

HWB Community Group Healthy Snack data (2)

**Healthy Snack Challenge Week 22-26 March 2021**

Please do a quick snapshot survey of your class snacks just before morning break in any day this week. We would be grateful if you could record your results on the tally chart below.

Thank you for your help.

P1/2 HWB Community Group

Class P5/6 Date completed 24.3.21

crisps sweets biscuits meat yogurt fruit + vegetables other

**P5/6**

**P1/2 HWB Community Group completed a snapshot survey of each class during our Healthy Snack Challenge Week (22-26 March 2021)**

Number of snacks

fruit + vegetables biscuits + cereal bars crisps sweets bread meat

**Lots of healthy choices in P1/2!**

**P1/2**

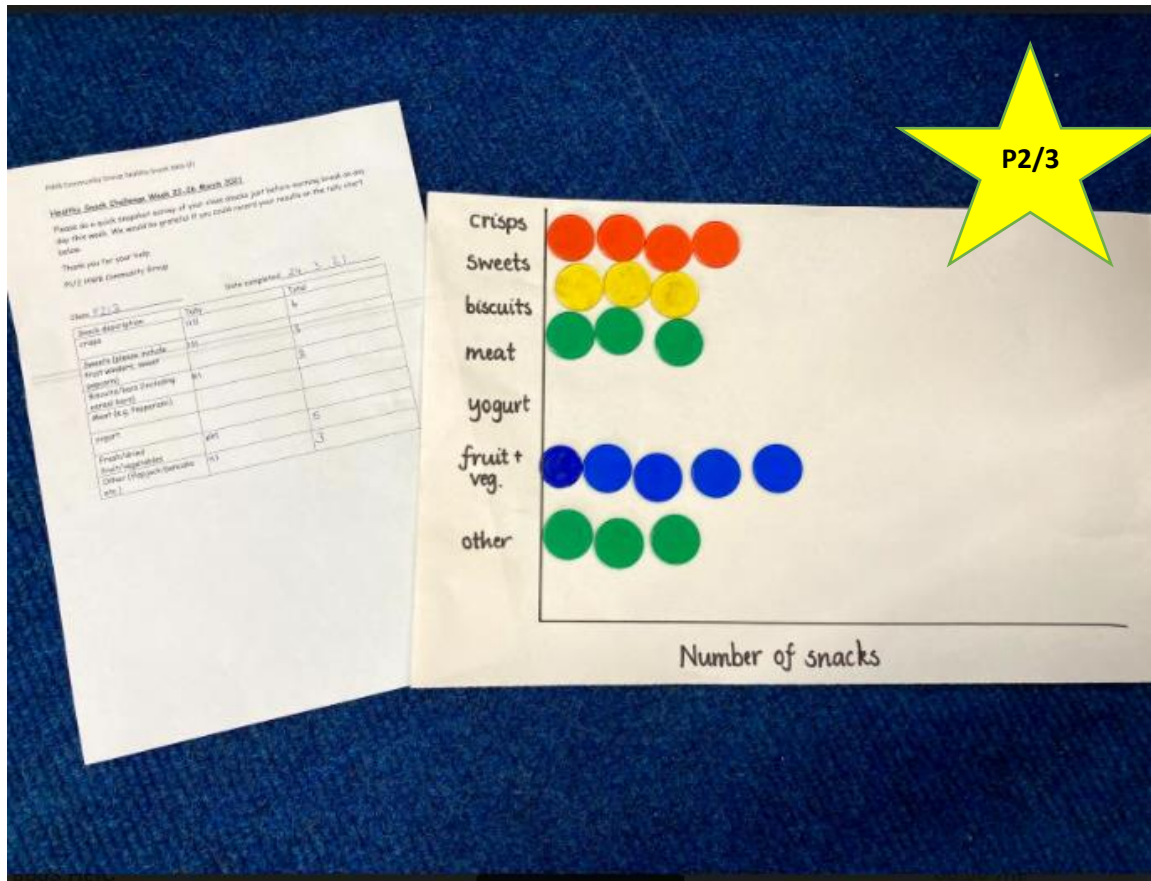

We asked each class to count the different snacks and record their results on a table.

Most children in P6/7 made healthy choices for their snacks!

P6/7

P2/3

We worked in small groups to look at the results from each class and explored different ways to organise and display the data.

P4/5

We would like to see some more fruit/vegetable choices in P4/5!

We learned to create a range of visual displays-pictographs and bar charts. We used our counting skills to transfer the data from the table to the visual displays.

P3/4
