Numeracy Task 2

P1 pupils let's try some of the Finger Patterns activities. How many different ways can you make 5 using your fingers? Ask an adult to take a photo of your bunny ears showing your answers.

P3 and P7 pupils, with an adult, pass a ball back and forth, each taking a turn to say the next number when counting up by 3 and 4. In your jotter, write down a number track that shows counting by 3 and counting by 4. Practice counting up and counting down your number track.
