

Newton Primary School, Closure Contingency Learning Plan, Primary 3

Over the following period of time these activities offer your child the opportunity to enhance and practise the skills they have been developing in class as well undertake a variety of differing tasks of their choosing. They also give you an idea of the type of things you can perhaps task your child with should they complete all the tasks on this sheet. There are also relevant and appropriate websites and apps which may be of help.

<p>Research a famous individual from the Victorian era. Write a fact file about them. You could include full name, when and where they were born and any other interesting facts about them.</p>	<p>Create a picture or collage using recycled materials using Spring as your inspiration.</p>	<p>Make a 3D model of a new invention. Can you name the 2D and 3D shapes you used? Write a set of instructions to explain how you made it.</p>
<p>Read a book of your choice and create a character profile for your favourite character.</p>	<p>Can you design a new front cover for a book of your choice? Remember to include the title and author's name.</p>	<p>Write a book review for a story you have read recently. Explain what the story was about, give it a star rating, describe the characters and say who you would recommend it to.</p>
<p>Make a list of adjectives about Spring. Use your adjectives to write a poem about Spring. You could make a haiku, cinquain or an acrostic poem, if you like.</p>	<p>Choose 10 different times of the day e.g. 1 o'clock, 3 o'clock, 6 o'clock. Can you name the angles the hands make? They may be right, acute, obtuse or straight angles.</p>	<p>Take a survey about your family's or friends' favourite colours and create a bar graph. Remember to include a title and label your axis correctly.</p>

<p>Make a times table board game for the tables you are working on. It would be snakes and ladders, snap or a matching memory game.</p>	<p>Follow a recipe to practise your measuring skills. Can you accurately measure amounts using scales? You could copy the recipe and take pictures of the process and finished product.</p>	<p>Take your family on a mindful walk. Draw a picture of where you went and what you saw.</p>
<p>Watch a movie or programme of your choice and write a review for others to read or create a quiz.</p>	<p>Teach your family some French vocabulary e.g. numbers or colours.</p>	<p>Record all the things you have done to help around the house. You could draw pictures, write sentences or make a cartoon strip.</p>
<p>Participate in a fitness video or circuit of your choice. You could look at Joe Wick's Schools videos for inspiration. Can you create your own workout?</p>	<p>Take part in a yoga session to help you relax. You could use Cosmic Yoga for kids or any other session of your choice.</p>	<p>Create some addition and subtraction chimney sums. The sums could be 2, 3 or 4 digit numbers.</p>
