

SNOW DAY

CHOICE BOARD CHALLENGE

SCIENCE

Create your own snow! Mix 8 cups of flour with 1 cup of baby oil. Write what you observe.

WRITING

Write the steps to make a snowman. Use your steps to make your own snowman outside.

READING

Go on storyonline.com and choose 3 books to read. Write their titles, the authors name, and the main idea.

READING

Read a book from home. Recreate something from the story using only items around your house.

MATH

Write 5 word problems using the skills learned in our current math unit. Give your word problems to a parent to solve.

SCIENCE

Make your own snowstorm in a jar by mixing $\frac{3}{4}$ jar with baby oil, $\frac{1}{4}$ cup white paint and water mixture. What do you observe?

WRITING

Pick your favorite thing you did on your snow day. Write 5-7 sentences about what you did.

S.T.E.M

Use scrap paper and cut at least 2 different shapes to make a snowflake. What shapes did you use?

MATH

Build a snowman with 3 balls. Measure the height of each ball and write a word problem. How tall is your snowman?
