1) Introduction by the Head Teacher

Dear Parents and Carers,

As Head Teacher of Robert Owen Memorial Primary School, I am delighted to welcome you to our school!

This handbook has been produced for you. It provides you with information such as how your children will be educated and looked after in Robert Owen Memorial Primary School.

I would like to welcome you and your children to our school. Some of you will be familiar with our school community, but for others you will be meeting us for the first time.

South Lanarkshire Council is the fifth largest authority in Scotland. It covers the following main areas; Clydesdale in the south which features extensive rural areas, Cambuslang, Rutherglen, Blantyre and Uddingston to the north as well as the towns of East Kilbride and Hamilton.

The Council's Plan Connect sets out the Council's vision which is, "to improve the lives and prospects for everyone in South Lanarkshire".

For Education Resources this means delivering services of the highest quality as well as striving to narrow the gap. It is about continually improving the services for everyone at the same time as giving priority to children, young people, families, and communities in most need. The priorities for schools and services are set out in the Education Resources Plan which confirms the commitment to provide better learning opportunities and outcomes for children and young people.

This is available at [Education Resources Plan 2025/26 Education and learning - South Lanarkshire Council](#)

As parents and carers of our pupils, you will always be made welcome at Robert Owen Memorial Primary School. We aim to achieve the best possible education for your child. The most effective way to do this is to work in partnership with you. We hope that you will keep in close contact with us.

Our priorities are to ensure that all children can enjoy a high standard of care and welfare and learn in an atmosphere that is happy and stimulating. We strive to ensure that the ethos and school environment is one where children are encouraged to become successful learners, confident individuals, responsible citizens and effective contributors in line with Curriculum for Excellence.

I hope this handbook will answer many of the questions which you have about our school. If you have any other queries or concerns, please never hesitate to contact me personally and I will always do my best to address your concerns. We welcome all parents' visits and are happy to discuss matters of mutual concern related to your child's progress and welfare.

The staff at Robert Owen Memorial Primary School, look forward to working in partnership with you now and in the future.

Yours faithfully,

Mrs Paula Ross
Head Teacher.

2) About Our School

Robert Owen Memorial Primary School
Smyllum Road
Lanark
ML11 7BZ

Tel: 01555 662486
E-mail: gw14rompsoffice2@glow.sch.uk
School website: www.robertowen-pri.s-lanark.sch.uk
Parent Council: rompspc@gmail.com

Robert Owen Memorial Primary School is a non-denominational primary school, catering for children from Nursery (aged 3) to Primary 7. The current roll is 280, which includes the Early Learning and Child Care and Supported Provision.

The school is situated in the town of Lanark and its associated secondary school is Lanark Grammar School. The associated church of the school is Greyfriars Church.

Robert Owen Memorial Primary School welcomes community involvement in the school. We are keen to work with members of the community and welcome them at community events, assemblies and other celebratory occasions.

3. School Ethos

Ethos is the overall feeling and nature of a school. A positive school ethos can significantly impact on the health and wellbeing of pupils and staff. The ethos includes the atmosphere in the school, relationships between pupils, staff, families and the wider community, the school building and grounds, the sense of welcome and positive learning in the classroom.

Features of our positive school ethos include:

- A strong sense of community
- Good interpersonal relationships
- Appropriate pastoral care for pupils and staff
- An atmosphere that encourages citizenship
- Pupil voice
- Pupil participation in decision management

In Robert Owen Memorial Primary School, we recognise that the starting point for learning is a positive ethos and climate of respect and trust based upon shared values across the school community, including parents of children and young people.

Following consultation with all our stakeholders, we have agreed our new Vision, Values and Aims,

Our Vision for Robert Owen Memorial Primary School and ELC is:

To create a welcoming ethos, where everyone is happy and inspired, through our nurturing and supportive environment.

Our School Values are:

- Ready
- Respectful
- Safe
- Honesty and Ownership

Our Visionary Aims are:

We, in Robert Owen Memorial Primary School and ELC aim to:

- *Support and challenge all children to be ambitious and resilient by providing motivating, inspiring, high-quality learning experiences*
- *Equip all children with skills to succeed in learning, life and work in an evolving, digital world*
- *Foster purposeful relationships within the school and local community.*

Our School Motto is:

Dream, Believe, Work Hard to Achieve!

Parents, carers and friends of the school are always welcome to support the school by assisting or leading in areas of expertise or interest, whether through the curriculum within the school day, or for a short period as an after-school club. The school always has an extensive range of after school clubs, run by parents, members of the community and staff, which enables a wider sharing of skills and interests.

We always welcome support from the wider community and are very grateful for the support already in place. Thank you, parents/carers and community members, you enhance our pupils' learning!

Our Nursery to Primary 1 transition involves all denominations and this approach is continued throughout P1 to P7 with children participating in ecumenical events, ensuring a culture of inclusion and equality is promoted.

We, as a school, work closely with local businesses, care homes, nurseries and schools in the area, as well as organisations to enhance our children's experiences and strengthen community links. To develop our pupils' Skills for Learning, Life and Work, we engage with local businesses in our Health, Enterprise and World of Work Weeks.

Visits to School for New Parents

Parents are always welcome to view our school. Please contact the office (01555 662486) to arrange an appointment.

School Chaplain: Currently awaiting new appointment of chaplain.

Lanark Learning Community

A learning community is made up of schools and education establishments from the area including the secondary school, primary schools, early years establishments, early years partners and schools and bases which provide specialist additional learning services. Lanark Learning Community consists of Braehead Primary School, Carmichael Primary School, Carstairs Junction Primary, Carstairs Primary, Douglas Primary, Kirkfieldbank Primary School, Lanark Primary School, New Lanark Primary School, Rigside Primary School, Robert Owen Memorial Primary School, Underbank Primary School and Lanark Grammar.

The learning community develops ways of working between establishments and with other agencies and organisations to ensure services are responsible, accessible and are delivered as effectively as possible. Each learning community is managed by a Head of Education. The Head of Education for our area is Ms Jacqueline Wallace.

Pupil Comments about their school:

Our school is welcoming, and everyone feels included.

The staff are always smiling and happy. They say, "good morning" and always make sure you are okay.

We get to join different committees which means we can be leaders. I'm in the sports committee and I helped to plan Sports Day.

The lunches are really tasty, and the ladies in the canteen are kind.

What we think about our school:

ROMPS is a fun and positive environment.

Kindness has no limits at ROMPS.

Everybody helps each other on their journeys. The teachers and pupils all look out for each other.

There are a lot of sporting opportunities, and even the pupils can plan and run their own lunchtime clubs.

Robert Owen Memorial Primary School has achieved Level 1 award as a Rights Respecting School. We were commended on the mutual respect shown by pupil/pupil, staff/pupil and staff/staff.

It is a requirement of the Children and Young People (Scotland) Act 2014 that public bodies encourage and support children's rights and here in South Lanarkshire the Making Rights Real is a framework for Rights Based Learning, created to support schools to meet these requirements and to support teachers to deliver Rights Based Learning in the classroom.

