

# Addition and Subtraction

## Mild Challenge

Remember to use lots of different strategies to work out your answers. It is a good idea to have some small objects to hand (for example coins, buttons, blocks, stones, pieces of lego etc). You could even use a number line and do bunny hops.

$2 + 1 =$

$5 - 2 =$

$4 - 2 =$

$6 + 2 =$

$3 + 3 =$

$5 - 3 =$

$6 - 2 =$

$6 + 1 =$

$7 - 0 =$

$7 + 0 =$

$4 + 1 =$

$4 - 3 =$

$0 + 3 =$

$6 + 3 =$
