#DigiInventors Challenge 2025

Entry from

Gillian Reilly, P.5

Woodside Primary, Hamilton, South Lanarkshire Council

- What is my idea and how does it work?

- What health and care problem does my idea solve? And why is this important to the health and care of young people?

Images of my digital technology solution

- How does my idea apply digital technology and how does it include features that benefit the environment and contribute to achieving net zero carbon emissions?

- Could my idea be made available to all young people? If so, how?

- Why do I think my idea should win?

- What do I think my idea needs to make it a reality?