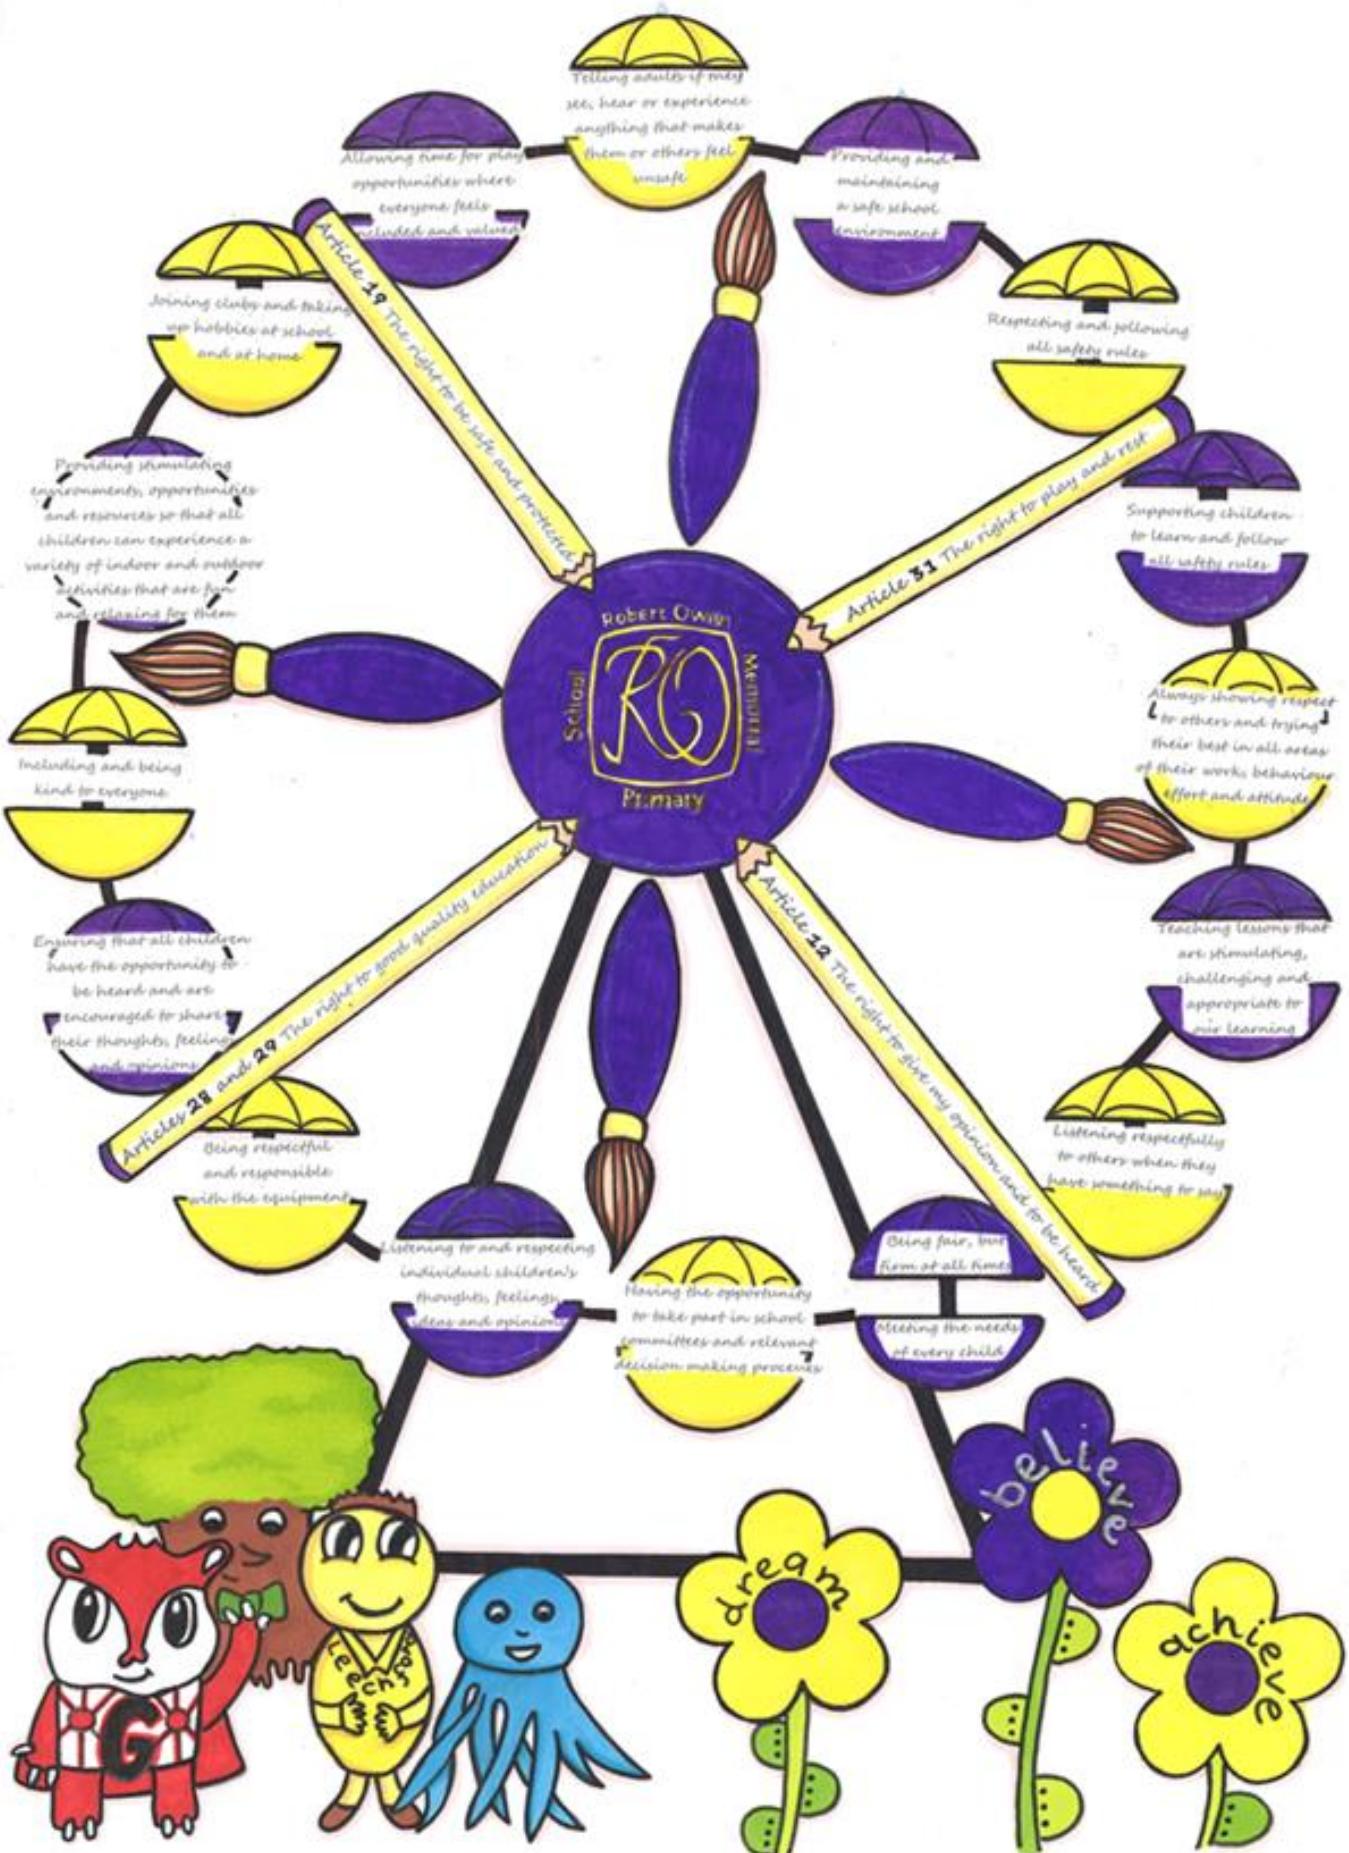

We believe that the benefits of Rights Based Learning are many, that they should impact positively on the wellbeing of pupils and adults, on the ethos of the school and should enable children to attain and achieve in an environment that promotes the ethos of respect and dignity.

The five key areas of Rights Based Learning are as follows

- Rights: What they are
- Rights: Pupil participation
- Rights: Within learning and teaching
- Rights: Across the school
- Rights: In the community and the world

Our School Charter:

The Making Rights Real Committee worked with all members of the school community to create and design a school charter. Our school charter is the guidelines that we all agreed on for our school to highlight to all children that they have certain rights. These rights are important as they help to keep us safe and happy while we receive our education. In the design we incorporated important aspects of life in our school and rights that we felt were most relevant to us each day. We are very proud of the finished result.

School Charter

Pupils can respect each other's Rights by:	Children's Rights from the UNCRC	Adults can respect our Rights by:
Telling adults if they see, hear or experience anything that makes them or others feel unsafe Respecting and following all safety rules	Article 19 The right to be safe and protected	Providing and maintaining a safe school environment Supporting children to learn and follow all safety rules
Always showing respect to others and trying their best in all areas of their work, behaviour, effort and attitude	Articles 28 and 29 The right to a good quality education	Teaching lessons that are stimulating, challenging and appropriate to our learning Being fair, but firm at all times Meeting the needs of every child
Listening respectfully to others when they have something to say Having the opportunity to take part in school committees and relevant decision making processes	Article 12 The right to give my opinion and to be heard	Listening to and respecting individual children's thoughts, feelings, ideas and opinions Ensuring that all children have the opportunity to be heard and are encouraged to share their thoughts, feelings and opinions
Being respectful and responsible with the equipment Including and being kind to everyone Joining clubs and taking up hobbies at school and at home	Article 31 The right to play and rest	Providing stimulating environments, opportunities and resources so that all children can experience a variety of indoor and outdoor activities that are fun and relaxing for them Allowing time for play opportunities where everyone feels included and valued

Life of the School:

Our children are encouraged to contribute to the life and work of the school and, from the earliest stages, to exercise their responsibilities as members of the community. Our children are encouraged to exercise their right to participate in decision making that affects them. We believe all children regardless of their age or ability can offer experience and knowledge, new perspectives, skills, time and both creative and practical ideas. They are encouraged to contribute as leaders and role models, to offer support and service to others and to play an active part in putting the values of the school community into practice.

Pupil Council:

We have an active Pupil Council which enables young people to play an important role in school life and help in various different ways, for example:

- to enable a two-way process of consultation between pupils and staff
- provide formal means for pupils to raise issues
- consult pupils on major issues that will affect them
- help raise pupil morale
- make a positive contribution to the school ethos.

Committees:

All children are developing as effective contributors, responsible citizens, successful learners and confident individuals by fully contributing to the life of the school and the wider community. Children have active roles in the various committees and working parties throughout the school, e.g. Pupil Equity Group, Pupil Council, JRSO, ROMPS Royal Readers, Sports Committee, Eco Committee and Communication Champions. These committees meet regularly and have staff and parents on them as well to gain the views of all stakeholders.

Celebration of Achievement:

Achievement is celebrated daily in all classrooms and on our school X (Twitter) page. Achievements are also celebrated monthly at whole school assemblies and in each monthly SWAY.

All children are offered opportunities to participate in various after school clubs to enhance their skills and develop their interests.

ROMPS' Relationships' Pathway

Pupils at Robert Owen Memorial Primary School and in our Early Learning and Childcare (ELC) setting are encouraged to display positive behaviour throughout the school. To ensure pupils have every chance of achieving this goal, we have revised our **Relationships' Pathway**. HMI on their recent visit to our school, identified our Relationships' Pathway as a model of good practice and awarded the school a "Very Good" in *Leadership of Change* and also a "Very Good" in Wellbeing, Equality and Inclusion. These two achievements were underpinned by our positive approach to behaviour, which has been requested by HMI as a case study of good practice.

As with everything we do in school, the success of this approach depends very much on support from parents/carers. This support has been a strength in this process.

At Robert Owen Memorial Primary School and in our Early Learning and Childcare setting, we have a School Charter, which helps all of us understand our rights and responsibilities. This is based on the United Nations Convention on the Rights of the Child (UNCRC), which sets out the basic requirements for a safe learning environment.

The key components that underpin our new Promoting Positive Behaviour programme are:

- Emotion Works Cogs to help us deal with our emotions,
- Our School Values to help make school a positive experience for everyone,
- Our School Charter to help us understand our rights and responsibilities.

We understand at times, situations may arise where some children may require adult support with displaying positive behaviour. Therefore, teachers will use the Emotion Works cogs to talk children through how they are feeling.

If children are displaying unacceptable, dangerous or outrageous behaviour, the Senior Leadership Team will discuss their actions and decide on the consequence.

In order to promote positive behaviour further throughout the school and ELC, we have a House Points initiative.

All members of staff, including Teachers, Support Staff, Early Years Practitioners, the Janitor and Cafeteria Staff, will look for children who display our school values and follow the school charter each day. Staff will issue children with a house token to deposit into the House Token Collector. This is situated outside the main office.

At the end of each term, children will be rewarded for their positive approach to school with a TERMTACULAR.

Restorative Practice:

In Robert Owen Memorial Primary we are committed to using Restorative Practice techniques in the school particularly when dealing with challenging behaviour and conflict. It focuses on building and repairing relationships rather than on managing and controlling behaviour.

It is really about asking the following questions:

- What happened?
- What were you thinking?
- How did you feel?
- Who else has been affected?
- What do you need/to do?

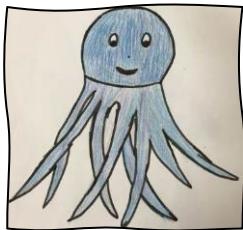

The emphasis on 'we' is crucial, because it implies that all those affected by what has happened are also involved in finding the way forward.

School Houses

There are 4 houses set up in school. These are Bonnington, Glenburnie, Leechford and Oakwood. All houses have great historic significance to Lanark as they are named after 4 of the town's march stones.

