# Nursery Home Learning Grid 22-6-20

Here are some suggested activities for you to try at home. These will be updated on the school website every week.

<https://blogs.glowscotland.org.uk/st/braeheadprimaryschool/>

<p><u>Monday</u></p> <p><u>Outdoor Learning</u></p> 	<p><u>Tuesday</u></p> <p><u>Early Numeracy</u></p> 	<p><u>Wednesday</u></p> <p><u>STEAM</u></p> 	<p><u>Thursday</u></p> <p><u>Health and Wellbeing</u></p> 	<p><u>Friday</u></p> <p><u>Early Literacy</u></p> 
<p><u>Fire Fighters</u> For this activity you will need chalk, a paint brush and a tub of water. Using the chalk draw a pretend fire on the ground or a flat surface, or a fence. Dip your paint brush into the water and paint it over the flames to make them disappear and put out the fire (You could try using your garden hose to make the fire disappear!)</p>	<p><u>Shape detectives</u> For this activity you will need a piece of thick cardboard, some coloured pens and scissors. Draw some magnifying glass shapes on the cardboard and cut them out (cut out the middle of the magnifying glass so that you can see through it). Then draw a different shape on the handle of each magnifying glass (e.g. circle, triangle, square, rectangle). Go exploring around your house or garden and see if you can find different objects that match the shapes on the handles of your magnifying glasses.</p>	<p><u>Lemon Juice Bubble Foam</u> You will need a tall glass or plastic tube, lemon juice, bicarbonate of soda, dishwashing soap, spoon and food colouring. Place a spoonful of bicarbonate of soda into the glass. Add a small amount of dishwashing soap and mix. Add colour of choice. Then add lemon juice and watch the magic foam happen!</p>	<p><u>Nature's Treasure Box</u> Good morning ☀️ Whilst out for a walk enjoying the sunshine, have a little look at what surrounds you and try and fill a Nature 'Treasure box' 🌿 There are many lovely things to find...enjoy **🥰 Gayle x</p> 	<p><u>All About Me</u> For today's activity I would like you to design and make your own book – a book all about you. ~ Your book can have drawings, photographs and writing (your writing and mummy or daddy's). ~ It can be big or small, with lots of pages or just a few. ~ Your book should tell a story all about you – think about - ~ your name and age ~ who else lives in your house or is in your family ~ if you have any pets ~ who your friends are ~ what you like to do/play with at home or in nursery ~ what you like to eat best of all ~ what you looked like / liked to do when you were a baby ~ what you would like to be when you grow up ~ draw round your hands and feet then measure them to find out how big they are. ~ measure your height and cut a piece of string to the same size and add it to your book.</p>
<p><u>Paint Smash.</u> For this activity you will need paper, paint and cotton wool pads. Place drops of paint on the paper and gently cover them with cotton pads. Use something like a stick or plastic toy hammer to smash the cotton pads. Make sure to do it with a lot of force to get the paint to explode over the paper.</p>	<p><u>Outdoor clock</u> All you will need for this activity is some chalk, a flat bit of path and twigs or something to make click hands. Chalk out a clock and have fun exploring the numbers. Mums and dads introduce the term 'o'clock' and 'half past' if you want to add a challenge.</p>	<p><u>Dancing milk</u> You will need a plate, whole milk, cotton buds, dishwashing soap and food colouring. Place some milk onto the plate and add a few drops of your choice of colour. Put some dishwashing soap on the end of the cotton bud. Place the end of the cotton bud into the milk and watch the colours dance and mix together!</p>
