

Pupil Policy September 2023

After telling a teacher that you are being bullied:

Important Steps

1. Adult should talk to the person being bullied and the other child separately to find out exactly what has been happening.
2. Extra observations in the playground by staff.
3. Identify a safe place for the person being bullied – an area in the playground where the other person is not allowed to go for an agreed time. (This might be for a couple of days on a first case of bullying but could be longer if it had happened lots of times. It would also be the same in the classroom – where both children would be seated at different tables.)
4. Parents/carers of both children should be contacted. This would normally be done by a phone call.
5. The other person misses out on something – loss of break or other fun things. This should only be for a few minutes.
6. The other child should say sorry – but only if they mean it.
7. Teacher to check-in with you about how you are feeling. This should last as long as is necessary.

Advice if being bullied

- Avoid contact with the other person.
- Avoid calling anyone 'a bully' – labels don't help!
