

Numeracy and Mathematics

This term we are working on money problems, problem solving and fractions.

We will work on applying number knowledge to practical real world problems and use practical materials to structure thinking.

We will look at applying number talks principles to explain problem solving strategies.

We will use challenge activities and games to extend application and improve mental agility.

Homework

Homework this term is a little different to reflect the number of short weeks in May due to public and local holidays. We do not issue homework in June.

Reading is now to be done using our individual Bookflix slides on the Google Classroom. Children can choose any text for this either at home or in class and they will also be given time in school to keep it up to date.

Spelling will not be given every week as we have less teaching time due to the number of Monday holidays.

Maths tasks will be given as required to consolidate in class learning.

Tinto Primary School

Primary 4/5 Mrs Rodger

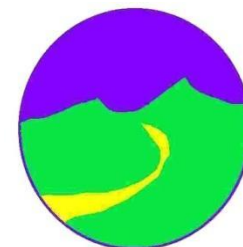

Session 2022/23

Term 4 Overview

Welcome to Primary 4/5 with Mrs Rodger!

At the start of each term you will receive this booklet to keep you up to date with the terms learning. We hope this helps you discuss your child's learning with them, encouraging them to share their experiences and knowledge and celebrate each and every success along the way.

Many of our pupils will also receive an additional letter which shows their personal targets for supported learning and areas of challenge where required. If you require any further information, please do not hesitate to contact us.

Language and Literacy

In reading we will be using SRA and other comprehension resources to focus on answering comprehension questions looking at context, grammar and using remembering and understanding skills. There will be a focus on inference.

In writing, we are focussing on functional non-fiction writing and will explore newspaper structures, formal letter writing, personal accounts in diaries and writing a science report.

We have been developing modern language skills all year with our Spanish learning and will create weather reports, slides and work on a website to showcase our knowledge,

Assessment

This term all pupils will undertake our usual formal assessment in a range of areas. P4 will do SNSA national assessments in reading, writing and maths with an additional NGRT reading assessment. P5 will do NGRT reading and PTM Maths. All assessment will be supported by Mrs Rodger and Mrs Kilgallon with Mrs Bailey and Mrs Millar assisting. All our assessments are completed through online tools and done within the school day in small groups.

Welcome back Mrs Boyd!

This term we are delighted to have Mrs Boyd jback for another 6 weeks in our final summer term.. Mrs Boyd is now taking full responsibility for all learning and teaching in class with support from Mrs Rodger and the Tinto team.

Science

This term we will learn about electricity using a range of practical activities. Children will get the opportunity to build circuits and use new and established materials to explore practical real-world problems.
