filled.

Following the early retiral of Jim Shields, Dalkia, Billy Cunningham, Facilities Technician, has joined our team. Rory Currie and Lewis Wilson continue to provide cover for a long-term absence.

#### **Attainment Overview**

2024 ACEL data shows that 93% of young people achieved Level 3 or better in Literacy (2%-point increase) and 72% achieved Level 4 Literacy (7%-point increase).

93% achieved Level 3 Reading (2%-point increase) in 2024 and 83% achieving Level 4 in 2024 (12%-point increase). In Writing, 93% of young people achieved Level 3 or better (1% point increase) and 70% achieved Level 4 by the end of S3 in 2024 (2%-points lower than in previous year). 91% of young people achieved Level 3 or better in Numeracy (3%-points lower than in previous year) and 71% achieved Level 4 Numeracy by the end of S3 in 2024 (3% points lower than in previous year).

Senior Phase Insight data shows consistently high levels of performance in supporting S4 students to achieve 5@3 (80.87%, VC = 78.43). In four of the past five years, our students have outperformed those in the VC at Level 4, with 80-92% of students achieving 5@4, other than in 2024 (60.87%, VC = 73.67%). In 1@5, students have been in line with or above the VC in four of the past five years, with the exception of 2024, when 70% of students achieved 1@5 (VC = 78.17%). In four of the past five years, students have achieved within 3% or have attained above the VC (37.39% in 2024, VC= 40.9%).

In S5 Highers, 50.6% of students achieved 1 or more Higher A-C (VC = 60.96); 27.71% achieved three or more Highers A-C (VC= 38.13%); 12.05% achieved five or more Highers A-C (VC= 16.39%), which was lower than in the previous five years, when students have either performed higher or within four percent of the VC. When all Level 6 qualifications are considered, the data shows that 74.7% of students achieved one or more Level 6 qualification (VC = 73.37%); 43.37% achieved three or more Level 6 qualifications (VC = 53.33%); 15.66% achieved five or more Level 6 qualifications (VC = 28.43%).

## **Requests for Funding from Departments**

Requests were received from Modern Languages, Art, Drama, Music, DofE, PE and Bike Maintenance. Grant requests have been submitted to Tesco and the Community Council for the extra-curricular resources within the requests.

## **Participatory Budgeting**

School Trips, e.g. Alton Towers/Blackpool was the most popular choice in this year's Participatory Budgeting consultation. Further consultation will be required as £4,500 is available. This would fully support a trip for 45 students to Alton Towers, based on pricing for 2024.

## **School Improvement**

Our School Improvement Priorities for 2023-26 (summarised below and available at [School Improvement Priorities 2023-26](#)) were agreed last session following consultation with pupils, parents, staff and partners, taking into account the National Improvement Framework and the improvement priorities of South Lanarkshire Council's Education Resources. We continue to review and amend these priorities to meet the needs of our pupils and school community and are always keen to hear your feedback.

Lesmahagow High School's Improvement Priorities for 2023-26:

Ensuring consistently high-quality learning and teaching for all young people through our five strategic priorities:

1. Health and Wellbeing - continue to improve the health and wellbeing of our school community through universal, targeted and intensive support.
2. Inclusion, Equity and Equality - continue to ensure inclusion, equity and equality are at the heart of what we do, through supports for young people and families, and professional learning for colleagues.
3. Raising Attainment and Leadership of Change - Continue to provide a learner-centred curriculum and high-quality learning and teaching that raises attainment for all young people.
4. Skills for Learning, Life and Work - Continue to support children and young people to develop their skills for learning, life and work and secure a positive and sustained post-school destination.
5. Sustainability - Provide opportunities to influence action on sustainability and climate change.

Your feedback on School Improvement is always welcomed.

## **Curriculum**

We are currently reviewing our BGE curriculum. Current feedback indicates interest in adding PE and RE as subject options to the choice column for S3 and in reviewing Masterclasses to include further opportunities for gaining awards.

Full consultation on our BGE curriculum will take place, but to allow these changes to take effect in S3 from 2025, decisions require to be made pre-Christmas. Feedback from our discussion, along with feedback from pupils and staff will inform our next steps in planning.