Each child is a member of one of these houses and has been given a badge to wear to show their support for their house. Children from the same families are in the same house. Children should wear badges to school every day.

Each house has its own mascot, which the children named and designed themselves:

Bobington is the mascot for Bonnington

Glenn is the mascot for Glenburnie,

Leo is the mascot for Leechford,

while Oak man represents Oakwood.

Children in Primary 7 are given the opportunity to put themselves forward for the role of Captain or House Vice-captain. Captains and Vice Captains take ownership of house activities on House Days and monitor points awarded throughout the year.

The house system gives children the opportunity to work with children of all age groups. Children will work individually and as a team to earn points for their house.

At the end of the year points will be tallied up and the winning house will win the House trophy. Other trophies will also be presented to the winning houses for the different competitions held throughout the year, e.g. Inter-house Quiz.

4. Staff List

Senior Leadership Team

Head Teacher: Mrs Paula Ross

Depute Head Teacher: Mrs Ruth Bradshaw

Depute Head Teacher: Mrs Natalie Allan

Acting Depute Head Teacher (Thursdays)/Principal Teacher (other days): Mrs Lesley Hamilton

Acting Principal Teacher: Mrs Annabel Rodger

Teaching Staff as at January 2025

Room 1	Primary 1	Mrs Gillian McDowell/Mrs Emily Tait
Room 2	Primary 1/ 2	Miss Victoria Ruthven/Miss Meagan Caldwell
Room 3	Primary 2/3	Mrs Gillian Picton
Room 4	Primary 3	Mrs Sheila McCallum
Room 5 (Supported Class)	Primary 1/2	Miss Hollie McNeill
Room 6 (Supported Class)	Primary 1/2/3/4	Miss Victoria Ruthven/Mrs Nicola Small
Room 7	Primary 4	Miss Lucy Paterson/Miss Carrie Ann Taylor
Room 9	Primary 5	Miss Lauren Ferguson
Room 10 (Supported Class)	Primary 2/3/5/6	Mrs Gemma Gilhaney
Room 11 (Supported Class)	Primary 5/6/7	Mrs Julie Hamilton
Room 12	Primary 6	Miss Rachel Murphy
Room 14	Primary 7	Mrs Deanne McMaster

This means other teachers take classes to allow class teachers to have planning/development time. We have two teachers who take classes for a range of curricular activities identified by the school.

C.C.C.: Miss Victoria Ruthven, Mrs Lindsey Bowie, Mrs Kimberley Dobbin, Mrs Yvonne Jordan and Miss Asten Hill.

Early Years' Team:

Early Years' Team Leader	Mrs Janey Watt
Early Years' Practitioners	Mrs Alison Logan
	Mrs Alison Kennedy
	Mrs Stacey Miller
	Mrs Michelle Gregg
	Mrs Veronica Lindsay
	Miss Carra Irvine
	Mrs Skye Jacobs
Early Years' Support Worker	Mrs Kathleen Thomas

Support Staff

Team Leader	Mrs Angela Harper
Clerical	Mrs Caroline Porter
Support Assistants	Mrs Kim Welch
	Miss Emma Lindsay
	Mrs Megan Clelland
	Mrs Brenda Ferguson
	Mr Matthew Gatenby
	Mrs Kelly Laird
	Mrs Susan Jopp
	Mrs Fiona Kelbie
	Mrs Una Doak
	Mrs Louise Tough
	Mrs Kelly Morens
	Mrs Nicole Muller
	Miss Nicole Gray

Facilities Staff

Janitor	Mr John Wilson
Cooks in Charge	Mrs Linda Russell
Catering Assistants	Mrs Jackie Donald
	Mrs Katie McCahon
	Mrs Leanne Taggerty
	Mrs Margaret Masters

Cleaning Staff

Ms Teresa Brennan
Mrs Jackie Shields
Ms Sharon Mulvaney
Mr Donald Martin

5. Attendance

Encouraging School Attendance

We believe that regular school attendance is key to raising attainment and achievement. It's a shared responsibility among parents/carers and the school to emphasise the importance of attending school. For your convenience, school holiday dates and in-service dates can be found on the council's website: www.southlanarkshire.gov.uk.

Every effort should be made to ensure that your child attends school during term time. Please contact the school as soon as possible if your child is unable to attend school. It is important for the school to work with parents/carers in encouraging children to attend school. All absences are required by law to be recorded. Absences will normally fall under two categories – authorised or unauthorised absence. In cases where your child is unable to attend school parents are asked to:

- Tell someone at the school if you know in advance of any reason why your child is likely to be absent from school; telephone us or let us know in writing. Please also give your child a note on his/her return to school, explaining the reason for absence.
- Notify the school first thing in the morning when your child is going to be absent. Let the school know the likely date of return and keep them informed if the date changes.
- If you know they have a hospital/dental appointment, please let us know in advance.

Requests for your child to be absent from school to make an extended visit to relatives either in the UK or overseas must be made in writing to the head teacher, detailing the reason, destination and duration of absence and arrangements for their continuing education. On these occasions the pupil will be marked as an unauthorised absence.

Parents may request that their children be permitted to be absent in order to celebrate recognised religious events. Advance notice should be provided to the school when children will be absent. Appropriate requests will be granted, and the pupil noted as an authorised absentee in the register. (See section 7).

Family Holidays During Term Time

Family holidays taken during school term time will be recorded as unauthorised absences in line with Scottish Government and South Lanarkshire Council policy. The school is not required to provide work during this period, and parents are asked to avoid arranging holidays that disrupt their child's learning.

Emergency Information

We strive to keep the school open during term-time. However, there may be instances such as severe weather or power failures that could affect the school day. In such cases, we will inform you as soon as possible through text messages and our social media channels.

Severe Weather Protocol

In the event of severe weather like snow or heavy frost, if the school cannot open at the usual time, we will delay the start until 10 am. Notifications will be posted on social media and the council's website.

Communication

The Council's website, www.southlanarkshire.gov.uk, will provide updates on school closures or delays including further information about the next school day.

Things we need you to do:

- It is important for parents/carers to let the school know of any change to your mobile/home phone number and change of address.
- If for any reason, you are unsure if the school is open visit the website at www.southlanarkshire.gov.uk or email: education@southlanarkshire.gov.uk

6. Parental Involvement and Parent Councils

Parents and carers play a vital role in their child's learning. Research shows that when families are involved, children do better at school and beyond. South Lanarkshire Council values parents as partners and works closely with schools to make this happen.

Why Parental Involvement Matters

- Strong partnerships help schools understand children's needs and help parents feel informed and supported.

- Parents can reinforce learning at home, making schoolwork more meaningful and connected to everyday life
- Parental involvement can help children develop a love of learning and resilience when facing challenges
- When parents work with school and take an interest in learning, children often achieve more academically and feel more confident.

Our Commitment

We want parents and carers to:

- Feel welcome and involved in school life.
- Be well informed about their child's learning.
- Have opportunities to support learning at home.
- Share views and take part in discussions about education.

Parent Forum and Parent Council

- Every parent with a child at school is part of the Parent Forum.
- Each school has a Parent Council, a formal group that represents parents' views and works with the school to improve learning and experiences.

Connect – Supporting Parent Councils

All Parent Councils in South Lanarkshire are members of Connect, Scotland's national organisation for parent groups. Connect offers:

- Free training and advice for Parent Councils.
- Resources and guides to help parents support learning.
- Insurance cover for Parent Council activities. Find out more at <https://www.connect.scot>.

Other Helpful Resources

- Parentzone Scotland – Practical advice and information about learning, additional support needs, and how to get involved: [Parentzone Scotland | Education Scotland](https://parentzone.scot)
- National Parent Forum of Scotland – Guidance and updates for parents: <https://www.npfs.org.uk>.

Getting Involved

Interested in joining the Parent Council or helping in school? Contact your school office or visit the Council website for details.

Our Parent Council and Parent and Teacher Association (PTA)

Chair: Mrs Lorraine Dick and Mrs Claire Frood

Staff Members:

Head Teacher: Mrs Paula Ross

Depute Head Teacher: Mrs Ruth Bradshaw

Depute Head Teacher: Mrs Natalie Allan

Acting Depute Head Teacher/Principal Teacher: Mrs Lesley Hamilton

Acting Principal Teacher: Mrs Annabelle Rodger (Thursdays)

All parents of children at school are automatically members of the Parent Forum and are entitled to have a say in what happens at the school. Parents can also decide to form a Parent Council to represent them. Our school has a Parent Council which has shared meetings with our PTA.

A copy of the Parent Council constitution and what it does, is available from the school and can be downloaded from the school website.

What does the Parent Council do?

The school and the local authority are obliged to listen to what the Parent Council says and to respond to the issues raised. All parents are welcome to come along to meetings, which are currently "virtual". Parent Councils represent parent/carer views on such matters as:

- how their Parent Council will be set up
- who should be a member of the Parent Council (majority of members must be parents)
- how parents can join and support the school
- how they can work together with the school and pupils to support children's learning
- when the most convenient time is to hold meetings
- what will be discussed at meetings – these might be topics such as school uniform, parking near the school, the school's anti-bullying policy, etc. However, it should be noted that, a Parent Council cannot discuss issues attributed to individual pupils.
- how parents can play an active part in helping the school to take forward Curriculum for Excellence.

All parents are welcome to be involved and will be given information at the beginning of the school year. It is a fun filled way of helping the school and our pupils. If you wish more information, or you can help in any way, please contact the school office.

Home-School Links

One of our main aims at Robert Owen Memorial Primary School is to build on and consolidate the already strong, supportive links with our parents and the wider community. It is important that you, as parents, feel welcome to come into the school at any time to discuss any concerns you may have about your children.

There are two formal Parents' Evenings: one in November and one in March. These meetings are in place to give you the opportunity to discuss your child's progress with the class teacher.

In addition to these more formal meetings, parents/carers are invited into the school at various times throughout the year to see the children showcase their work through assemblies, presentations and open afternoons. There are also events organised to keep parents up to date with the stage of your child; parent workshops, transition events for P1 and P7 and parent participation in class projects.

Our monthly "Sway" newsletter will be shared via email with you, keeping you up to date with events going on in the school and wider achievements. ParentsPortal is used to share information with parents and for permission forms to be completed.

Robert Owen Memorial Primary School fully appreciates all parental support both in school and at home. We welcome parent helpers into our school to support the children with active learning activities, paired reading, practical maths, number, reading games, computing skills, after school clubs and on educational visits.

