P Accelerate Programme – Strathclyde University – S4 and S5 students

As one of their partner schools, the University of Strathclyde has again offered us the chance to apply for funded places for their Accelerate programme. 10 of our students took part last year.

The programme involves a week of attending the university in June where you, alongside other young people from up and down the country, will work on a project. The subject areas covered are:

Business • Chemical Engineering • Chemistry • Computer Science • Education • Politics • Electrical & Electronic Engineering (EEE) • Law • Product Design

A member of the university's staff will visit us on Friday 7th March to talk to those interested about exactly what is involved. If you are interested, please, let Mr Mallaghan know ASAP. He will then add you to the invitation list to attend the presentation.

If you are interested in going to university when you leave school, and any of the above subjects are of interest to you, this is a great opportunity.

Mr Mallaghan

P Emergency Exits

A reminder that fire doors must only be used during emergency evacuations. This change has been implemented by South Lanarkshire Council, across all schools and other Council buildings, for health and safety reasons, to improve security and also due to maintenance issues. All pupils must enter and leave the school building using the main entrance/exit.

P Home Economics

P Windfarm Connect2 Renewables Employability Fund – S4-S6 pupils

The following information about the Windfarm Connect 2 Renewables Employability Fund has been shared with S4-S6 pupils and posted in S4-S6 Google Classrooms:

Due to your proximity to the Kype Muir and Middle Muir windfarms, if you plan on leaving at the end of this school year, you could be entitled to up to £500 (if going to college/university) or £200 if going into employment/apprenticeship. This is a grant payment that does not need to be paid back. The only real requirement is that you live within the required postcode areas.

I would encourage you all to apply if eligible - it is free money that could be really useful as you start your post-school journey.

To apply, you really just need to complete a form - but you won't receive the money until you start college/university as they will need to see your student card. You can make enquiries now though by contacting: connect2renewables@souuthlanarkshire.gov.uk or telephone 0800 9520 070.

P EMA – S5/6

EMA application forms can be downloaded from the South Lanarkshire Council website. On the Council website, click on 'Education and Learning', then 'Secondary School Information', then 'Education Maintenance Allowance'. If you need any help with this, please see Mr Robertson or your Pupil Support Teacher. It is your responsibility to complete and send the application form.

When you receive an award letter with your EMA number on it, bring this to Mr Robertson who will then issue a copy of the Learning Agreement to be signed by your teachers and Parent/Carer. You should then return the completed Learning Agreement to Mr Robertson and the school office will then process your EMA.

Only when you have completed all of the above will the payment process begin. Please see Mr Robertson if you have any questions about EMA.
