

Google Meet Conduct

Now we are all familiar with how to get on to a Google meet here are some points to keep in mind.

- Try your best to be on time
- Behave as you would in class, think about where you are sitting
- Listen to your teacher
- If you are using a Google Meet background put it on before joining the call and do not change it during a call
- In the chat function be respectful
- If you have a question, click on the raise your hand button or type it in the chat
- Click the red button to hand up when the meeting is finished. The teacher will wait until everyone has left the meeting

We are very glad you are enjoying the chance the see your teacher and Classmates.