This partnership with parents is highly valued and is evident in the two-way dialogue which exists between the home and school. Parents are regularly consulted, with views carefully reflected upon and considered within the school improvement plan. Robert Owen Memorial Primary School celebrates an ethos where parents feel they are an integral part of the school community. Parents can contact the school at any time by telephone, e-mail or letter, or by calling personally at the school.

7. The Curriculum

Curriculum for Excellence is the name given to the curriculum in Scotland for all children and young people aged 3-18. It is forward looking, coherent, flexible and an enriched curriculum that provides young people with opportunities to engage with the knowledge, skills and attributes they will need to flourish in life, learning and work.

The curriculum places learners at the heart of education and at its centre are four fundamental capacities - successful learners, confident individuals, responsible citizens, and effective contributors. It includes all of the experiences that are planned for children and young people to support the development of their skills, wherever they are being educated, for example in the family and community, pre-school centre, nursery, and school.

In taking this forward, our school will work closely with South Lanarkshire Education Resources and other services to enrich the curriculum, to provide the best possible education for all children and young people. We wish you to feel confident that your child is encouraged and supported to develop their literacy, numeracy and other skills whilst they attend our school. The curricular areas are as follows:

- Expressive arts
- Languages and literacy
- Health and wellbeing
- Mathematics and numeracy
- Religious and moral education
- Science
- Social studies
- Technologies

If you want to know more about Curriculum for Excellence, please visit [Scotland's Curriculum for Excellence \(scotlandscurriculum.scot\)](http://scotlandscurriculum.scot)

Our learning and teaching activities are based on the outcomes and experiences in the guidelines that all schools have for Curriculum for Excellence.

Level	Stage
Early	The pre-school years and Primary 1 or later for some.
First	To the end of Primary 4, but earlier or later for some.
Second	To the end of Primary 7, but earlier or later for some.

Curriculum for Excellence is about raising standards, improving knowledge and developing skills. The curriculum ensures continuity in children's learning and will take account of their strengths, interests and achievements.

Active Learning engages and challenges our learning. It helps us make links across the curriculum to ensure depth of understanding. A range of teaching approaches are used, such as outdoor learning and learning through the use of digital technologies, in order to engage all pupils in their learning.

Curriculum for Excellence is a major national reform designed to provide a richer, more flexible 3-18 curriculum which will equip children and young people for learning, life and work in the 21st century, by focusing firmly on their needs.

The aspirations of A Curriculum for Excellence are:
"For all children and for every young person that they should be successful learners, confident individuals, responsible citizens and effective contributors to society and at work."

The 21st century curriculum will provide support, structure and direction to young people's learning, so that they can maximise their potential in each of these four areas.

What does this look like in practice?

When planning activities and experiences for young people, teachers will take account of the following seven principles:

1. **Challenge and enjoyment** – All young people should be active in their learning and have opportunities to develop and demonstrate their creativity.
2. **Breadth** – all young people should have access to a range of activities so that they can learn and develop in a variety of ways.
3. **Progression** – All young people's learning should be built on earlier knowledge and Achievement.
4. **Depth** – All young people should have opportunities to learn and study in depth. As they progress, they should be able to draw different strands of learning together and deepen their learning to the best of their ability.
5. **Personalisation and choice** – The individual needs of all young people should be recognised with particular talents and skills being supported and developed. Opportunities should be provided for young people to exercise responsible personal choice as they progress through the school.
6. **Coherence** – There should be clear links between the different aspects of learning.
7. **Relevance** – Young people should understand the purpose of their activities and see the value of what they are learning for their present and future life.

Sometimes the learning experiences may be linked together through themes and projects covering several areas of the curriculum (interdisciplinary learning). At other times learning will take place in individual subject areas. Learning will also be developed through day-to-day involvement in the life and work of the school community and the wider community. Such activities will include a variety of out of school projects and a range of school or community-based events. Planned experiences will be designed to achieve specific outcomes in terms of the knowledge, skills and understanding that show how young people are progressing and developing.

Key teaching and learning approaches, to implement Curriculum for Excellence

1. Assessment is for learning (AifL)
2. Co-operative learning
3. Active learning
4. Interdisciplinary working – linking learning across the curriculum
5. Literacy
6. Numeracy
7. Health and Wellbeing
8. Assessing, recording and reporting on pupil progress
9. Outdoor learning
10. Using digital technology to enhance learning.

Languages and Literacy

Our Language programme seeks to follow the guidance set out in the experiences and outcomes of Curriculum for Excellence which aims to provide a firm basis for coherent progressive teaching in Language and Literacy.

The Languages and Literacy curriculum has three organisers: Listening and Talking, Reading and Writing. Our programmes use a range of materials and sources to provide the wide variety of stimuli which enable children to make progress in an interesting and pleasurable way.

At Early and First levels, the children are taught to read using the Oxford Reading Tree scheme. This programme covers a wide range of fiction and non-fiction providing a great variety of reading material which covers all skill areas and motivates children to read. The majority of our reading materials are book banded. Book banding is a system which organises books in level of difficulty. This is useful for both pupils and parents as it ensures an adequate level of challenge and allows parents to complement their child's reading out of school as banded books are readily available in the shops and libraries. As the children progress through First level and onto Second Level, Literacy World and novels are used as well as a wider range of texts to further their skills in reading and also provide a context for learning.

The technical skills of reading are taught through a balance of phonics and 'Look and say' approaches. Grammar is taught using a variety of approaches which are active and interesting.

Our children are given the opportunity to listen to a variety of text through the Pie Corbett Reading Spines.

From P1-P7, our children are taught spelling strategies and rules through the Active Literacy programme, such as Diacritical marking and Syllabification.

Children's writing skills are developed using a range of genre and where possible are linked to interdisciplinary topics.

A reference library has been established, and each class has a selection of fiction books, which are available for children to choose from. The children are encouraged to read for pleasure as well as for researching information.

Modern Languages

Today's children are growing up in a multilingual world and the ability to communicate effectively in social, academic and commercial settings is crucial if they are to play their full part as global citizens. In line with Scottish Government's 1+2 strategy all children across the school and nursery are taught French.

Mathematics and Numeracy

Our Mathematics programme seeks to follow the guidance set out in the experiences and outcomes of Curriculum for Excellence. It aims to present mathematics as a problem solving activity supported by a body of knowledge which will help children understand the world and prepare them to act effectively in work and in recreation.

Our school programme seeks to establish mathematical concepts and skills through carefully planned practical activities and to provide continuous consistent development. The materials used are designed to be flexible in use for class, group or individual teaching and include work on problem-solving and enquiry, information handling, number, money and measurement and shape, position and movement.

During maths lessons each day, the teachers use interactive teaching methods which include a daily session of mental maths activities to develop effective mental strategies and mental numeracy skills, such as Number Talks.

Digital Technology is an integral part of our Mathematics Programme with a wide variety of activities for all stages being available.

Social Subjects

Our programme seeks to follow the guidance set out in the experiences and outcomes of Curriculum for Excellence and is designed to ensure that learning involves activity and experiment, and that teaching and learning develops pupil's skills rather than simply remembering facts. Through the study of Social Subjects, children learn about the world in which they live and develop a range of skills in order to investigate and understand their environment. As they mature the children's experiences will be broadened using Scottish, British, European and wider contexts for learning, while maintaining a focus on the historical, social, geographic, economic and political changes that have shaped Scotland. We hope that they will also develop informed attitudes to environmental issues and to their own health and wellbeing.

Local Studies are strongly encouraged since they provide children with first hand experience and opportunities for field work. Throughout their studies children are given the opportunities to compare and contrast their own environment and culture with others.

Science

We use the applications of Science every day in our lives at school, at leisure and at home. Our Science programme seeks to follow the guidance set out in the experiences and outcomes of Curriculum for Excellence. This programme is aimed to develop the children's interest and understanding of the living things, materials and the physical world as well as topical science. They engage in a wide variety of investigative tasks which they do collaboratively with their peers. This allows them to develop skills of creativity as well as developing their enterprising and inventive skills.

Technologies

The technologies framework provides creative, practical and work-related experiences and outcomes which can be applied in business, digital literacy, computer science, food, textiles, craft, design, engineering, graphics and applied technologies. This curriculum offers a rich context for developing the skills that are recognised as being important for success in the world of work. It provides challenging activities which involve research, problem solving and exploration. It allows learning to take place through the creation of products which have real applications.

Art and Design

The aim of our arts programme is to cultivate an appreciation and enjoyment of the visual arts as well as enabling our children to use graphic arts as an expression of personality and as a means of communication. Our programme provides opportunities to develop the concepts of line, shape, form, colour, tone, pattern and texture whilst developing skills through a variety of activities including painting, drawing, collage, modelling and fabric work.

Children are offered opportunities to work independently or in a group and to be involved in discussion and decision making to help them respond both to their own work and to that of other artists.

A visually stimulating environment is provided in our school by attractive displays of children's work and by changing displays of artefacts and pictures.

Music

Our music programme includes listening, singing, playing and movement activities. These activities are developed using a range of resources which fulfil the experiences and outcomes outlined in Curriculum for Excellence

The aim of our musical programme is to enable children to experience and enjoy music making and to develop an informed interest and response to music.

Primaries 5-7 enjoy and benefit from specialist music tutors who take the children for tuition throughout the year.

Primary 5 also enjoy working with the Youth Music Initiative Specialist for a 20-week block throughout the session.

Drama

Drama consists of three broad based categories of activity; language-based, movement-based and theatre-based. Through these activities, a variety of skills can be promoted.

Language based activities include both talking and listening in a variety of contexts, as a class or in groups, both as self and when playing a part.

Movement based activities, include movement and the observation of movement.

Theatre based activities, whether from a script or unscripted, involve children both in performing and in watching others perform.

Dance

Through dance, the children have rich opportunities to be creative and to experience inspiration and enjoyment. Taking part in dance contributes to the children's physical education and physical activity.

At Robert Owen Memorial Primary School we provide a lunchtime dance club to prepare for the participation in the Clydesdale Dance Festival.

Health and Wellbeing

Our Health and Wellbeing Curriculum reflects a holistic approach to promoting the health and wellbeing of our pupils that is consistent with the UNCRC, which sets out the right of all children to have access to appropriate health services and to have their health and wellbeing promoted.

Good health and wellbeing is central to effective learning and preparation for successful independent living. We aim to provide a school environment where all children feel happy, safe, respected and

included and where all staff are proactive in promoting positive behaviour in the classroom, playground and in the wider school.

To achieve this we work together as a school team and with partners to plan our programmes for health and wellbeing explicitly, taking account of local circumstances and individual needs.

