

# Braehead Primary **Rainbow** Races and Fit Fortnight Home Learning Grid – P7L

<p><b>Spelling</b> ALPHABETICAL ORDER</p> <p>Words with each of the following letters: “de”, “af” and “be”.</p> <p>3 words with each of the following letters: “tal”, “til” and “tim”.</p> <p>Write each week for your words – putting in alphabetical order will be tricky.</p> 	<p><b>Literacy – Writing</b> HOW TO BE A GREAT P7</p> <p>I would like you to write a “How to Guide” explaining what is needed to be the best P7 possible at Braehead. Think about all the extra responsibilities you have had this year and what skills and attributes you have learned/used throughout the year. I will share these with the P6 pupils to prepare them for becoming P7 after summer.</p> 	<p><b>Literacy – Reading</b> READING SUBTITLES</p> <p>Whilst watching TV or a film try watch the subtitles turned on so you can hear the characters speech. Does this impact your understanding of the story, is it easier or harder to follow with the subtitles on this a couple of times throughout the year. It will get easier the more you try and will increase your reading speed!</p>
<p><b>Maths</b> MATHS &amp; ITS IMPACT</p> <p>Write a story about a dream job. Create a mind map about your dream job in the middle. Around it think about all the maths concepts we have covered this year. How can these concepts be used in your dream job?</p> <p>(Topics: Area, Angles, Four Operations, Fractions, Decimals, Percentages, Negative Numbers, Data Handling, Coordinates and Shape)</p> 	<p><b>Numeracy and Maths</b> MATHS &amp; ITS IMPACT</p> <p>Consider a piece of technology you regularly use – this could be your TV, xBox or phone.</p> <p>Research how maths has impacted on the invention of the device you have chosen. Create a poster/presentation detailing what maths is involved in the production of your chosen device and try to find out key mathematicians who contributed to the invention of your device. The link below should help!</p> <p><a href="https://tinyurl.com/yasrufku">https://tinyurl.com/yasrufku</a></p> 	<p><b>Numeracy and Maths</b> FRACTIONS, DECIMALS &amp; PERCENTAGES</p> <p>Use a receipt to calculate the following:</p> <ul style="list-style-type: none"> <li>* Total cost of all the items purchased</li> <li>* <i>total on the receipt to check if you are correct</i></li> <li>* Choose 10 items – of those 10 items how many are fruit and vegetables?</li> <li>* What is 60% of the total money spent?</li> <li>* Which item cost the most and what percentage of the total cost was it?</li> <li>* If there is an item purchased multiple times, what is the total cost of one of that special item?</li> </ul>
<p><b>Health and Wellbeing</b> FIT FORTNIGHT</p> <p>Participate in our Health and Wellbeing challenges for our Fit Fortnight. Our challenges can be accessed by clicking on the link below:</p> <p><a href="https://www.braeheadprimary.co.uk/Health-Challenge-Grid">https://www.braeheadprimary.co.uk/Health-Challenge-Grid</a></p> <p><b>Stay Hydrated</b></p>  <p><b>* Move It</b></p>  	<p><b>Creativity</b> FIT FORTNIGHT</p> <ul style="list-style-type: none"> <li>* Create a house song or chant and perform it for your teacher.</li> <li>* Design a house poster or winning certificate for our rainbow races.</li> <li>* Create a team mascot.</li> <li>* Build your own obstacle course for your family.</li> <li>* Make your own medal.</li> <li>* Research the Olympics.</li> </ul> <p>You could be creative by using recycling, pens, paint, or natural materials you find on your walks!</p> <p><b>Each task you submit will earn you 1 house point.</b></p> 	<p><b>Outdoor / Active</b> RAINBOW RACES</p> <p>Take part in our rainbow races. Don't forget to upload your participation photos with your class teacher to our class page and Google Classroom apps. The house with the most participation wins the house points!</p> <p>Click on the link below to access the challenge grid:</p> <p><a href="https://tinyurl.com/Braehead-Races">https://tinyurl.com/Braehead-Races</a></p> 

Remember that you can use Sumdog  and TTRS  at anytime too.
