

Roll and Read

Roll a dice, find the corresponding value on the table and read the word beside it. For example if I rolled a 1, I would read the word **'make'**. If you get it right you can score out the word. If you make a mistake, roll the dice again and try to read the word again the next time you get that value.

	make	play	like	has	see
	no	like	see	look	made
	made	had	make	no	one
	play	see	has	like	had
	has	no	one	made	look
	look	make	play	had	one
