

Home Learning for Primary 6/7 and Primary 7

27th April to 1st May 2020

Literacy and English

Spelling

- Revise homophone words.
Remember a homophone is a word which sounds like another but has a different spelling and meaning. (for example, sea/ see)
- Watch the short clip <https://www.bbc.co.uk/teach/class-clips-video/english-ks2-wonderful-words-homophones/z732t39>
- List as many homophones as you can and write a short paragraph containing the words you have listed.

Reading

- Read for 15-20 minutes every day for enjoyment.
- Listen to an extract from The World's Worst Children 2 below, hilariously read by David Walliams and cast. <https://www.worldofdavidwalliams.com/book/worlds-worst-children-2/#fussy-frankie>
- Create your own character that could be included in the book. Use alliteration for their name, create an illustration and include a short descriptive paragraph to tell us more about your character.

Writing

- ***Make notes about the benefits of staying healthy and eating a healthy diet.***
- Use the skills we have learned in class to write a persuasive piece of writing encouraging people to stay healthy and active. This could be very useful for people who have had to change daily routines and lifestyles when staying at home, potentially leading to less exercise and an unhealthy diet. You can decide which style of writing you will adopt, for example, a letter, a poster a leaflet etc. Remember to include an introductory paragraph, a conclusion paragraph and persuasive vocabulary.

Maths and Numeracy

- Remember all the maths games we use in class that you can use to practise all maths concepts e.g. Top Marks, RM Easimaths and Sum Dog.
- Practise addition and subtraction of common fractions using free printable sheets from Primary Resources, Snappy Maths or Maths Salamander
<https://www.math-salamanders.com/adding-subtracting-fractions.html>
<http://www.snappymaths.com/counting/fractions/interactive/addsubfracsdint/addsubfracsdint.htm>
- Test your maths knowledge with these questions
<http://www.math-exercises-for-kids.com/learning-mathematics-9.htm>
- BBC Bitesize Daily lessons.
<https://www.bbc.co.uk/bitesize/dailylessons>
- What is an equation? Watch the video clip and try to make some equations of your own. Test someone at home with the equations you have created.
<https://www.bbc.co.uk/bitesize/topics/zghp34j/articles/z2qmrwx>
- Practise reading scales whilst weighing and measuring the ingredients you need to make your favourite recipe.

Topic

Climate Change

- Create a mind map listing **causes of climate change (global warming) in red** and **things that we do to help reverse global warming in green**.
- Take the Climate Challenge Quiz 'How Green are You?'
<https://www.bbc.co.uk/newsround/49793156>
- Research **Coral Bleaching** and take notes in your own words describing what it is and what causes it to happen.
<https://climatekids.nasa.gov/coral-bleaching/>
<https://www.bbc.co.uk/newsround/52048558>

Other Curricular Areas

Health and Wellbeing

- Joe Wicks Workout every week day 9am
<https://www.youtube.com/watch?v=sX05HHni9Wk>
- Create your own version of a tik tok dance that you could teach to another member of your family.
- The daily mile -walk, jog or run every day for 15 minutes to stay active.

Art

- Watch the clip and practise drawing Zentangle patterns. Zentangle patterns are unplanned, black and white art made up of beautiful patterns.
<https://www.youtube.com/watch?v=tXaLQzyjA2U>
- Create your own Zentangle pattern piece of art. It is very relaxing.

French

- Create a French picture album of your family 'Voici ma famille'. You could sketch images of your family members or use photographs. Label each family member with the word in French and their name. *Voici ma mère – This is my mother.*

Digital Technologies

- **Glow** - Compose an e-mail to send to a friend, teacher or family member. This could be telling them about some of the things you have been doing whilst not at school.
- **Coding** – use Scratch or hour of code to brush up on your coding skills.

We hope you all had a lovely Easter and are all staying safe and well. We are missing you all, but we are having a great time looking through twitter and seeing some of the fantastic things you have been getting up to. We particularly enjoyed seeing some of our pupils in the video they made – very creative 😎 . Please Keep the pictures and videos coming!

We hope to see you all soon

Mrs Arthur, Mrs Howat and Mrs Roe x

Remember to check Twitter and the Home Learning Hub
on the school website for additional activities.