Health and Wellbeing across learning - Responsibility for All

Every adult in the school community has the responsibility for creating a positive ethos and climate of respect and trust, one in which everyone can make a positive contribution to the wellbeing of everyone within the school and the wider community.

These responsibilities are set out in the introductory statements of the Curriculum for Excellence but include:

- every adult's responsibility to establish open, positive, supportive relationships across the school community where children and young people will feel that they are listened to and where they feel secure in their ability to discuss sensitive aspects of their lives
- in promoting a climate in which children feel safe and secure
- in modelling behaviour which promotes health and wellbeing and encouraging it in others through using learning and teaching methodologies which promote effective learning
- by being sensitive and responsive to the wellbeing of each child

Practical responsibilities include understanding of anti-discriminatory, anti-bullying and child protection policies by all staff and knowledge of the steps to be taken in any given situation, including appropriate referral.

Our Focused Programmes

Healthy Schools - Food and Health, PEPAS, Healthy Lifestyles

- Mental, social, emotional and physical wellbeing
- Planning for choices and changes
- Substance misuse

To support learning in the above areas of the HWB curriculum, we use the Healthy Schools framework. Healthy Schools is a framework that guides the teaching and planning, tracking & monitoring and evaluation of Health and Wellbeing education. It supports co-ordination across the school and progression throughout the learner journey. It is a particularly good resource as it is flexible and adaptable to individual needs as it provides teachers with options from suggested activities, external resources, web links to additional information and links to relevant physical resources & materials from NHS Lanarkshire resource Library. The Health & Wellbeing Experiences and Outcomes are brought together into groups and aligned with the wellbeing indicators. One of the indicators is focused on each month and taught through the theme and outcomes for that month. All lessons are linked to the UNCRC.

RSHP

The Scottish Government is committed to ensuring that all children receive high quality relationships, sexual health and parenthood education (RSHP) in order to respect, protect and fulfil their human rights as they grow up. We are committed to working with children along with parents, carers and staff to make this a reality here in Robert Owen Memorial Primary School in order to create a more positive culture around relationships, sexual health and parenthood in our community.

RSHP education is a key part of Health and Wellbeing within Curriculum for Excellence. RSHP education focuses on equipping children and young people with the knowledge, skills and values to make informed and positive choices about forming relationships. It can assist with making safer decisions about their sexual and emotional health and wellbeing in a responsible and healthy manner, as an important part of preparation for adult life. Children and young people develop an understanding of how to maintain positive relationships with a variety of people and are aware of how thoughts, feelings, attitudes, values and beliefs can influence decisions about relationships and sexual health. They also develop an understanding of the complex role and responsibilities of being a parent or carer.

High priority is given to the provision of good quality RSHP education in all Scottish schools, based on good practice and informed by evidence. The new RSHP resource has been designed to make sure that information about relationships, sexual health and parenthood is not given in isolation but as part of a programme that considers a range of issues relating to personal and social development, healthy living, values and beliefs which reinforce self-worth, respect for others and a sense of responsibility. This is the resource that we are now using to deliver this part of the curriculum in partnership with parents and carers. You can find out more information by accessing the webpage linked below. If you have any questions, please contact the school.

Emotion Works

Emotion Works is a visual and colourful educational programme that puts learning at the heart of emotional health and wellbeing. It is designed to help children...

- Learn emotional language
- Develop emotional understanding
- Manage feelings and emotional behaviours
- Develop resilience

We use the Emotion Works programme at every stage in Robert Owen Memorial Primary School from our Early Learning and Childcare Centre through to our P7 classes. This has created a common emotional language and allows our school community to have a consistent approach when discussing emotions.

In lessons, we develop our understanding of the different "cogs" that are involved in emotional situations. This 'Cog Model' framework identifies seven categories of emotional knowledge and competence that link together to help show how 'emotion works' and the links between the different cog categories demonstrate the causal connections between concepts such as emotion triggers, body sensations, emotion behaviours, intensity and regulation strategies.

Emotion Works is used to make connections across the curriculum and adds depth to our drama, art, reading and writing activities. It helps our children to recognise and label emotions and identify associated body sensations, behaviours, possible triggers and emotional regulation strategies. We often use stories, films, drama and art as a stimulus and then our children can make their own connections to themselves and the world around them.

Physical Education

Our programme for physical education, which includes an indoor session and an outdoor session, offers opportunities for children to experience a combination of physical activities such as games, athletics, active health, swimming, team sports and outdoor education.

Programmes are planned for individual classes which include an appropriate form of physical ability for all pupils. Through these programmes we aim to give children the ability to develop a positive attitude to an active lifestyle, to build and maintain a healthy body, to develop confidence and self-esteem and to develop knowledge through physical experience.

Active Schools

A programme is in place to support and develop delivery of physical education experiences. The Active School Co-ordinator organises a range of activities for the children, some which take place during school hours and others which are organised to take place after school.

Religious Education

Through our programme we aim to enable pupils to appreciate moral values such as honesty, liberty, fairness and concern for others. We also aim to develop self-awareness, relationships with others and help children develop an understanding of the beliefs, values and practices of Christianity and other world religions.

Reverend Bryan Kerr is a regular visitor to the school, and he assists in the delivery of the Christianity section of the programme.

Interdisciplinary Working

Curriculum for Excellence includes space for learning beyond subject boundaries, so that children can make connections between different areas of learning.

To meet the experiences and outcomes in Curriculum for Excellence, some topic work will be done in an interdisciplinary way. Literacy, Numeracy and Health and Wellbeing will permeate the whole curriculum. There is an emphasis on Collaborative Learning and Responsive Planning where the pupils have a say in what they would like to learn and how they are going to learn.

Homework

In Robert Owen Memorial Primary School, homework is regarded as a very important part of the learning process and is therefore, given the same consideration as any other area of the curriculum. We strongly believe that whilst homework is not mandatory, if homework routines are established at the Primary stage, this will help ensure that each child develops the skills and attitudes necessary to achieve their full potential.

Homework will be shared via your child's homework diary at the start of each week. On the whole, homework will be literacy and numeracy tasks on Sumdog, with nightly reading suggested. Occasionally there might be alternative tasks.

Additionally, children may be given a homework jotter. We ask that this jotter is covered in order to identify and keep as a 'good' jotter. If required, this jotter will be handed out when homework is explained and should be handed in by a Friday for completed written tasks to be marked.

Parents are asked to check and sign the homework diary, once homework tasks are completed. The diary is for home-school links; for parents and carers to relay any messages to the class teacher and vice versa.

Eco Schools

Robert Owen Memorial Primary School participates in the Eco-Schools programme; an international initiative designed to encourage whole school action for the environment, and to raise awareness of local and global environmental, and sustainable development issues. It is a recognised award scheme that accredits schools who make a commitment to continuously improve their environmental performance. Three award levels are available: Bronze, Silver and Green Flag. We have currently achieved five Green Flags.

Since 2024-2025 we are working on the topics of Litter, Climate Action and Transport.

We hold an Eco Day each term where everyone is involved in Eco developments across the school.

An Eco Schools Notice Board is in our school foyer. This displays information and photographs of the steps we take to continue to maintain our Green Flag status.

Spiritual, social, moral and cultural values (religious observance)

Education Resources has produced guidelines on Religious Observance Policies and these are available in all establishments.

With reference to the Education (Scotland) Act 1980 and national guidance issued by the Scottish government on 21 February 2011, parents may withdraw their children from Religious Education and the school should be informed of this by letter. The Head Teacher will make arrangements for this should it be required.

Parents may request that their children be permitted to be absent to celebrate recognised religious events. Advance notice should be provided to the school when children will be absent. Appropriate requests will be granted, and the pupil noted as an authorised absentee in the register.

Robert Owen Memorial Primary School is a non-denominational school that values the cultural diversity of our pupils. We work with families from a range of cultural and religious backgrounds. We aim to create an environment where our pupils appreciate values such as honesty, liberty, justice, fairness and concern for others. The children will be encouraged to develop a respect for other peoples' ideas, values, customs and beliefs, both within their community and the wider world. The children are also encouraged to work cooperatively with others demonstrating tolerance and partnership.

Children contribute to assemblies where they are all made aware of what's happening in other classes, and this helps to promote self-confidence. The local minister of Greyfriars Parish Church (school chaplain) contributes to Christian festivals throughout the session.

8. Assessment and Tracking Progress

At Robert Owen Memorial Primary School, teachers assess and mark pupils' progress continually as part of daily learning and teaching in order to identify appropriate next steps in each child's learning. We want to share with you on how your child's learning is progressing. We do this through:

- observation
- discussion
- photographs
- written responses, reports, check-ups, jotters and meetings with the Senior Leadership Team to discuss pupils' progress
- children's own self and peer assessment
- pupils' profiles
- pupil plans
- recording by film
- "snapshots" of your child's current work, shared each term

Literacy, Numeracy and all aspects of **Health and Wellbeing** will feature across all learning and are the responsibility of all practitioners. Therefore, these areas have been given increased emphasis within the Progress and Achievement primary report.

9. Reporting

Robert Owen Memorial Primary School recognises that good teamwork among parents, children and schools is the key to a successful education for your child.

Reporting will be ongoing and comprise of a range of activities, which can include parents' meetings, children presenting their learning, newsletters and ongoing oral discussions.

We will provide parents with reports so that you can see what your child is doing and how they are progressing. In addition, there will be parents' meetings which offer you the opportunity to discuss how your child's progressing and how you can contact the school if you wish further information. The school will offer you an appointment time so that you can visit in person or receive a phone call, to discuss your child's education.

Our 'learner reports' will help you to get to know more about the curriculum which each child follows and will describe their strengths, achievements and areas for development so you know what encouragement and support you can give.

10. Enrolment and Transitions

Enrolment – how to register your child for school.

To register your child for school you should complete our online registration form. This can be done using the South Lanarkshire website.

www.southlanarkshire.gov.uk/info/200186/primary_school_information/392/enrolling_your_child_for_school

If you have any difficulty in identifying your catchment school, please email
Edsuppserv.helpline@southlanarkshire.gov.uk

The online registration form will ask you to provide each child's full birth certificate and two pieces of recent official documentation both containing your permanent home address for example a utility bill, council tax statement, housing rent card, child benefit documentation.

Proof of where the child lives may also be needed.

If your child is due to start school in August 2026, you can enrol online from Monday 5 January 2026. Your catchment school will contact you between Monday 12 and Friday 16 January 2026 to confirm your enrolment.

