Dear Parent/Carer,

Update to Class 'Bubble' Procedures

In line with guidance from Public Health and the local authority, we are required to revise our procedures for keeping individual classes within their own 'bubble' during the school day.

Playtimes and Lunchtimes

From Wednesday 30th September 2020, some of our playground and lunchtime procedures will be revised to help ensure the separation of class bubbles.

- Each class will have an allocated area of the playground and will play within their own class only.
- Children with packed lunches will eat at dinner tables in the gym hall. This is to create more distance between classes in the dining areas.

I understand that this will be difficult for children who like to socialise with friends from other classes during break times, however these arrangements will limit the number of people who might be asked to self-isolate if there were to be a positive case of COVID-19 in the school or nursery class.

Trace and Protect

To date no-one from the Woodhead community has tested positive for Coronavirus and the 'Trace and Protect' process has not been implemented in relation to the school.

If there ever is a positive case within school this would be reported to NHS. Public Health Scotland would take the lead in both tracing close contacts and asking them to self isolate and providing any communication for the wider school community as required. We would share information with families as soon as possible however this will be as advised by Public Health Scotland.

Yours sincerely,

Mr. Scott Jasnosz-Clark
Head Teacher