If your child attends the nursery of your catchment school, please do not assume that they will automatically be transferred. You must register them as normal at the school that is in the catchment area for your home address

If parents want their child to go to another school, they must enrol in the first instance with their catchment school and intimate that they wish to make a placing request. An online placing request form should then be completed. This is available from the SLC website –

www.southlanarkshire.gov.uk or by contacting
Edsuppserv.helpline@southlanarkshire.gov.uk or phone **0303 123 1023**.

Change of School/Placing Request

Normally children attend the school in their catchment area. However, there are times when parents may wish their children to go to other schools. If you wish your child to go to another school, then you may make what is known as a 'placing request'. If you live in South Lanarkshire and decide to submit a 'placing request', we are unable to reserve a place in your catchment school until the Council have made a decision on the 'placing request'. Please note if your 'placing request' application is unsuccessful and all places at your catchment school are filled you will be offered a place at the next nearest appropriate South Lanarkshire School.

Please note that if an application for a 'placing request' is successful then school transport is not provided.

If you move out with your catchment primary school a 'request to remain form' must be completed. If you move out with your catchment primary, this may affect your right to transfer to the associated Secondary School. Please note the secondary school is determined by the pupil's permanent home address and chosen denomination. If you require further information, please contact Education Support Services on edsuppserv.helpline@southlanarkshire.gov.uk or **0303 123 1023**.

Transition from primary to secondary school

Pupils normally transfer from primary to secondary school between the ages of 11½ and 12½, so that they will have the opportunity to complete at least 4 years of secondary education. Arrangements are made by the school to transfer children to the associated secondary school as determined by their home address. Parents of P7 children will be informed of the transfer arrangements made for their child to attend secondary school.

We will also provide you with information at this time on events designed to support P7 children before they move on to secondary school.

The associated secondary for Robert Owen Memorial Primary School is **Lanark Grammar School**. Close links have been established with Lanark Grammar School. There is a strong transition programme between the primary schools in Lanark Learning Community and Lanark Grammar; these include staff liaison and preparatory visits for children throughout Primary 7 to ensure the smooth transition of our Primary 7 pupils to Secondary.

Head of Lanark Grammar: Mr Jeff Warden
Lanark Grammar School
Kirklands Road

Phone: 01555 667520

11. Support for Pupils

Getting it right for every child.

Getting it right for every child (GIRFEC) supports families by making sure children and young people can receive the right help, at the right time, from the right people. The aim is to help them to grow up feeling loved, safe, and respected so that they can realise their full potential.

Most children and young people get all the help and support they need from their parent(s), wider family, and community but sometimes, perhaps unexpectedly, they may need a bit of extra help. GIRFEC is a way for families to work in partnership with people who can support them, such as teachers.

If you have any concerns about your child's wellbeing, you can speak to the named person who will work with you to provide support and decide how to move forward. Your school will let you know who this is. It is likely to be the Head Teacher in a primary school and a principal teacher (pupil support) in Secondary.

More information can be found on:

www.scotland.gov.uk/gettingitright

Support for All (Additional Support Needs)

The Education framework, which shapes the curriculum at the primary stage is intended for all pupils, including those with special educational needs.

To enable children with additional support needs to access this curriculum, teachers provide children, through the use of group teaching, with materials which are matched to their needs, and which provide sufficient challenge.

The Senior Leadership Team are the co-ordinators for Additional Support for Learning needs and both they and our specialist support teacher liaise with class teachers and with parents to provide additional support for individual children or for small groups. Some children may need an Additional Support Plan. This is created by the teacher in consultation with the pupil and parents. Review meetings are arranged termly to track progress made and targets are set. Parents are invited to this meeting as well as the pupil, the teacher and the Head Teacher. The Specialist Support Teacher may also be invited.

Within our school we have four supported classes which provide places for children with additional needs. Support Assistants are allocated to these classes to support the teachers to meet the needs of all learners. Individual programmes of study are tailored to each child to allow each of them to reach their full potential at an appropriate pace.

For some children, a Co-ordinated Support Plan may be provided to note the specific needs of children and the additional support they may require from other agencies.

South Lanarkshire Education Resources have published a series of leaflets available which cover information for parents and carers about the Additional Support for Learning Acts.

Enquire is funded by the Scottish Government to provide information on the framework for supporting children who require additional support for learning and to encourage positive partnerships between families, schools, and local authorities to ensure children get the right support.

Enquire – the Scottish advice service for additional support for learning

Enquire offers independent, confidential advice and information on additional support for learning through:

Phone Helpline: 0345 123 2303

Address: Enquire
 Children in Scotland
 Rosebery House
 9 Haymarket Terrace
 Edinburgh
 EH12 5EZ

Email Enquiry service: info@enquire.org.uk

Advice and information is also available at www.enquire.org.uk

Enquire provides a range of clear and easy-to-read guides and fact sheets including the parents' guide to additional support for learning.

If you would like to order our leaflets, postcards or guides to share with parents and carers of pupils in your school, please contact us on info@enquire.org.uk

Attachment Strategy for Education Resources

Attachment – what we do to support children and young people

South Lanarkshire Council Education Resources is committed to improving outcomes for children and young people by creating emotionally supportive learning experiences in our nurseries and schools.

The Education Resources Attachment Strategy supports the action in the ‘Getting it Right for Every Child in South Lanarkshire’s Children Services Plan 2021-23’, following the launch of the Attachment Strategy in 2020, to provide staff training in Attachment and Trauma based practice.

What does it set out to do?

The aim of the strategy is to promote better experiences of attachment for South Lanarkshire’s children and young people and to ensure that all education practitioners understand the importance of attachment theory and its application and how positive relationships can make a difference to outcomes.

How can I find out more?

South Lanarkshire Council Education Resources have published a series of leaflets and posters for establishments and for parents/carers which aim to share information on attachment theory and on how this informs the ways in which we support children and young people.

These are available in schools and on the SLC Staff Learning Centre Sway accessible by teachers and staff.

Promoting Positive Relationships and Understanding Distressed Behaviour (PPRUDB)

PPRUDB is South Lanarkshire’s framework for understanding and managing behaviour in schools. It emphasises that all behaviour is a form of communication, often indicating unmet needs, and stresses the importance of building positive relationships as a fundamental skill for teachers and a preventive approach to distressed behaviour. The guidance aligns with key Scottish Government policies and legislation and supports the development of safe, inclusive, and nurturing school environments.

Children and young people who feel safe, healthy, respected, and included are more likely to develop self-confidence and resilience. South Lanarkshire Council’s attachment-informed, trauma-sensitive approach, aims to create a secure base and safe haven to reduce the impact of adverse childhood experiences. School staff recognise that distressed behaviour can stem from disrupted attachment, anxiety, and other complex needs, including neurodevelopmental conditions and limited communication skills.

When incidents of distressed behaviour arise in schools, staff will use a range of strategies to de-escalate situations and prevent re-occurrence. Strategies include structuring the environment with consistent routines and quiet areas, adapting communication to accommodate speech and sensory needs, and building positive relationships based on shared values. Setting clear limits with dignity, active listening, and inclusive teaching practices support behaviour management. Planning for transitions and using support plans like Additional Support Plans (ASPs) and Behaviour Assessment and Support Plans (BASPs) assist in addressing individual needs.

Each educational establishment should use the PPRUDB framework to develop and implement a relationships and behaviour policy through consultation with staff, pupils, and parents, reviewing it every three years.

Further information is available from the Headteacher of the establishment your child attends.

12. School Improvement

In addition to the core programme of literacy, numeracy and health and wellbeing, the wider curriculum continued to be taught online to our learners, with feedback being given in a timely fashion and at an appropriate level. The school as a community also continued to celebrate the achievements taking place through such events as Health Week, a whole school Health and Wellbeing focus and also Lockerbie Manor, the location for the P7s residential.

P1 transition takes place in the final term of the session; parents and new P1s can visit the school, including their P1 classroom, hear about learning and teaching in Robert Owen Memorial Primary School and meet their teachers and future classmates. Our P7s get the same experience at Lanark Grammar, with a two-day visit, following their S1 timetable, alongside their peers.

Robert Owen Memorial Primary School staff constantly update their planning, to meet the current needs of our pupils.

Achievements

We are proud of our achievements in Robert Owen Memorial Primary School and celebrate them at school assemblies and share them with our school community. Our Latest Standards and Quality report which outlines the main achievements of the school over the past session, can be found on the school website.

Strategic Priority	Improvement Priorities 2025/26
1.	Scope out the realms of a VCPA approach across the mainstream school, supported classes and ELC to increase teacher and pupil confidence and begin to raise attainment in Numeracy.
2.	Develop parental involvement and engagement in their child's learning, to improve attendance and participation for target group of learners.
3.	Develop and resource a cohesive and progressive Literacy programme, including CYPIC Writing Improvement Programme to engage P4 learners, incorporated in a Learning, teaching and Assessment Policy to meet current learners' needs.
4.	Moderation of learning, teaching and assessment across curricular areas relevant to each school/teacher.

Maintenance Agenda
1. Continue to embed the newly implemented Health and Wellbeing programme
2. Continue to implement a Play-based learning approach at the Early Level.
3. Continue to apply the Principles of The Circle Framework in practice, in conjunction with SCERTS.
4. Update Anti-bullying Policy by enhancing awareness and implementation of updated SLC Anti-Bullying Policy (in light of new National Guidance) which will launch at the Inclusion Conference in September 2025.

Equity

In line with Cost of the School Day, where we aim to reduce the cost of sending a child to school, we ensure a child can access all areas of the curriculum at no cost. Please see our 'Cost of the School Day' Policy for further information.

The school has formed a committee to lead the Equity journey, promote the meaning of being equitable and ways that this can be achieved. The Equity Committee comprises of pupils, parents and staff. The committee has key roles, including determining how to spend 5% of the school's Pupil Equity Fund (PEF) through the Participatory Budget (PB). The process and results of this years' Participatory Budget can be viewed on the next page.

After obtaining Gold Reading Schools accreditation in session 2022-2023 and creating a positive culture of reading for enjoyment across the ELC and school, we want to continue to build on this positive culture and in turn, continue to raise attainment and enjoyment in reading.

To continue to raise engagement and motivation in learning in Literacy, Numeracy and Health and Wellbeing, we will continue to use IDL, Sumdog and the Emotion Works platforms.

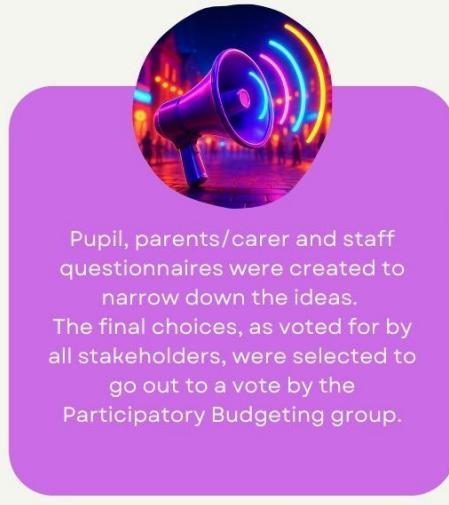

To continue to enhance and extend the children's learning experiences and to develop skills for learning, life and work, Class Trips /P7 Residential Trip will be arranged throughout the year. We will continue to enhance and extend the children's learning experiences and to develop skills for learning, life and work, by organising Sports Events and lunchtime/extra-curricular clubs.

The remainder of the PEF is spent on teaching and resourcing to support our most vulnerable learners in the areas of nurture, literacy and numeracy.

Standards in literacy, numeracy, health and wellbeing enhanced by identified staff who attended South Lanarkshire Council network groups and disseminated information to all teachers on the following curricular areas:

- Health and Wellbeing
- Literacy
- P.E.
- Outdoor Learning
- Maths
- Science
- French
- ICT

Participatory Budget 2025/2025

1

Robert Owen Memorial Primary School allocated 5% (£3301.25) of their 2025-26 PEF allocation to be subject to Participatory Budgeting.

A Participatory Budgeting Pupil Group was created, and pupils and staff had a discussion to develop ideas.

13. School policies and practical information

School/Nursery Meals

Our nursery provides an engaging learning environment for young children. Parents from any area may apply to attend the nursery class. To find out more about the nursery, please contact the school. Please note that a place in the nursery does not mean that your child will automatically be enrolled at this school when they are ready to start primary school. All children who move from early years to primary education must register separately in the month of January.

Our nursery caters for fifty 3 to 5-year-olds for full days (9a.m. to 3p.m., but additional hours can be purchased if required).

All children over two years old, attending a local authority nursery will be provided with a free lunch. In addition, if your child attends long mornings or afternoons e.g., over 4 hours 30 minutes they will be provided with a 'brunch' or 'afternoon tea'.

Nursery lunches and snacks are based on nutritional requirements from the NHS "Setting the Table" guidance.

Nursery age children will also receive milk and a healthy snack free of charge under the Milk and Healthy Snack scheme 2021. This will be provided by the establishment.

Primary pupils

Healthy eating is something that the school supports, and a range of meals are available at lunchtime that meet the Nutritional Requirements for Food and Drink in Schools (Scotland) Regulations 2020.

For their lunch each day pupils have the option to choose from two hot meal options (one being vegetarian option) plus a sandwich selection every day.

All meals also come with fresh chilled drinking water, vegetable choice, salad selection, seasonal fruit and depending on the day - soup or a dessert.

Milk will be available for those pupils entitled to free school meals through the free school meal eligibility scheme at morning break or lunchtime.

Pupils in:

Primary 1 - 5 receive a free school lunch.

Primary 6 - 7 meal cost is £2.62.

School lunches and milk can be paid for through your Parentpay account or Paypoint facilities in local shops.

NB School Meal prices are reviewed annually and may be subject to change.

Adapted diets

If your child within Nursery, Primary or Secondary requires an adapted diet for medical reasons please speak to the school/nursery office who will provide the request form for you to complete. In addition, if you have a halal or vegan diet request for your child, please speak to the school office who will provide you with a request form.

Free School Meals

Children of parents who receive the following benefits are entitled to a free lunchtime meal for their child:

- Income Support
- Income-based Job Seeker's Allowance
- Income-based Employment and Support Allowance

- Scottish Child Payment (P6 and P7 pupils)
- Support under Part VI of the Immigration and Asylum Act 1999
- Universal Credit (and your earned income is less than £850 as assessed by the Department for Work and Pensions in the assessment period immediately preceding the application for free school meals)

If you are in receipt of Housing Benefit and/or Council Tax Reduction from us there is no need for you to apply online, we will use the information we hold to automatically award free school meals (P6 to S6) and/or school clothing grants (P1 to S6) to eligible families.

We would encourage parents of children who are in receipt of any of the above benefits to take up this opportunity of having a meal provided for their child when they are at school. Arrangements are in place to ensure anonymity is protected of children who receive free meals and we encourage all children to remain in school at lunch time.

Further information can be found at [Free school meals - South Lanarkshire Council](#) or by accessing the QR below -

In our school, South Lanarkshire Council also offers a free Breakfast service, the service runs from 8.15a.m. to 8.45a.m. each school day.

We request that parents send a bottle of water each day to school with their child, thus enabling all pupils to have ready access to drinking water at all times.

School Uniform

We ask all parents/carers to support the school by encouraging your child to adhere to the agreed dress code and the wearing of our school uniform. The wearing of a school uniform helps promote the identity of the school in the local community and helps create an ethos of sharing and pride in the school.

In addition, the wearing of a uniform helps towards increasing the protection of all pupils. The wearing of a uniform helps staff and the pupils to distinguish between who belongs to the school and those who may be visitors. This enables staff to approach and identify visitors more readily and helps in trying to offer a safer environment for pupils and teachers alike.

Our school uniform (non-P.E. days) is:

Grey	Skirt/trousers/short/pinafores
White	Shirt/blouse
Yellow and purple	School tie
Purple	V-neck sweatshirt/cardigan (optional with school badge)

or instead of the white shirt/blouse, there is the option of

Grey	Skirt/trousers/short/pinafores
Yellow	Polo shirt (optional with badge)
Purple	V-neck sweatshirt/cardigan (optional with school badge)

Gingham checked dresses in purple or yellow, are also considered as school uniform.

P.E. kit (P.E. days only):

Black/dark grey	Joggers/leggings/tracksuit trousers (no obvious logo)
Yellow/purple	Sports' t-shirts or yellow polo shirts (optional with school badge)
Purple	V-neck sweatshirt/cardigan (optional with school badge).

Equality of opportunity is an important aspect of the life of the school. Any proposals on the dress code and on what constitutes the school uniform will be the subject of discussion with the Parent Council and where appropriate consultation with parents, pupils and staff. Please mark all items of clothing, including footwear, with your child's name.

There are forms of dress, which are unacceptable in all schools, such as:

- the wearing of football colours
- clothing with slogans that may cause offence (anti-religious, symbolism or political slogans)
- clothing which advertises alcohol, tobacco or drugs
- clothing which can be deemed unsuitable in terms of health and safety grounds such as shell suits, combat style clothing, dangling earrings, loose fitting clothes particularly in practical classes
- articles of clothing that could be deemed to inflict damage on other pupils or be used by others to do so
- footwear that may damage flooring.

Allergies

Many children in our schools have allergies, and it is crucial for parents to keep the school informed about these conditions.

Health Care Plans

- Allergies can manifest at any time with symptoms ranging from mild to severe.
- Children with moderate to severe allergies often have a Health Care Plan from the NHS, detailing symptoms and interventions.
- Parents must share this plan with the school and provide updates as necessary.

Mild Symptoms

- Even without a Health Care Plan, parents should regularly update the school on any new triggers, medications, or actions required.

Employee Training

- School staff need to know your child's symptoms, treatments, and actions required to prevent exposure and minimise the risk of reactions.
- Employees receive training on allergies and will consult with parents and the NHS for any additional specialist training needed.

Policy Adherence

- In supporting children and young people with allergies, school staff will follow South Lanarkshire Council's Safe Systems of Work, risk assessment process, and national guidance on the administration of medicines.

Mobile Device Policy

Our school follows South Lanarkshire Council guidance on mobile device use, which is rooted in Scottish Government policy. Mobile technology can support learning and communication, but it can also disrupt lessons and affect wellbeing if misused. To maintain a safe, respectful, and inclusive learning environment, pupils are expected to use mobile devices responsibly and in line with school rules.

Devices should not be used during class unless specifically permitted for learning purposes.

Please follow the link to view our Mobile Device Policy.

<https://blogs.glowscotland.org.uk/sl/robertowenmemorialprimaryschool/mobile-device-policy/>

The policy has been developed in consultation with pupils, parents, and staff to balance the benefits of technology with the need to minimise distractions and protect privacy.

We ask parents to support this approach by reinforcing responsible use at home and ensuring that devices are used appropriately.

Support for parent/carers

Clothing grant

In certain circumstances the Council provides support to parents/carers for the purchase of school wear. This also now includes nursery children aged 3 and 4 years old.

Eligibility criteria and online applications can be found at www.southlanarkshire.gov.uk.

Or via this link [Clothing grants - South Lanarkshire Council](#)

Should you require further information, or you are unable to submit an application online then please contact the helpline number **0303 123 1011** (option 5).

School hours/holiday dates

Morning opening	9.00a.m.
Interval	10.30-10.45a.m.
Lunch	12.15-1.00p.m.
Closing	3.00p.m.

Nursery Hours

Drop-off	9a.m.
Collection	3p.m.

School holiday dates and in-service dates are available from the website

www.southlanarkshire.gov.uk

Please note additional nursery hours can be purchased by parents/carers.

Transport

School transport

South Lanarkshire Council's mainstream school transport policy provides transport for primary school pupils who live one mile or more from their catchment primary school by the shortest safe walking route.

More details on school transport can be found at the following link including the online application form:

https://www.southlanarkshire.gov.uk/info/200186/primary_school_information/545/school_transport

If you consider your child to be eligible you should complete the online application form. Forms should be submitted before the end of March for those pupils starting school in August to enable the appropriate arrangements to be made.

A privilege transport scheme is operated on mainstream school contracts where a pupil is not entitled to school transport. Privilege Transport will only be provided where there is a space on an existing school contract and will be from and to designated pick-up and drop-off points. It will not be provided where a service bus is used on the school run. Any spare capacity will be allocated using agreed priorities.

A new application must be made each year.

More details on Privilege school transport may be found here:

https://www.southlanarkshire.gov.uk/info/200186/primary_school_information/784/privilege_transport_to_school

Pick-up points

Where school transport is provided it may be necessary for pupils to walk a certain distance to the vehicle pick-up point. Walking distance in total, including the distance from home to the pick-up point and from the drop-off point to the school in any one direction, will not exceed the authority's distance limit for school transport.

It should be noted that it is the parent's responsibility to ensure their child behaves in a safe and acceptable manner while travelling in, and alighting from, the vehicle. Misbehaviour can result in your child losing the right to school transport.

Parents are asked to note that South Lanarkshire Council does not provide transport for those pupils who attend school via a placing request.

Mainstream School Transport contact details:

e-mail: school_transport@southlanarkshire.gov.uk

Tel: 0303 123 1023

Insurance for Pupils' Personal Belongings

Personal Items

- The Council cannot accept responsibility for the loss or theft of personal belongings, including mobile phones, tablets, or other valuables. These are brought to school at the pupil's and parents' own risk.
- To reduce the chance of loss, please avoid sending expensive or unnecessary items to school.
- School staff are not permitted to look after pupils' personal belongings.
- This policy also applies to musical instruments and equipment used for school activities. If these items are left at school, it is at the pupil's and parents' own risk.
- For valuable items such as musical instruments, parents should make sure they are covered by their own household insurance.

Clothing

- The Council will only consider claims for damage to pupils' clothing if the damage was caused by negligence on the part of the Council or its employees.
- Claims for any other reason cannot be accepted by the Council's insurers.

Promoting positive behaviour

It is the responsibility of staff within the school to ensure that parent council members, parents and pupils are involved in the creation of a positive school ethos that encourages good behaviour. Equally, the school whilst trying to promote positive behaviour must support young people should incidents or bullying occur. Parents have a significant role to play in working with the school so that teachers, parents, and pupils know what is expected of them in trying to change the behaviour and attitudes that contribute to bullying behaviour.

Our approach is to create an environment where better behaviour will encourage better learning. The school, along with the support of parents, can work together to create a learning environment which young people can enjoy and feel safe.

We are also working towards the Silver level of our Rights Respecting Schools Award (RRSA). The RRSA recognises achievement in putting the United Nations Convention on the Rights of the Child (UNCRC) at the heart of the school's planning, policies and ethos. A rights-respecting school not only teaches about children's rights, but also models rights and respect in all relationships; between teachers/adults and pupils, between adults and between pupils.

Robert Owen Memorial Primary School's Relationships' Pathway aims to promote positive behaviour. Positive behaviour demonstrates itself in mutual respect and creates a positive atmosphere that promotes effective teaching and learning. To help achieve this, we have our ROMPS' Relationships' Pathway. This is implemented across the school, whereby children's positive behaviour is reinforced and rewarded by all members of staff, both in the classroom and playground. Our weekly assemblies focus on recognising and acknowledging this responsible behaviour.

Incidents of bullying should be reported to the school immediately so that each alleged incident can be looked at. Together we can work towards creating a safer school for children and staff.

In addition, a guideline (Promoting Positive Relationships and Behaviour) has been produced to support all teaching and support staff and inform them of their roles and responsibilities in respect of dealing with the small number of children and young people who display challenging behaviour. Early identification is crucial so that intervention can be provided to support children and young people to help them address their issues and concerns. Staff training is provided to help develop the skills needed to respond to and manage challenging behaviour. A wide range of appropriate staff development opportunities has been developed for this purpose.

Child Protection

All staff in educational establishments in South Lanarkshire Council receive an annual Child Protection update and are required to follow the advice and guidance contained within relevant Education Operating Procedures. They must also complete a mandatory Learn on Line Course “Child Protection in Education”.

South Lanarkshire’s children’s services partnership works together to support children, young people, and their families so that children grow up in communities where they are safe, healthy, active, achieving, respected, responsible and included, and have the opportunity to achieve their full potential. They are committed to continuously improve our services to ensure children, young people and their families get the right support at the right time.

Sometimes children and young people need additional help to make sure that they are *“cared for and protected from abuse and harm in a safe environment in which their rights are respected”* (CPC South Lanarkshire Child Protection shared vision). The Child Protection Committee has the overarching responsibility to ensure that agencies individually and collectively work to protect children and young people as effectively as possible.

All staff have a responsibility to report any suspicions that a child has been abused or is at risk of harm, abuse, or neglect. Robust procedures and guidance are in place to support education staff to:

- be alert to signs that a child may be experiencing risks to their wellbeing,
- report concerns to the head of establishment or the child protection coordinator without delay.
- be actively engaged in support and protection and development of wellbeing.

If you would like more information, or have a concern of a child protection nature, please contact the head of the educational establishment which your child attends.

The Child Protection Committee’s website has a range of useful information for parents/carers to help them keep their children safe. www.childprotectionsouthlanarkshire.org.uk

Our Commitment to Children’s Rights

In line with the United Nations Convention on the Rights of the Child (UNCRC), our school is committed to respecting and promoting every child’s rights. We believe that children have the right to express their views on matters that affect them, and we will actively listen and take these views into account when making decisions.

To achieve this, we will:

- Create opportunities for pupils to share their opinions through class discussions, pupil councils, and consultation activities.
- Ensure that decisions about school policies and practices consider the voice of the child.
- Promote an inclusive, rights-respecting environment where every child feels valued and heard.

This approach supports our aim to empower learners, strengthen partnerships with families, and uphold equality and participation for all.

We love school because...

...the teachers make us fun maths activities that entertain our brain.

Leona & Sophie

...we get to join different lunchtime or afterschool clubs to develop our skills and keep fit and healthy.

Jack F

...we learn about numbers and letters.
Archie

...when we are a bit older, we get to help the wee ones and be a part of their journeys too.
Noah

...we get some visitors who come into our classrooms to help us learn.
Susie

...we have painting things, number games on the computer, and can listen to stories with the ladies. We get to go to the forest and outside to play.

Georgia

...we get to go outdoors for some of our learning. Being outside helps our wellbeing too.
Josh & Oscar

...we get to do lots of different types of learning, like science experiments that are really cool.
Jacob

...everybody was really kind to me when I first started at ROMPS.
Frankie

12) General Data Protection Regulation as supplemented by the Data Protection Act 2018 (GDPR)

Information on pupils, parents and guardians is held by the school to enable the teaching, registration, and assessment of pupils as well as associated administrative duties. The information is stored and used as per the requirements of the GDPR, with South Lanarkshire Council defined as the data controller. The Council have established a data protection policy that applies to all of its school.

Education Resources has also prepared a privacy notice (below) which sets out how we will deal with personal information as part of our statutory function as an education authority. For more information, please contact the school.

Privacy Notice

Introduction

In line with the General Data Protection Regulation (GDPR) we have produced this privacy notice to inform you how we deal with personal information as part of our statutory function as an education authority.

The Council has a legal obligation to deliver effective education services to children, young people, and adult learners in South Lanarkshire. In order to do this, we need to collect personal information about children, young people, and their families so that we can help them to learn and keep them safe.

Using your personal information

The Council is a “controller” of the personal information you provide when enrolling for a nursery or school, applying for an education service, or participating in groups or activities provided by Education Resources.

Information we collect from you about you and your child at enrolment.

When you enrol for a nursery or school, we ask for the following information:

- parent/carer contact details (name, address, phone, email)
- the child's name, date of birth, gender, and address
- information about medical conditions, additional support needs, religion, and ethnicity
- any information you may wish to provide about family circumstances.

Information we collect at other times.

We will also collect information at other times such as when you apply for a benefit, request a service or other support. We will provide an additional privacy notice at these times.

If you apply for an education service or benefit, such as school transport, free school meals, clothing grant, placing request or EMA, we will also ask for personal information as set out above. We will also ask for information about your income for education benefits applications.

If you make a request for additional support such as an educational psychologist or other support for learning, we will ask for more detailed information to allow us to provide the most appropriate support for your family. This may include information about family circumstances or medical conditions.

If there are concerns about your child's wellbeing and/or your child has needs that may require additional support, we will wish to work with you to collect and consider information to enable us to help you get the right support at the right time in line with the Getting it right for every child approach.

We require this information to ensure that children and young people are educated appropriately, supported, and that we take account of their health and wellbeing. We will also ask you to update this information annually and to tell us when there are changes to your details.

Information that we collect from other sources.

As an education authority and as part of our statutory function in accordance with our legal obligations, we receive information from other sources such as the SQA, the NHS or Social Work about you or your child, this includes:

- Exam results and assessment information.
- Information about health, wellbeing, or child protection.

Why do we need this information?

We need this information so the Council can ensure it is delivering education services appropriately to all learners:

- For the education of children, young people and adult learners.
- For teaching, enrolment, and assessment purposes and to monitor the educational progress of children, young people and adult learners;
- To keep children and young people safe and provide guidance services in school;
- To identify where additional support is needed to help children, young people and adult learners with their learning;
- To maintain records of attendance, absence and behaviour of children and young people (including exclusions);
- To support children and young people moving on each year from nursery to primary, primary to secondary and when they move or leave school;
- To help us develop and improve education services provided for young people, adult learners, or families
- In accordance with our legitimate interests as an education authority we will also use your information to create statistical reports.

We will share your information with:

As an education authority and as part of our statutory function in accordance with our legal obligations we will share information with other bodies or parts of the Council, including:

The Scottish Government and bodies such as Education Scotland, Scottish Qualifications Authority, Skills Development Scotland, and other organisations that support children and young people's learning.

Other parts of the Council when required for services such as school meals, school transport, education benefits and with Social work in connection with any child protection concerns we become aware of.

The NHS, to support health initiatives in accordance with the legal obligation on the Council in terms of section 39(3) of the National Health Service (Scotland) Act 1978.

South Lanarkshire Leisure and Culture Limited, where children and young people are participating in sports and leisure activities.

Other schools/local authorities – if a child moves or transfers to another school the Council has an obligation to pass on information with regards to pupil records to the new school/local authority.

You have the right to access your personal information as well as the rights of rectification, erasure, restriction, and the right to object. For information on these rights and how to exercise them or for information about how we manage your personal information, you can get a copy of our full privacy notice from our website:

[\(https://www.southlanarkshire.gov.uk/info/200235/meta/1730/general_privacy\)](https://www.southlanarkshire.gov.uk/info/200235/meta/1730/general_privacy).

Our full privacy notice will also provide information on how to make a complaint or to request a paper copy of the privacy notice from the Data Protection Officer.

The Freedom of Information (Scotland) Act 2002

The Freedom of Information (Scotland) Act 2002 came into force on 1 January 2005 and gives a person the right to request information held by Scottish public authorities.

The act refers to information held in a 'recordable' format and relates to information held within documents, not the documents themselves.

Parents wishing to make a request for information under the terms of the Freedom of Information (Scotland) Act 2002 should submit their request in writing to:

Freedom of Information Officer
Education Resources
South Lanarkshire Council
Council Offices, Almada Street,
Hamilton, ML3 0AA

Or email: foi.request@southlanarkshire.gov.uk

Requests for information can also be submitted using the online form available from the South Lanarkshire Council website (Request it section) (www.southlanarkshire.gov.uk)

Appendix A

For a comprehensive list of useful information, please visit the Council's website:
